The year Edgar Kaplan won the Masters Individual (1957) in a field of 136 players, he had the good fortune to encounter this deal with Antoine Geoffrion, of Montreal, as his partner.
The bidding was hotly contested, South becoming declarer at five spades. Geoffrion (West) led the ace of clubs and then shifted to the eight of hearts. Declarer won with the king, cashed the ace of spades, led a heart to the ace, and ruffed a heart. A spade to the king was followed by another heart ruff. Then declarer trumped the jack of clubs in dummy and this be-

Canadian Freighter Collides With Liberan Ship Monrovia

ALPENA, Mich. (AP) — The Canadian freighter Royalton and the Liberian ship Monrovia collided in foggy Lake Huron off Thunder Bay Island Thursday and two hours later the U.S. Coast Guard said the Monrovia appeared doomed.
The Monrovia, a former American Liberty ship of Second World War vintage, was reported taking water in two holds and her engine room. Her captain and 19-man crew, who abandoned the vessel when it collided with the Canadian freighter, were picked up by a third ship.
The Royalton stood by to aid in rescue work and possible salvage work.

INSPECTS SHIP

The Monrovia's captain returned to his ship an hour after the crash to determine if it could be saved. Coast Guard officials said his inspection showed it was taking water at four different locations and that there was no chance of keeping her afloat.
The Monrovia, which was carrying a cargo of steel, is out of Monrovia, Liberia. The Royalton is owned by the F. Scott Misen Steamships Limited of Port Colborne, Ont.

The Coast Guard said the Monrovia was abandoned by its captain and crew within a few minutes after the crash. They were taken off by the Norman W. Foy, a freighter owned by the Browning Steamship Lines of Detroit.
Capt. Alec Gillis of Buffalo, N.Y., skipper of the Foy said he was standing off about a boat length from the Monrovia.
The last major ship disaster on the Great Lakes occurred last Nov. 18 when the freighter Carl D. Bradley broke up and sank in Lake Michigan. Thirty-three men lost their lives. Two men survived.

The scene of the Bradley sinking was almost due west, across the tip of lower Michigan, from Thursday's collision. Unlike Thursday's accident, it involved only a single ship—a huge, unladen limestone carrier which was rolling through heavy winter seas en route to its home port of Rogers City, Mich.
Capt. Gillis said the Foy reached the scene of the collision within 20 minutes after receiving 8:30—Maritime Magazine.
