TELEGRAPHIC NEWS.

(SPECIAL DESPATCHES TO THE EXAMINER.) A Fabrication.

LONDON, August 29. In the Commons, this evening, Sir Henry Holland, Colonial Secretary, read a cablegram from Lord Lansdowne, declaring that the report that Sir John Macdonald said he would not hesitate to ask the aid of Imperial troops to stop the construction of the Manitoba Railway was a pure fabrication.

Lord Lansdowne also said: "The provincial act for the construction of the Red River Railway was disallowed by me on advice of my responsible advisers on the ground that the proposed line would tap the traffic of the Canadian Pacific Railway, and thereby seriously injure the interests of the whole country, which submitted to large sacrifices to unite the provinces by a provincial road."

Mr. Healy asked whether the statement by Sir Henry Holland in reference to Macdonald extended to the report that Imperial troops in Canada would be concentrated at Winnipeg. Sir Henry replied that he had the authority of Mr. Stanhope, Secretary of the State for War, that it was also a pure fabrication.

News from the Northwest.

MONTREAL, Aug. 30. Sir George, Stephen, Sir Donald Smith and Mr. VanHorne have just returned from the Northwest. They report that the crops are in splendid condition. Mr. VanHorne says that the C. P. R. will not interfere with the construction of the Red River Valley Road, the matter being entirely between the Dominion and Manitoba. The Government regards the construction of the road as an unwarranted attack on the company and against the interests of Canada, and says that the promoters are in favor of annexation, and that as soon as the road is completed they will want the Custom House removed.

The Parnellites Determined.

LONDON, Aug. 29. The Parnellites are determined that Parliament shall not rise until a decision is reached in the case of O'Brien. They began to-night a prolonged discussion on the Irish estimates. Even by a resort to the Closure Rule the Government will be unable to halt their purpose. O'Brien's trial opens on Sept. 8. Any attempt by the prosecution to strain the meaning of the Crimes Act as affecting O'Brien's case will be the occasion of a fierce protest by his colleagues in Parliament. The Conservative whips are obliged to keep 20 members within hail to prevent a surprise.

HOT WATER. THIS IS THE DAISY.

THE Cheapest and Best Hot Water Boiler in the market. Only one year since it was patented, and one hundred (100) already in use, giving perfect satisfaction. It can't help it, because the principle upon which it is constructed is as nearly perfect as possible.

Since taking up this branch of business, we have completed several very important contracts, notably our new Dominion Building here, and also the one at Summerside, as well as a number of private residences.

As it is inconvenient to publish many Testimonials in a newspaper advertisement, we have selected two, which we feel will convince our friends that we are the right parties to do this kind of work.

In a very short time we will again be visited by Jack Frost, and those who contemplate making their homes comfortable, with less labor and less cost than by any other means, would do well to send for us to give them estimates at once.

McKINNON & McLEAN. TESTIMONIALS.

MESSRS. McKINNON & McLEAN.—GENTLEMEN,—With reference to the Heating Apparatus put into my house by you last fall, I would respectfully state that it has given very great satisfaction.

My house, as you are aware, stands in an isolated and exposed situation, yet during the coldest weather the heat could be regulated to any desirable temperature. My experience leads me to believe that the hot water system of heating, as put in by you, is superior to all other forms of heating I have seen, in its saving of fuel and labor, simplicity of working, cleanliness, and safety from fire, and I hereby recommend it as being the most healthful, comfortable, safe and economical in use. I further wish to express my satisfaction with the manner in which the work was done by you. Yours truly, SAMUEL PROWSE.

House of Assembly, P. E. I., April 21st, 1887. Charlottetown, P. E. I., 21st April, 1887.

MESSRS. McKINNON & McLEAN.—DEAR SIRS,—The Hot Water Apparatus which you put into our store and offices last fall has given perfect satisfaction. Yours truly, CARVELL BROS. Ch'town, July 23, 1887.—2 m 3aw
