Cause of Summer Complaints.

The direct cause of pain and looseness of the bowels is an irritation of the mucous membrane of the same, sufficient to produce excessive peristaltic or worm-like motion in the interior of the bowels, by which means the matter in the bowels is naturally carried through them. This excessive irritation causes more than a natural peristaltic action, and the partially digested food matter is kept constantly passing along and evacuated freely. This is called a diarrhœa; where the irritation is enough to cause bleeding, we have dysentery. Indirect causes of diarrhœa, by which an irritation is started, are intestinal dyspepsia, overeating, unripe or overipe fruit, tainted meats or oysters, etc.; torpor of liver, by which not enough bile is secreted; excessive flow of bile, etc. Treatment:—Thoroughly evacuate the bowels with (say) Parsons' Pills, they are among the best to get rid of all irritating matter. Then take Johnson's Anodyne Liniment in teaspoonful doses diluted with water every four hours, and oftener if the case is severe. In cases of Asiatic cholera, one teaspoonful should be given every half hour. Thousands of people remember the year 1849, when that worst known epidemic disease spread over this country. Johnson's Anodyne Liniment at that time was but little known outside of the State of Maine. In Bangor, Me., the home of old Dr. Johnson, the cholera got a firm hold—people dying in that small city at the rate of "thirty-six in one day."

Many old citizens of that place look back upon that wholesale death scene even to this late day, and shudder at the pangs it cost. Johnson's Anodyne Liniment is now in its full vigor, and they feel that with it at hand cholera cannot again devastate their fair city as in 1849. But for its use at that time by its friends, many would not now live to spread the joyful news that any case of diarrhœa, dysentery, cholera morbus, cholera, or kindred diseases, *if taken in season*, can be cured by Johnson's Anodyne Liniment. It never yet failed. No matter how well you know this medicine, it will pay you to send to I. S. Johnson & Co., Boston, Mass., for a pamphlet free just to learn how to use the liniment economically. A teaspoonful properly used will often do more good than a half bottle as some people use it.

All Right, 5817.

THIS SPLENDID HORSE is too well known to the breeders of Prince Edward Island to need any puffing. They all know what he is, and what a grand family of trotters and roadsters he has built up in the Maritime Provinces, where his stock have taken high rank, and are every year coming to the front. He is one of the very few horses in the provinces that contributed a representative to the 2.30 list in 1889, his son Charlie Mitchell having made a record, in a contested race, of 2.28¼.

ALL RIGHT, 5817, is the sire of

George Lee	2.23¼
Charlie Mitchell	2.28¼
Black Pilot	2.30½
Black Bird	2.36¼
Defiance	2.39¼
Little Fred (trial 2.28)	2.39¼
Maud R	2.40
Lucy Derrick (4 yr. old)	2.44½
Nellie T. (trial)	2.35
George All Right	2.41
Nellie	2.45

and many other speedy and well-known trotters.

ALL RIGHT will stand at the Stables of Patrick Connolly, in Charlottetown, every week from Tuesday morning to Saturday morning at R. Y. McCoubrey's, New Glasgow Bridge, every Monday afternoon; and in Summerside every Saturday from noon till Monday at noon.

If you want to raise trotters—and of course you do—breed to ALL RIGHT, and you will get fast trotters and first-class roadsters.
