NEWLY INTRODUCED.

Sensation Caused in Barnaby River, N. B., by Dodd's Kidney Pills.

Barnaby River, N. B., May 14. —Quite a sensation has been caused here lately by the introduction of a new medicine—Dodd's Kidney Pills. Although there had been many deaths in this village and surrounding district from Bright's Disease and other kidney troubles, yet strange to say Dodd's Kidney Pills had never been tested. Our people had little faith in patent medicines.

Now, however, Dodd's Kidney Pills are creating a sensation. A large number of people are using them and expressing surprise and delight at the result. "From the first week I began to improve," says Cornelius Crotty, of Barnaby River, who had been given up by the doctors. The fact seems to have surprised him, but it is always true where Dodd's Kidney Pills are used.

Galt has sent \$800 and about eight tons of clothing and merchandise to the Ottawa and Hull fire sufferers.

Tempering Copper Not a Lost Art.

The allegation that ancient Egyptians tempered copper and bronze to carry a razor edge is not borne out by investigation. Thomas Harper of Bellevue, Pa., challenges any one to produce a piece of metal tempered by the ancients that cannot be more than duplicated by any metal worker today. He says that in examining hundreds of specimens alleged to have been tempered to the degree that steel is tempered he failed to find any, nor had he discovered any one who had seen such work, and the fable which has been implicitly believed for centuries is being shattered in the light of modern research.

This is not the only story believed for centuries tending to belittle the man of today, to make him the inferior of his forefathers, which failed under the searchlight of inquiry and science. The ancients were children in mechanical knowledge as compared to the people of today, and if there was a demand for any particular building or piece of work such as was produced by the ancients it could be duplicated and improved on by the skilled artisans of the nineteenth century.—American Manufacturer.

CHILBLAINS CURED.

There is Only One Remedy That Will Give You Instant and Permanent Relief From Chilblains, it is Griffiths' Menthol Lintment.

A well-known druggist of Toronto says: I believe every person who ever suffered from chilblains should know how quickly they can be cured by Griffiths' Menthol Lintment. When reading the circular that comes around the bottle, I saw Griffiths' Menthol Lintment recommended for chilblains. I tried it, and the relief was almost instantaneous. I have since frequently recommended it to my customers for this, and they tell me it did just the same for them. I can highly recommend it. 25 cents by all druggists.

Odd Albanian Customs.

An Albanian woman expects to be beaten if she misbehaves, this being the prerogative of an Albanian husband. He must be careful, however, not to draw blood during the chastigation, or the wife can complain to the authorities, who will fine the husband and give his property to his wife.

When an Albanian marries, he is bound to provide his wife with food, clothes and a home in keeping with his station and means and cannot require her to earn money for herself or him by her labor.

Divorce is quite common. Excessive corpulence on the part of the husband is considered quite sufficient excuse for the wife to divorce him.

What He Prayed For.

A story is told of two worthy New England deacons, between whom a bitter feud had long existed concerning some contested point. Neither would give in, and the matter threatened to be handed down to the next generation, when one day Deacon Smith appeared before his enemy and solemnly said:

"Brother Jones, it is a shame that this quarrel of ours should bring scandal upon the church. I have prayed earnestly for guidance in the matter and have come to the conclusion that you must give in, for I cannot!"
