

Answers to Flora Quiz

1. False. Spotted touch-me-not can be used to smooth skin that has been irritated by stinging nettle (Urtica dioica).
2. True
3. True
4. True
5. False. Blueflag (Iris versicolor) is the floral emblem of La Belle Province.
6. False, Marram grass (Ammophila breviligulata) covers the dunes, especially those nearest the water and it shares its habitat with other species which invade the older dunes. Eel-grass grows in salt water, an unusual place for a vascular plant.
7. True
8. False. Ragweed (Ambrosia spp.) is the culprit rather than ragwort.
9. True
10. True

ISLAND NATURE TRUST

The first public meeting of the Island Nature Trust will be held on Tuesday, April 10, 1979 at the Farm Centre on University Avenue at 8:00 p.m. The trust is a recently established and soon-to-be incorporated group of individuals and organizations concerned about the rapid disappearance of valuable habitats and wildlife resources and saddened by the current decline in environmental protection and conservation activities on Prince Edward Island. An interim board has developed a set of by-laws and the Island Nature Trust will be governed by a board of
