NORTH RIVER BRIDGE.

Just before the election, there was a great deal of talk on the part of Government canvassers about a new bridge across the North River, opposite Dockendorff's. We are glad to note that the people are not disposed to let this matter rest, after the elections. A public meeting has already been held to promote the movement, and a petition is now in circulation. A new bridge is to be built in any case, because the old one is rotten; and it seems to us that it might almost as cheaply, and much better, in so far as the convenience of the people is concerned, be built near the mouth of the river than at the old place. The people to be served are, and have been for many years, for the most part, constituents and supporters of Premier Farquharson. We shall now see what he will do for them when he has the opportunity.

NEW BRIDGE ACROSS

NORTH RIVER.

Meeting and Petition in its Favor.

On Wednesday evening, Dec. 19th, a meeting was held at New Haven to consider the construction of a new bridge across North River. Mr. Ewen McMillan, jr., was appointed to the chair, and carried out his duties in a very efficient manner.

The first speaker, Mr. Bain, of North River, pointed out, "that a new bridge was necessary, as the old one is on the verge of collapse." He showed how the people on the north side of the province were benefited by the Railway—a work of no practical advantage whatever to those on the southern side. Moreover, Mr. Bain claimed, "that the people on the southern side are fully entitled to the bridge" as nothing in the shape of an important public work has been given them. He also

gave important information relating to its construction, location, etc. As regards the location of the bridge, by far the greater number interested are in favor of having it constructed near the mouth of the river. By this means the road to the city would be shortened by over three miles.

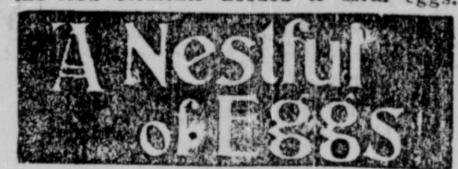

The subject was also discussed by Mr. Howard, Mr. Dockendorff, Mr. H. McMillan, Mr. Jas. Wynne, Mr. P. McManus and Mr. H. Crosby. It is needless to say that all present were unanimous in favor of this construction.

One of the chief duties of the meeting was to appoint persons to obtain signatures to the petition now in circulation. The object of this petition is to ascertain the number of persons really in favor of the work.

It was further agreed that a meeting be held at Bonshaw on Dec. 26th, bearing on the same question. Mr. H. McMillan and Mr. Bain were appointed as representatives to the Bonshaw meeting. J. T. McFADYEN, New Haven.
