COMMITTAL OF AN IMPOSTOR AT WOLVERHAMPTON.—On the 29th ult., the young woman, Mary Ann Jones, *alias* Hutton, *alias* Williams, who had been remanded on a charge of imposture, was again brought up before the Wolverhampton Magistrates. It was shown that she was the daughter of a respectable working-man, residing at Burslem, which place she left some time ago. Since that time she has been travelling in many parts of England, and obtaining a livelihood by bringing abominable charges against imaginary men. At one time she is found on the roadside outraged by three ruffians; at others she in the streets at midnight, throwing off her clothing and preparing to drown herself; at others she is taken up partially insensible in the street, also at midnight, muttering about poison and seduction. On other occasions she is found in a fit at a railway station. So successful were her poison tricks at Eccleshall, Staffordshire, that two surgeons advised that her deposition should be taken, and two magistrates were called out of church on a Sunday, and were present whilst her clerks took her statement. She had been taken to the hospitals of Chester and Wolverhampton, and had become so notorious to the Cheshire constabulary that they had her photograph, and the likeness labelled as that of "an incorrigible impostor."

DREADFUL RAILWAY ACCIDENT.—The Mail Train leaving Greenock on the arrival of the Belfast boat, at 6 21 a. m., on the 15th ult., was run into by Port-Glasgow Station, by a mineral railway engine and guard's van, which left Greenock five minutes after the mail train. One of the passengers, named George Jones, who was in the end carriage, was killed; one woman from Belfast, name unknown, had both her legs taken off; a man named Dick had one of his legs taken off, besides sustaining other serious injuries, and both are not likely to survive. Four men have been apprehended and sent to Greenock. Besides those mentioned there are several others more or less injured. The line was clear at twelve o'clock.

A terrible accident occurred at Troy, New York, on the 19th. A number of men were at work digging a sewer in Jacob Street, the sewer being some twenty feet below the street, when the banks caved in, burying about twenty of them. Three dead bodies have been taken out and three have been saved alive. There are still twelve or fifteen missing. Men are engaged in digging them out.

A MONSTER POTATO.—A very large potatoe has been left at our office. It measures 18 inches in circumference round the thickest part, and weighs 2lb. 6oz. This enormous vegetable was grown on the farm of Mr. Gaskell, at Walton.—*Liverpool Mercury.*

A BRUSH WITH PIRATES.—A serious encounter has taken place at Hang-chow Bay, between H. B. M.'s gunboat *Flamer*, 2, the Chinese steamer *Pauchan*, and a number of piratical junks. A vessel named the *Rosina*, belonging to Messrs. Dent & Co., was captured by pirates during her voyage from Ningpo to Shanghai, and carried off by them into the recesses of the bay. For some time it was not known whither she had been taken, and her whereabouts was only discovered at last through information given by one of her native passengers, who escaped to Ningpo. The *Flamer* and *Pauchan* at once proceeded to the spot, but found the *Rosina* sunk and cargo abstracted. They were themselves vigorously attacked by the pirates, and had considerable difficulty in beating them off. One of the crew of the former vessel was killed during the action, and the Commander, Bosanquet, severely, but not dangerously wounded in the thigh. Capt. Barton of the *Pauchan* was killed. The two vessels withdrew to Ningpo, but will immediately return in company with two other gunboats to endeavour to destroy the piratical fleet. The pirates have obtained a splendid prize, as the *Rosina* is stated to have had specie to the amount of 20,000 taels on board, besides a full cargo of tea.—*North China Herald.*

ROMAN CATHOLICS AT OXFORD UNIVERSITY.—It is understood that at a meeting of the Roman Catholic nobility and gentry, held a few days ago, the question was vigorously discussed as to the advisability of sending the youth of their families to Oxford at the approaching term. Dr. Newman strongly counselled this step, which was as strenuously opposed by others. The balance of opinion however, was in favour of the movement, and in consequence several Catholic families are about to send their sons to matriculate at Oxford.

The French are about to blockade the Mexican coast.

A lady in Philadelphia advertised for a girl. Not long after, a most elegantly attired and genteel lady called upon her, and inquired very minutely about the place. At last she said: "Well, I'll enquire and see it any better place offers; if not I'll come and try it. I'll leave my card, in case you wish to send me word. And throwing back a thickly-worked black lace veil, which had been down, disclosing a bright mulatto, she took out a card, and with a curtesy, left. On the embossed card was written, "Miss Lavinia, Lady Attendant."

DEATH OF THE REV. JOHN A. MOONEY, NEW BRUNSWICK.—The Rev. John A. Mooney, P. P., Shippegan, in the Diocese of Chatham, N. B., died after eight days' illness, in his Presbytery, on Sunday, the 18th ult., fortified by the last sacraments which he received from the Very Rev. Mr. Pacquet about half an hour before he expired. His obsequies were performed in his Church at Shippegan on Wednesday, the 21st, in strict accordance with the Roman Ritual. The scene in the Church on that sad occasion was most solemn, affecting and edifying. An immense concourse of all the people of Shippegan and the surrounding settlements crowded the sacred edifice, which was profusely draped in mourning, and testified their respect and love for the deceased by their sobs and tears, notwithstanding their efforts to observe a reverential silence. His Lordship the Bishop of the diocese, viz: the Rev. Dr. Rogers, and six priests, viz: Very Rev. Jos. Pacquet, V. G., Very Rev. M. Egan, V. G., Rev. Ferdinand Gauvreau, Rev. Michael Meloy, Rev. Jos. Pelletier, and Rev. Wm. McManus, assisted at the ceremonies. The solemn *Requiem* Mass was sung by the Very Rev. M. Egan, and an appropriate sermon preached by the Rev. Mr. Gauvreau. The absolution and final prayers were chanted by His Lordship the Bishop, who also delivered an eloquent and affecting discourse on the occasion. During the beautiful sermon of Mr. Gauvreau and the touching address of the Bishop, the multitude could no longer restrain their grief, and burst into tears on being reminded of the edifying piety, amiable disposition, constant charity and never-failing fidelity of their deceased Pastor, whose lifeless body, laid out in his sacerdotal robes, they beheld for the last time. The Reverend deceased was, at the time of his death, in the 35th year of his age, and 12th of his Priesthood. He was well known to many on this Island, having made at St. Andrew's College a considerable part of his studies, which he afterwards completed in Quebec; and not only was he loved by his parishioners but highly esteemed by all who had the honor of his acquaintance.—R. I. P.—*Vin.*

SONS OF TEMPERANCE.—The annual session of the G. D. of P. E. P., G. S. and G. T. were submitted, which were certainly of a very encouraging nature. A.; John Scott, G. S.; B. Williams, G. T.; Rev. A. Fraser, G. Ch.; M. McFadyen, G. Con.; G. Smith, G. Sent. The following were elected as representatives to the National Division:—P. G. W. Ps. Died,

On Saturday evening, 7th instant, DENNIS REDDIN, Esqr., aged 70 years. The deceased was one of the oldest and most respectable Merchants in Charlottetown. He will be long remembered for his numerous charities, and his warm-hearted benevolence on every occasion where his services were required. The funeral will leave the late residence of the deceased in Queen Street tomorrow morning, at half-past ten o'clock, for the Cathedral, and from thence for the Cemetery at 12 o'clock, noon.

This morning, after a lingering illness in the last stage of decline, Elizabeth McCormack, aged 15 years. The deceased was left an orphan some years ago, and was adopted by Mr. Philip Cahill, of this City. She was a very promising young person, and was placed in the Convent of Notre Dame only a few days ago, where it was hoped her health would be improved under the very kind attendance of the ladies of that institution; but unfortunately her disease had made too great an inroad on her delicate constitution to be arrested.

At Charlottetown, on Friday last, the 30th October, after a protracted illness, the Hon. George Birnie, aged 77 years. The deceased gentleman came to this Island in the year 1809, and was connected with the well known firm of Waters & Birnie general merchants. He represented Charlottetown, in General Assembly, in 1811 and 1812; and in the autumn of 1813 he left the Island, and returned thereto in 1840. After the introduction of Responsible Government in 1851, he held a seat in the Executive and Legislative Councils, and filled several important Government offices.

Very suddenly at Lot 49, on the 20th ult., Elizabeth, relict of the late Mr. Andrew LePage, formerly of this Island, in the 87th year of her age, very much endeared in the remembrance of her family, and others best acquainted with her patient Christian virtues, and meekly hoping through the merits of her Redeemer for the blissful resurrection to life and immortality brought to light in the Gospel.

At Covehead, on the 21st ult., after a few days illness, Archibald Leitch, youngest son of Angus and Sarah McMillan, aged 2 years and 3 months. "Suffer little children to come unto me, and forbid them not, for such is the kingdom of heaven."

Suddenly, at the Lunatic Asylum, on the 30th ult., of an Epileptic seizure, Charles Hagan, labourer, aged 42 years, a native of Ireland.

DR. LA'MERT ON SELF-PRESERVATION.

PRICE WITH ENGRAVINGS AND CASES, 1s. 6d., BY POST, 3s. CURRENCY.

SELF-PRESERVATION. A popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence.

By Dr. LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The author is the only legally qualified practitioner whose name stands on the 'Medical Register,' (the sole test of medical qualification) who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter—37 Bedford Square, London, England.

Patients residing in the Colonies can be successfully treated by correspondence, and remedies can be forwarded in secresy and safety to any address.

Charlottetown, Nov. 9, 1863. 1y

[From the Richmond Whig.]

The Charleston 'Courier' makes a timely suggestion in recommending the attention of our government to the naturalization and cultivation of Calisaya, for the preservation of the health of our soldiers. This article has a peculiar effect upon the liver, and guards the system against disease by exposure and irregular diet. It is said that the great success of the Plantation Bitters of Dr. Drake, which, previous to our unhappy difficulties was found in most Southern homes, was owing to the extract of Calisaya Bark which it contained as one of its principal ingredients.—"In confirmation of this, we have heard one of our most distinguished physicians remark, that whenever he felt unwell from ordinary dietetic or atmospheric causes, he invariably relieved himself by Plantation Bitters. Now, that these Bitters cannot be obtained, a substitute should be prepared.—We understand our government has opened negotiations with Dr. Drake through a secret agent, but with what truth we do not know." * * * * *

We are exceedingly obliged to the Richmond 'Whig' for its remembrance of "Auld Lang Syne," but we can assure "Our Government" that the Plantation Bitters are not for sale to any "secret agents," North or South. There is probably several other things that "Our Government" will yet want.

We know that we have the best and most popular medicine in the world. We are not afraid to show what it is composed of.

Physicians are compelled to recommend it.

CALISAYA BARK has been celebrated for over two hundred years, and was sold during the reign of Louis XVI, King of France, for the enormous price of its own weight in silver. It is remarkable for Dyspepsia, Fevers, Weakness, Constipation, &c.

CASCARILLA BARK.—For Diarrhœ, Colic, and diseases of the stomach and bowels.

DANDELION.—For Inflammation of the Loins and Dropsical Affections.

CHAMOMILE FLOWERS.—For enfeebled digestion.

LAVENDER FLOWERS.—Aromatic, stimulant and tonic—highly invigorating in nervous debility.

WINTERGREEN.—For Scrofula, Rheumatism, &c.

ANISE.—An aromatic carminative; creating flesh, muscle and milk; much used by mothers nursing.

Also, clove-buds, orange caraway, coriander, snake-root, &c,

S.—T.—1860—X.

Another wonderful ingredient, of Spanish origin, imparting beauty to the complexion and brilliancy to the mind, is yet unknown to the commerce of the world, and we withhold its name for the present.

Humbugs and quacks howl about the Plantation Bitters; but the following is what's the matter, and they know it:

PLANTATION BITTERS WILL CURE
Cold Extremities and Feverish Lips.
Sour Stomach and fetid breath.

The Liverpool and London FIRE AND LIFE INSURANCE COMPANY.

THE Agent for the above first class English Fire Insurance Company begs to call the attention of the public to the advantages offered by this Company, in respect to the security to the assured, and promptness to pay losses, which, without disparaging other Companies, may be safely asserted to be superior to those afforded by any other Company in the Island. The Liverpool and London F. & L. Insurance Company has been in successful operation since 1836, with agencies all over the world, and has paid in losses about two millions and a quarter sterling. Its subscribed capital is £2,000,000 sterling, and its invested funds alone amount to £1,312,000 stg.; and the fire premiums for 1861 amount to £360,130 19s 9d; and in addition to this very large capital, the Company, having been established before the recent Limited Liability Act, the individual fortunes of each of the shareholders, comprising some of the wealthiest merchants in Liverpool and London, are liable for the losses, should the whole of the capital be swept away. In this respect it differs, it is believed, from any other Company established here.

And lastly, the Agent being appointed by Power of Attorney directly from England, is authorised to draw Bills the moment a loss occurs, and without referring to the Home Company, to the extent of one thousand pounds sterling.

With these superior advantages, the Company is not disposed (though it might be well justified) to ask a higher rate of premium than other English Companies, which do not present the same advantageous features, and the Agent has been advised that an uniform rate has been agreed upon by the Directors of this Company and the "Queen's," and that the Agents here should, in this respect, "act in concert."

W. A. JOHNSTONE,
Agent of the Liverpool and London
Nov. 10, 1862 Fire Insurance Company

Queen Insurance Company OF LIVERPOOL.

FIRE AND LIFE!

THE Subscriber, having been appointed agent for the above first class Insurance Company, is prepared to take risks on all descriptions of property. J. S. CARVELL.
Charlottetown, Feb. 10. tf

[EXTRACTS FROM NEWSPAPERS.]

On reference to a return made to Parliament, and ordered by the House of Commons to be printed, 7th June, 1861, it will be seen that the increase of Duty for the year, paid by the "QUEEN," was £2567, being upwards of £1000 more than paid by any other office ever yet established in this City.

[From Gore's General Advertiser, Oct. 24, 1861.]

"Indeed, we believe that we are perfectly justified in saying that no other Company, within the same period, ever attained so large an income in either the Fire or Life Departments as the Queen Insurance Company. In making this statement, we make no exception even in favor of our older local companies, namely, the Liverpool and London, the Royal, and the Lancashire Insurance Companies."

[From the Civil Service Gazette, Nov. 2, 1861.]

"Among these important institutions stands eminent for its solidity, as well as for its success, "the Queen Insurance Company," which last week held its annual meeting of proprietors in Liverpool. A reference to the ample report in another page will fully satisfy every reader of the signal progress made by this association since its foundation. Such success is, indeed, rarely attained; and it attests at once the excellence of its management, and the public confidence in its constitution."

[From the Liverpool Mercury, Nov. 2, 1861.]

"It must be gratifying to the public generally, and especially to the proprietors, to find that its income during the past three years has increased at the rate of £20,000 per annum. We believe that no other Company, within the same short period, ever attained so large an increase either in the Fire or Life Department. This speaks highly for the activity and zeal of the management, while the promptness with which all the claims, arising out of the late disastrous fire in London were met, testifies to their financial ability and the care and prudence which marked the investment of these funds."
