As usual they took with them all the old fire-arms they could collect. Some time in the afternoon one of the party drew a bead on the boy who was shot, and told him he was going to fire. The revolver did go off.

THE ST. OLAF.—The steamer St. Olaf, which has taken the place of the Beaver on the Magdalen Islands route, is a smart-looking boat, well equipped and commanded by the popular Capt. Maister. In his new steamer and outfit the captain looks every inch a sailor. The trade between Souris and the Magdalen Islands is steadily increasing. An excursion to these Islands in the new steamer St. Olaf would come in very acceptably some time during the present month.

Whipple, E. G. Wattle, Miss Gear, Miss Webber, E. M. Gear, C. B. Ladd, D. Heyward, C. Spencer, C. Berry, L. C. Rogers, L. E. Sparrow, A. M. Colby, A. H. Colby, Maggie Burke, Annie Matheson, Mrs. Winchester, Annie McLeod, Belle Elliot, E. McDonald, Willie Marr—24.

The Parishioners of St. Columba, East Point, heard with regret from their Pastor last Sunday, that it is his intention to remove from the Parish to the officiating priest. The happy couple have the good wishes, nevertheless.

SPECIAL DESPATCHES TO THE EXAMINER.

The Question of Precedence.

OTTAWA, Sept. 8. The judgement given by the Court of Chancery at Toronto, which decides that the commutation of sentence imposed by local Act is vested in the Lieutenant-Governors, involves a decision which has been much argued in reference to the prerogative of the Lieutenant-Governors and the precedence dependent upon it. The decision that he holds the power of pardon is virtually a decision that he is the direct representative of the Sovereign and as such holds precedence over even Princes of the Kingdom. This question has been a bone of contention in Quebec, where Cardinal Taschereau, as a foreign prince, claims precedence over the Lieutenant-Governor, while Governor Angers has always disputed the claim, holding that which is now upheld, that he, as representative of Her Majesty, is superior in rank to foreign princes.

Penny Postage.

OTTAWA, Sept. 8. Mr. Heaton, a member of the British House of Commons, arrived here to-day to ask for the co-operation of the Dominion Government in the establishing of a penny postage system between England and America, and ultimately between all English-speaking countries. Mr. Heaton recently interviewed Mr. Wannamaker, the Postmaster-General of the United States, with the result that he hopes shortly to see a three-cent postage rate established between England and the United States. The object of his visit to Ottawa is to discover what attitude the Canadian ministers will take towards the project and to lay before them the advisability of negotiating with the Washington Government a uniform transatlantic rate. Mr. Heaton proposes that the two cents paid in postage on this side is to be regarded as equivalent to the English penny, but as a beginning expects that a three cent system will be adopted.

The Government and Reciprocity.

TORONTO, Sept. 1. The Empire of to-day says: "The essential difference of the Sherman proposals to the others respecting the trade of Canada which have been brought before Congress is that it does not bind us beforehand to an unrestricted reciprocity, which it is out of the question for us to adopt, but asks for a negotiation, leaving it an open question as to what measure of reciprocal trade would be mutually advantageous. If such a resolution passes we may be sure the Dominion Government will meet Congress half way; for while it has resisted as all patriotic Canadians have, the scheme which Mr. Wiman advocates, it has always manifested a disposition to facilitate reciprocal trade in so far as it may safely and honorably be done."

Sir John and the Chinese.

OTTAWA, Sept. 8. The British Columbia labor delegates interviewed the Premier to-day, asking for the exclusion of the Chinese, or at least, the prohibition of Chinese labor in mines. The Premier expressed doubt that Parliament had the power under existing treaties to exclude them and said that if the United States persists in the policy of exclusion, it would be Canada's opportunity to monopolize the Chinese trade, which is illimitable. He could see no reason why the Chinese should be excluded from mining, if permitted to engage in other pursuits.

Another Big Strike.

LONDON, Sept. 8. The dock laborers, coal porters, sailors and firemen at Southampton have struck against the employment of non-union men. The strikers have placed pickets at the railway stations, who menace the non-unionists going from this city to take their places.

State Elections.

AUGUSTA, Sept. 8. In the Maine State elections, held to-day, Burleigh is re-elected Governor by over 15,000 majority. For Congress, Reid is re-elected by over 4,500 majority; Dingley, Boutelle and Milliken by 3,000 to 5,000 majority.

MARRIED.

SUBSTITUTED.—The Superintendent of Education has made optional the use of Payson Duntun & Scribner's copy books in the most similar numbers. For Gage's series of numbers 7, 8, 9 and 11 the student can use respectively numbers 11, 7, 13 and 14—15 of Payson's. As the latter can be had for five cents at the Diamond Bookstore, the change will be appreciated.

FREDERICK DEAF AND DUMB INSTITUTION.—Mr. George E. Powers is in town and will call on our citizens on behalf of the above Institution. A large building is in course of erection and will be ready for occupation early in November. Accommodation will be provided for about seventy pupils. Additional funds will be required this year to complete the building. Children from the Island whose parents are in poor circumstances will be admitted free.

A well considered and thoroughly administered course of business training is, in my opinion, as essential to the success of the young adventurer on the sea of business life as is the knowledge of the principles and practice of navigation to the mariner who would safely guide his craft across the trackless ocean. There is no sphere in life in which a thorough business education will fail to be of advantage to the possessor.—Wilson G. Hunt.

"A LIE FROM BEGINNING TO END."—Mr. Joseph Pope, Sir John Macdonald's private secretary, has wired here regarding a despatch alleged to emanate from Wheeline, W. Va., that Sir John Macdonald, Sir Charles Tupper, Sir Hector Langevin, Sir Alexander Murlean and other Canadian, English and Scotch capitalists have purchased four hundred thousand acres of land in Mercer, Boone and Wyoming counties, W. Va., as follows: "It is a lie from beginning to end."

OLD RESIDENTS.—Peter McCormack, of Boughton Island, is 89 years of age. On Friday last he put up forty stooks of oats without feeling the least inconvenience or fatigue. He enjoys the best of health and takes a hand at all kinds of farm work as occasion requires. His sister, Mrs. Archie McCormack, of Grand River, Lot 56, is perhaps the oldest woman in King's County, being 103 years of age. She is still in possession of all her faculties, is in good health, and, though thankful for having been spared so long, hopes to live some years yet.

LIGHTING HALIFAX.—Tenders for the lighting of Halifax were opened by the City Council Friday evening. The Halifax Gas Light Co. tendered for partial lighting by 500 gas lamps, but they are out of the race for the contract. The Eastern Electric Company of St. John was the lowest. The figures of the tender are: Halifax Illuminating Co., 1,200 c. p., \$72 per lamp; 2,000 c. p., \$70 per lamp; Thompson-Houston Co. \$70-\$86; Yarmouth Mercantile and Manufacturing Co., \$68-\$73; St. John Eastern Electric Co., \$62 66. It was moved that St. John get the contract, being the lowest; but after a long discussion, the matter was deferred, and will come up for decision at a future meeting.

THE HORSE CASE.—The action—the result of which was reported yesterday—arose out of a sale of a horse to Mr. Newbery, which horse turned out to be unsound and subject to a bodily infirmity which considerably lessened his value. McKenzie, who is a horse dealer in the Royalty, wished to sell the horse and for this purpose employed a neighbor named Steele to sell him to Newbery. This neighbor went to Newbery, representing himself to be a man named Coffin, of Savage Harbor, and sold the horse for \$105. It was alleged by Newbery that Steele alias Coffin warranted the horse and certain words were used which, it was argued, amounted to a warranty, but this point the judge did not decide. McKenzie denied that he authorized Steele to warrant, but on the contrary expressly notified him not to warrant the horse. After Newbery got the horse and paid for him he discovered that he was unsound and that he had been victimized. Negotiations were entered into between Newbery and McKenzie (whom he discovered was Steele's principal) for a return of the money and the horse, but without any result, and subsequently Newbery sold the horse for \$100 and then brought this action for damages. The Judge found that there had been a fraudulent misrepresentation on the part of Steele, and that McKenzie was liable for the acts of his agent, especially as he was aware of the unsoundness and defects existing in the horse at the time he arranged with Steele to pass the horse off on Newbery. Hon. Neil McLeod acted for the plaintiff, and Mr. Davies, Q. C., for the defendant.
