ISLAND BEAUTIES NO BACK-SEAT DRIVERS

## WHO WILL BE THE WINNER

### Eight Island beauties grace Gold Cup action

The stuff of which dreams are made, the answer to any bachelor's prayer, the envy of all other girls. All wrapped up in the lovely faces and delightful figures of the eight beautiful Gold Cup and Saucer Girls of 1966. This is your invitation to meet the girls who will be the cynosure of all eyes in the tremendous Gold Cup and Saucer Parade Friday morning—your chance to learn the facts and figures of the Island's pride and joy.

Permit us to introduce individually the stunningly lovely group which will be invited to many places and wanted everywhere. Starting from the left we would like to present:

The charming CAROL FOSTER, 21, whose 32-22-32 statistics are packed in a five-foot one and one-half inch 109-pound armful of delight and then artistically covered in her red and gold racing silks. This lovely brown-eyed blonde is back for her second year with the GC and S girls. The daughter of Mr. and Mrs. G.E. Foster, 38 Churchhill Avenue, she is a children's art instructor at Confederation Centre and a fourth year student at the Nova Scotia College of Art. Carol has many forms of art, but is particularly keen on studio pottery. Her hobbies include sewing, weaving and look out, fancy fencing.

And next we have the eye-catching LORNA VESSEY, a 22-year old beauty from York who's sparkling green eyes look at you from under soft dark brown hair. This charmer is 5'5" and her 127 pounds are pleasantly placed for her 35-24-35 statistics. The daughter of Mr. and Mrs. Raymond Vessey will display her charms in green and gold racing silks. Another of our second year GC and S Girls, Lorna is a stenographer at the Island Telephone Company office here. She says listening to good music is her chief hobby, but she is also well known for her ability on the curling lane. Our girls are not especially warlike, yet it is only fair to warn the boys that Lorna is recognized across Canada as one of the country's better rifle shots.

Here comes another name familiar to all GC and S devotees; she is PATSY LAPPIN, 21, who is also in her second year with the group and loving every minute of it. This blue-eyed delight is a daughter of Mr. and Mrs. Frank Lappin, 201 Water Street, has her dark brown hair, and the rest of her five-foot seven-inch 120-pound lusciousness, include her flashing red and white driving uniform. This change from the starched white nursing uniform she ordinarily wears outside her 34-24-34 measurements, Patsy is just winding up her nursing education at the Charlottetown Hospital School of Nursing, and expects to leave next month to practice her profession in London, Ont. She is interested in golfing and loves to swim but her main interests are music and playing bridge.

And next we introduce a brand new beauty for your admiration. Joining the famous girls for the first time is the lovely PAULETTE BURKE, 21, of Georgetown who proves Kings County produces some delightful things. Tall at 5'7 1/2", she has a 34-25-35 figure and 128 pounds nesting in the maroon and white racing silks which she is more than happy to be wearing for the first time. Paulette's dark brown eyes and long brunette hair make an appealing picture for the caller at Gulf Garden Foods where she is the receptionist. She is keen about practically all sports and delights in swimming, skating, skiing and golfing according to the season. At any time she enjoys listening to music.

Now comes the reigning beauty, Miss Gold Cup and Saucer of 1965, the charmingly attractive five foot eight and three-quarter inch TRUDI CALLBECK, whose horse, Andy's Son, carried his driver and Trudy to glory by winning the big race last year. Now 19 years old, the lovely 125-pound daughter of Mr. and Mrs. Arnold Callbeck lives at 80 Upper Prince Street, Raven hair and with dark brown eyes, she has her 35-24-36 measurements attractively packaged in red and blue silks. Now working as a painter in the art gallery, she plans on going to the Nova Scotia College of Art this fall. She loves swimming and golfing and the less strenuous fun of drawing. There are three new girls with the troupe this season and the second we are proud to introduce is the appealingly lovely VEDA WALLER, whose brown eyes and brown hair top her five foot six inch height and 124 pounds. Along with those interesting statistics are the others which show at 35-24-36. This delightful 13-year old addition is the daughter of Mr. and Mrs. George Waller with whom she lives at 1 Esler Street. Happy to be a Gold Cup and Saucer Girl, Veda is another sports enthusiast and takes great joy in skating, riding, swimming and water skiing. Better not get made at the telephone company as she is

the second of our girls to work there where she is a switchboard operator. She will be sporting purple and white silks. The third newcomer this year is no stranger to shows. CHERYL PAQUETTE, 21, is a former Miss P.E.I. and was a contestant in the 1963 Miss Canada pageant. A green-eyed beauty, this five foot five inch beauty is from Summerside where her parents, Mr. and Mrs. Earl Paquette, live at 619 Water Street East. Her interesting vital statistics of 36-26-37 will be covered by blue and white racing silks. The second girl in the troupe to be a nurse, Cheryl is currently taking psychiatric affiliation at Riverside Hospital and will soon be starting her third year of nursing training at Prince County Hospital. In the future she hopes to be a nurse, a good nurse, wife and mother. She is fond of skating, skiing, swimming and knitting. There comes a time when everyone reaches the end of the line, but when what is waiting at the end is as lovely as the delightful ROSEMARY BROWN there are no regrets. This 18-year old daughter of Mr. and Mrs. William Brown, 35 Longworth Avenue, is an armful of happiness and fun. Rosemary is just 5'2" and 115 pounds to make her 34-24-34 measurements call attention to her baby doll face and its green eyes topped by shoulder length flaxen hair. Fond of swimming, horseback riding and golf, she is thoroughly enjoying a long summer vacation before entering Prince of Wales College this fall. Rosemary is aiming at becoming an efficient secretary.

Three of the girls we have just introduced for the first time have replaced three other lovelies of last year. You will all remember Paula Campbell now married and living in Newfoundland; Helen MacCallum, who is working in Toronto; and Jane Hogan, who is out in Banff, Alberta, for the summer.

## Former winner now den mother

Mrs. John Kane's association with the Gold Cup parade and activities goes back to 1961 when Mrs. Kane, who was then Marilyn MacDonald was one of the original Gold Cup Girls. She was back again as a "girl" in 1962 and that year became "Miss Gold Cup" when the horse she was representing romped home the winner in the "Gold Cup Classic." And that was an exciting August for Marilyn because a week later she was married.

Marilyn is now the mother of two beautiful little daughters, Mary Lynn and Lori, but since 1963 she has managed to keep her hand in the Gold Cup activities. "You can always find the time to do something you enjoy," she says.

Her activities as "den mother" to the eight lovelies runs the gamut of everything from chaperoning the girls at various functions to helping them make last minute repairs to hair, make-up and costumes. She tells the girls how to pose for photos and makes sure that the right costume fits the right girl in the right places.

"A lot of my time as the pace begins to quicken," Marilyn said "is spent on the telephone, arranging appointments and so on. This lets me keep up with the house and my girls, but if I do have to go out there are usually willing sitters around, or if the worst comes to the worst I can pack Mary Lynn and Lori up and take them with me."

**WORK STARTS EARLY**

Marilyn's work begins early in the season when various suggestions are made for Gold Cup and Saucer candidates. She interviews some of these girls and finds out if they'd be interested in participating. In contacting these prospects, who are suggested mainly on appearance, she is always on the lookout for a sparkling personality and an ability to meet people with ease and grace.

She arranges for the fittings for the girls' racing silks and sees to the letting out and taking in where required.

## Scientists staging mock atomic test

HINTON, Alta. (CP)—Scientists from Canada, the United States and Great Britain hope to stage a mock nuclear explosion today at 10 a.m. MST (1 p.m. EDT) near this community 160 miles west of Edmonton.

Fifty tons of TNT are to be detonated in a heavily forested area to simulate the blast from a small nuclear weapon. Test officials will then study the devastation to determine the degree of damage to a forest and ascertain the effect on future troop movements in the area.

Today's experiment, nicknamed Operation Woodpecker, is a joint effort of U.S. and British defence teams. Personnel from the Suffield Experimental Station near Medicine Hat, Alta., will supervise Canada's role in the exercise, providing logistical and experimental data.

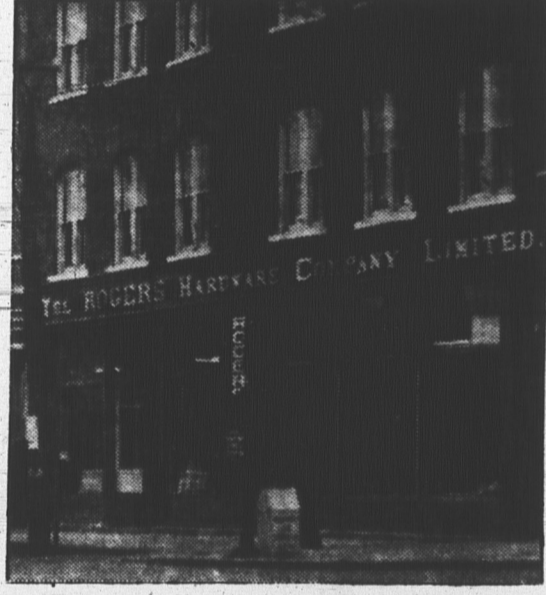

TNT blocks to be used in the explosion have been put into place and a 30-acre plot of surrounding forest spotted with high-precision cameras rolling to capture the sequence of events.

Plastic and metal dummies have been placed throughout the test area and will be studied afterward to determine the hazard to fighting men subjected to such an explosion. Similar studies will be conducted of light military equipment and supplies positioned in the forest setting.

During the exercise an RCAP Neptune maritime patrol plane will fly over the site with six high-precision cameras rolling to capture the sequence of events.

## Gold Cup beauties lead active lives

What happens to "old" Gold Cup Girls—do they like old soldiers just fade away—well not quite. No "old gold cup" girls. Cup girls and we're betting that urn into pretty young women, they get married, raise children and join ladies clubs, or if they're career minded they often choose to leave the fair island in search of more exciting adventures.

Many of the girls were in colleges in high school or in nurses' training when they donned the silks for the "Gold Cup" festivities and when the festivities were over they gathered up their books or donned their uniform

ing graduate work and where she is teaching school; Elizabeth MacKenzie, who graduated in nursing from the Charlottetown Hospital and who this spring married J. Patrick Gaudet and is living in the city; Carol MacKenzie, who last year became Mrs. Gordon Tweedy is also living in Charlottetown; Judy Brennan, who is married and lives with her husband and young family in Ontario and finally Gloria Daulton.

**NEW GIRLS**

In 1963 four new girls were added, replacing Elizabeth MacKenzie, Judy Brennan, Carol MacKenzie and Gloria Daulton. The new additions were Jeanette Boudreau, Margie Beattie who was married last fall and is now living in Charlottetown as Mrs. Boyd Campbell; Betty Mallet, a Summerside lass, whose present whereabouts are unknown to me; and Connie Davies, now Mrs. Barry Beards of Charlottetown.

In the next year Marilyn left to be married and Norma came back. Carol MacKenzie left the ranks as did Connie Davies and Betty Mallet. But never fear, equally lovely lasses in the person of Judy Smethurst, Eileen Handerson, and Estelle Coady were there to take up the vacant spots. Eileen was married to Bernard Gallant in June of 1963 and is living in Charlottetown and Estelle Coady married Gilbert Egan in 1964 and is also living in Charlottetown.

In 1964 the new girls included Roberta Lappin, who is now Mrs. David MacPherson; Elaine Tanton, who is being married this summer; Pam Stewart, who graduated from Acadia Uni-
