THE MAKING AND MINISTRY OF WARE. The Rev. Mr. Carey prefaced his lecture, last evening, with a short biographical sketch which was not the least interesting part of his discourse. It is interesting to know that we have men among us who can trace their ancestry back to the time of Henry the Seventh, and have combined in their veins the soldier blood of English, Irish, Scotch and Huguenots. After pointing out that the money is "power in repose," and the most convenient means of exchange, the lecturer said that we ought to be thankful for rich men and glad to see them in their country. To become rich, an opportunity is, of course, essential. Men, however able, cannot grow rich unless they have an opportunity to do so. So it is not wonderful that many able and good men do not get rich. B. I. gives the opportunity, the proper way to make money is the good old way—to practice self denial, to be honest, prompt in the payment of just debts, diligent, economical, prudent, judicious. In this connection, he quoted freely the homely proverbs of Ben Franklin, and also those of King Solomon. The latter he commended to young men as the best available store of worldly wisdom. The earnings of power are well set forth as well as the importance of a savings bank deposit, and the avoidance of debt and mortgage, and the avoidance of every form of dishonesty. As to the ministry of wealth, he commended the example of Patrick and other benefactors, though he did not forget to point out that a man's first duty is to provide for his wife and family. The lecture was illustrated by apposite anecdotes and stories. Dr. Carey is a smooth and pleasing speaker. A unanimous vote of thanks was moved by Dr. McLeod, and conveyed to lecture by Rev. Mr. Carey.

PERSONAL. Miss Emma Beer has returned from a visit to Moncton. Mr. P. Kelly, Montague, is in town. He is registered at the Queen. Mr. J. A. Matheson, of Campbellton, N. B., is a guest at the Hotel Davies. Miss Blanche Smallwood returned last night from a pleasant visit to New York and Boston.

Mr. L. T. Holland, of St. John, was at the Queen Hotel last evening, on his way East. Mr. A. Lennox is here in the interests of Z. Laperre & Son, of Montreal. He is at the Queen Hotel. Mr. J. A. Clarke is doing the Moncton real estate for the Clarke Bros. & Co., Moncton. He is at the Hotel Davies. Miss Beckwith, of Charlottetown, P. E. Island, is registered at the New Victoria Hotel.—St. John Telegraph.

Mr. David Watson, Jr., the popular representative of Kerry Watson & Co., Montreal, is here on one of his regular business trips. He is at the Hotel Davies. At Anning J. Smith's cafe on State Street, on Saturday evening, Mr. Frank Carter, of Prince Edward Island, was entertained by Judges W. W. Howland and A. M. Talmadge, Messrs. Curtis Thompson, Harbor Master McNeill and Charles McNeill. Their guest is a prominent citizen of Charlottetown, and he treated his entertainers very hospitably when they were down that way not long ago.—Bridgewater, Ct. Standard, Nov. 4.

Arch. Beaton, a native of P. E. Island, who left home about eight years ago to seek his fortune in the west, stopped at the Hotel American on Tuesday night and crossed the strait yesterday morning to pay a visit to his Island home. Mr. Beaton is fresh from the gold diggings, having worked a claim in the Caribou regions, where the discovery of gold has created so much excitement in recent years. Mr. Beaton has also been in British Guiana and different states on the Pacific coast, but he liked British Columbia the better. The P. E. Islander was too modest to say what extent his labors in the gold fields had been successful, but judging from his appearance he was in every circumstance, though perhaps not very wealthy.—Moncton Times.

JOHNSON & JOHNSON, The Reliable Druggists. Originality consists quite as much in the power of using to purpose what is found ready to hand in that of producing what is absolutely new.—LOWELL.

We don't claim to be entirely original in the use of producing what is absolutely new. We haven't any "new" for that—but we do think we make the use of what we have to hand. We certainly put drugs to their best use when we made JOHNSON'S COUGH SYRUP.

CHARLOTTETOWN'S BARGAIN CENTRE. "Heroic," "Unceasing" efforts bring the grand result of this great and growing business. Determined to yet achieve triumphs still greater, we keep but a single object in view—to crowd this store daily by serving the public well.

GOD'S APPOINTMENTS. This thing on which thy heart was set, this thing that cannot be, this weary disappointing day, that dawn, my friend, for thee.— Be comforted; God knoweth best, the God whose name is love. Whose tender care is ever to our passing lives above. He sends the disappointment? Well, then, take it from His hand. Shall God's appointments seem less good than what thyself had planned?

Twins in thy mind to goabroad. He bids thee stay at home. Oh! happy home, thrice happy if to it thy guest He come! Twas in thy mind thy friend to see. The Lord says: "Nay, not yet." Be content; the meeting time thy Lord will not forget.

Twins in thy mind to work for Him. His will is: "Child, sit still!" And surely 'tis thy blessedness to mind the Master's will. Accept thy disappointment, friend, thy gain from God's own hand. Shall God's appointment seem less good than what thyself had planned?

So day by day and step by step, sustain thy falling strength: From strength to strength, indeed, go on through all the journey's length. God bids thee tarry now and then; forbear the weak complaint; God's leisure brings the weary rest, and cordial gives the faint.

God bids the labor, and the place is thick with thorn and briar; But He will share the hardest task, until He calls the higher; So take each disappointment, friend; 'tis at thy Lord's command! Small God's appointment seem less good than what thyself had planned.—M. E. SANSTER.

NEWS NOTES. Russian philanthropists propose that fresh blood from the abattoirs be used in the preparation of bread, crackers, sausages, etc. Fresh blood contains much nitrogen and can be obtained at nominal cost.

The latest masculine habit borrowed by the new woman is a handiness with a revolver. One Edwin Hartley of Charlottetown, Va., quarrelled with his sweetheart, and on Sunday fired at her with a revolver, cutting the skin of her neck. Before he had time to fire another shot the young lady had put three bullets into him, and he is not likely to recover. There any game men play at in which women cannot come out ahead of them it is the dear things only try?

D. H. Elliott, live stock and meat salesman of Liverpool and London, England, writes W. G. Elliott, live stock journal, as follows:—The demand for heavy horses has continued during the past week, and the prices offered are very high. The 200 good full tonnage from \$25 to \$28, and buyers from \$30 to \$32. There is an unlimited demand for these classes, which must be perfectly sound, but for inferior horses of any kind there is no demand. Advice from the two chief commercial agencies in New York as to the condition of trade in the United States, indicate no decided change either way. It is better, the volume of general business has been rather smaller, though there is a better demand for many manufactured products, and the retail demand is fair. The report of works in different parts of the United States closing is by no means universal this season of the year, which is always a time of comparative uncertainty. Cotton has made another decided advance, and the mills are reported to contain only moderate stocks. There is increased activity in iron and steel, though some grades are weak in price. Minor metals are also a shade lower. Some shoe factories are closing. The commercial failures for the week in the United States are 27, compared with 24 for the corresponding period last year.

A NEW DEPARTMENT.—A clergyman in Flushing, Mich., according to an exchange, has established a nursery annex to his church, designed to supply a long felt want by affording mothers a safe storage for their infants or young children during the time of the church service. The clergyman, when he visited the absentee of his flock, found many mothers who confessed that they were unable to attend the meetings on account of the children too young to be left at home alone or too nervous to "cry" to be brought into the congregation. The reverend gentleman meditated on the matter, and the nursery annex is the result. The mother now brings her child to church, there hands it over to an attendant, duly qualified, who attends it until the time of prayer and praise is done. There are several secular nurseries in New York where the mother may leave the child, but there is no church as yet which has tried the Michigan plan.

AN UNFORTUNATE ISLANDER.—James Murphy, who has been working in Bangor, stopped off here yesterday on his way to P. E. Island. He had been drinking a young man fell in with him, and they went to a restaurant for a meal. This Murphy says, was some kind of a store having one table in the rear. Here they had a meal. On going out, he gave his overcoat, a new one, to the proprietor, asking him to care for it until he returned. Murphy was arrested for drunkenness yesterday afternoon. When released to go to his restaurant, he reported the matter to the police, saying he had searched every place in the vicinity of the depot. He had several drinks after leaving the place where he got his meal, and this accounts for his loss of memory. The police are looking for an attendant, duly qualified, who attends it until the time of prayer and praise is done. There are several secular nurseries in New York where the mother may leave the child, but there is no church as yet which has tried the Michigan plan.
