

DR. GAUTHIER ENDORSES

The statement that Mr. Major owes his life to . . . **DR. CHASE'S Kidney Liver Pills**

Dr. J. T. A. Gauthier, of Valleyfield, Que., writes: "I, the undersigned, certify that the contents of this letter, in regard to the cure of Mr. Isadore Major, by the use of Dr. Chase's Kidney-Liver Pills, is correct."
Here is Mr. Major's letter: "After 20 years of suffering from backache and kidney disease I owe my life to Dr. A. W. Chase. I had tried an endless variety of remedies to no avail, and on the recommendation of a friend began the use of Dr. Chase's Kidney-Liver Pills. Two pills that night and two next morning gave great relief, and I continued their use until now I am completely cured. My friends are surprised and pleased to see me well again, for I spent hundreds of dollars in vain trying to get cured. Before using Dr. Chase's Kidney-Liver Pills my back ached so I could not put on my shoes and couldn't lift 20 lbs. My shoulders were sore, I had headaches and a bad taste in the mouth. These troubles are now entirely gone and what I say I am ready to prove. I have told my friends of my wonderful cure, and many have been greatly benefited by using these pills."
Dr. Chase's Kidney-Liver Pills are the greatest kidney cure the world has ever known. One pill a dose, 25c. a box at all dealers, or Edmanson, Bates & Co., Toronto.

Of Special Interest to our Farmers

Feeding for Wool.

If wool of large quality and large quantity is always to be obtained, it will not do any better to feed sheep improperly than horses, cows, swine, or other farm animals. Indeed, any irregularity in this line is noticeable in the wool most speedily. If anyone doubts this statement let him view a flock of sheep, in winter, which are well fed with hay, grain, beans and oil-cake, and then again in spring, when these supplementary foods have been too quickly taken away, as alas! they often are. He will see a decided "falling off" in the wool, its length seeming to "retrograde" instead of making any forward progress, and every "hair" being as "limpsy as a rag." The fact is, if a sheep's ration is cut down much, if any, or if the food given is not sufficiently nutritive, the wool may preserve its fineness, acquire a certain length, and all that, but its resistance will fail and it will be deprived of grease thereby rendering it weak harsh to the touch, and dry as flax.

The feeder must learn not to overstep in any way the bounds of propriety set aside for him by dame nature. For example, too much and too rich food should not be urged onto "the plate" of short-wooled sheep, in that it will make the wool too long; on the other hand however, this inconvenience is rarely if ever to be feared in the long-wooled varieties. It is a point well worthy of remembrance that all foods which promote perspiration produce a finer wool; in other words, foods which include the largest amount of nutritive matter in the smallest compass are generally the ones to be sought after most.

Sugar Beets for Feed.

A writer of New York State, in a recent issue of the Stockman and Farmer, gives the following experience in regard to growing sugar beet for feed:
"I grew a half-acre last season of the sugar beet, and have fed them to hens, hogs, and cows in milk. They are eaten greedily, and the brood-sows which received but little else (a quart of wheat middlings and water once per day) are getting too fat. All the animals begin to be restless as soon as the root-cutter starts. The sugar beet is harder and firmer than the mangel, and stock cannot eat them without cutting. My beets analyzed from 14 to 17 per cent. sugar, while mangels on same field were 8 per cent. While some folks do not give sugar in food much value, Prof. Stone places the beets in the ratio of 14 to 21 in favor of the sugar beet, making them considerably better. These are very sweet to taste, and are good cooked for table use. Ours did not require any more care or fertilizer than the mangels. The sugar beets gave a yield of fourteen tons trimmed beets ready for the factory. The mangels gave thirty tons, and are

Pasture Farm Wanted.

His Worship the Mayor is in receipt of a letter from Mr. T. M. Kirkwood, of Sudbury, Ontario, who desires to obtain a thousand acres of land between Summerside and Charlottetown for pasturage. He is willing to take them in farms of 100 or 200 acres each, "as close to each other as possible". Application may be made to the Mayor or to Mr. Kirkwood himself. Mr. Kirkwood will come to see the farms when he hears from those who have places to offer. The opportunity to sell or lease seems to be a good one for land owners; and Mr. Kirkwood is evidently a man to cultivate.

liked by the stock. I doubt from the difference in yield whether it will pay to grow the smaller sugar beet for stock feeding. The work was done economically and on time. It costs \$37 per acre, a little less than \$3 per ton of trimmed beets, and would have paid me \$1 per day for labour, \$2 for use of horses, and \$2 per ton profit, or \$28 profit per acre. It was only an average season, and one half received neither manure or fertilizer, which reduced the yield. Figured in the same way, no other crop would equal it for profit last year.

How to Choose Beef.

The grain of ox beef is loose, the meat red, and the fat inclining to yellow. Cow beef, on the contrary, has a looser grain, a whiter fat, and meat scarcely as red as that of ox beef. Inferior beef, which is meat obtained from ill-fed animals or from those which have become too old for food, may be known by a hard, skinny fat, a dark-red lean, and, in old animals, a line of horny texture running through the most of the ribs. When meat pressed by the finger rises up quickly, it may be considered that of an animal in its prime; on the other hand, if the dent returns slowly, or remains visible, the animal has passed its prime, and the meat consequently must be of inferior quality. Veal should be delicately white though it is often juicy and well-flavored when rather dark in color.—Farming.

Screamed . . . WITH . . . Agony

From the Terrible Itching, Burning Tortures of . . . **Eczema on the Scalp**

Some of the cures effected by Dr. Chase's Ointment are more like miracles than anything else. The case recorded here was one of the worst ever brought to the attention of Toronto's best physicians, and when doctors gave up all hope of recovery Dr. Chase's Ointment was successful in producing a perfect cure.

HIS NARROW ESCAPE

Mr. John N. Babcock's Experience With Dodd's Kidney Pills

SHARLOT LAKE, Ont., May 29.—No resident of this place is better known to the thousands of tourists and sportsmen who visit us annually than, is Mr. John N. Babcock.

Mr. Babcock has had many thrilling experiences, but the narrowest escape he ever had, he tells of in these words:—"After twenty years of pain, caused by Gravel and other Kidney Complaints, I am pleased to be able to state that I have been completely cured by Dodd's Kidney Pills. During these years I have spent hundreds of dollars for doctors and remedies, but only Dodd's Kidney Pills helped me."

Floral boas are one of the novelties for summer neckwear. They are made of rose leaves of gathered gauze.

Dr. Chase Cures Catarrh after Operations Fail.

Toronto, March 16th, 1897.
My boy aged fourteen, has been a sufferer from Catarrh, and lately we submitted him to an operation at the Central Hospital. Since then we have resorted to Dr. Chase's Catarrh cure, and one box of this medicine has made a prompt and complete cure.

"Give me the baby to hold, my dear," is the name of a new song. You won't hear many married men singing it.

Sore Throat Cured in a Night.

Mr. J. Woodward, 138 Shaw-street, writes: "My daughter was troubled with sore throat, which was much swollen. Griffith's Menthol Liniment was applied at night and in the morning all soreness and swelling had disappeared. We have found a useful Household Remedy and would not be without it."

Chronic Eczema Cured.

One of the most chronic cases of Eczema ever cured is the case of Miss Gracie Ella Alton, of Hartland, N. B. On a sworn statement Mr. Alton says: "I hereby certify that my daughter Gracie Ella was cured of Eczema of long standing by using four boxes of Dr. Chase's Ointment. William Thistle, Druggist, of Hartland also certifies that he sold four boxes of Dr. Chase's Ointment which cured Gracie Ella."
