Fifteen hundred first-class buildings have been erected in New York city during the present year, and yet building cannot be said to have been brisk. Very many fine edifices, however, have been finished, and become permanent ornaments to the city. Perhaps the most elegant of these is the new *Herald* building on the site of Barnum's old museum. It is five stories high, including a Mansard roof, and is built of white marble, after the style of the Louvre. Stewart's magnificent private residence is on the Fifth Avenue, at the corner of Thirty-fourth St. Its estimated cost, inclusive of furniture and paintings, is $3,000,000. The American Jockey Club building is to consist of five stories, and is to be built of marble. The new Academy of Music will be finished in February next, and will be nearly a counterpart of the late edifice. Steinway Hall, the new musical temple of the metropolis, has already been opened. Thirty churches are going up, the most magnificent being the Cathedral, the new Jewish Synagogue, Dr. Tyngs' Church, on Forty-third street, and St. Thomas' on South Avenue. Banvard's New York Museum has been finished at 1227 Broadway. The Metropolitan Saving's Bank has a fine new structure on Third Avenue. All along Broadway massive five and six story buildings are replacing the old ones, and Church, White, Franklin and Mercer streets, near Broadway, are being entirely rebuilt with large stores.

The schr. "S. C Grove," McPherson master, from P. E. Island, with a cargo of produce for Halifax, was wrecked on the "Bull," at the entrance of Canso when leaving that port, crew saved. This fine vessel was built and owned at Port Medway. She was launched at that place last spring, and competent judges pronounced her to be one of the handsomest and most superior vessels of her class ever constructed in this Province. "S. C. Grove" is said to have cost her enterprising owners at least £1100. Both vessel and cargo will probably prove a total loss.—[Hx. Citizen.

A Telegraphic Despatch received by Messrs. J. Northup & Sons, per the Atlantic Cable, on Saturday last, reports the loss of the ship *Indus*, of Halifax, Capt. Campbell, from Liverpool bound to Philadelphia, at Wexford, on the 12th inst. The crew and part of the cargo saved. She was nearly 1000 tons register, and was owned by Messrs. J. The Pictou *Standard* says that the barque *Bismarck*, owned in P. E. Island, on a voyage to Liverpool, was wrecked on Saturday last at Cape Porcupine, in the Straits of Cansau. This vessel had been on shore at River John, but was got off and brought to Pictou, which she left on Friday to proceed on her voyage.

A POINT ON WHICH ALL PHYSICIANS AGREE.

Out of ten thousand regular physicians you can not find one who will not say that stimulants and invigorants are absolutely necessary to all medical practice. And yet in by gone years humane practitioners have hesitated to administer them, because the fiendish ingenuity of wretches who make merchandise of human infirmities had so polluted and deteriorated them that the remedy was as dangerous as the disease. This perplexity is happily done away with. Physicians know, because the first analytical chemists of the age have demonstrated the fact, that HOSTETTER'S STOMACH BITTERS are absolutely and entirely free from all pernicious elements. Hence they have been introduced into the United States Army, and are accepted, whereon the testimony of the wise, the intelligent and the philanthropic is rated at its just value, as the best protective against and cure for all diseases arising from impurity in the air or other unhealthy climate influences, that has ever been tested by experience. In cases of Dyspepsia and Liver Complaint, we state without qualification or reservation, that the Bitters are as nearly infallible as anything prepared by human skill can be. 2i [Dec. 24.

Holloway's Ointment and Pills.—These direct curatives act on the human body as mighty purifiers and healers, which slowly gradually and safely work a change for the better throughout the whole system. The Ointment has almost miraculous powers in cleaning and healing old sores and ulcers, which had defied the highest surgical skill; but perseverance is necessary to attain this end, as it would be unreasonable to expect that any ulcer or skin disease which had been firmly rooted in the body for years could be cured in a few days. It cannot be too much to ask a trial of these noble remedies in any chronic ulceration, or other foul wound; in a short time they will prove their virtues.

GEORGE LEWIS, Market Celrk.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF **Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.**

SO wide is the field of its usefulness and so numerous are its cures, that in almost every section of country are persons publicly known, who have been restored by it from alarming and even desperate diseases of the lungs. When once tried, its superiority over every other expectorant is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits upon the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

We can assure the public, that its quality is carefully kept up to the best it ever has been, and that it may be relied on to do for their relief all that it has ever done.

Great numbers of Clergymen, Physicians, Statesmen, and other eminent personages, have lent their names to certify the unparalleled usefulness of our remedies, but space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with, also, full descriptions of the complaints our remedies cure.

Those who require an *alterative medicine* to purify the blood will find AYER'S COMP. EXT. SARSAPARILLA the one to use. Try it once, and you will concede its value.

Prepared by DR. J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and Dealers in Medicine everywhere.

NEW TRIUMPHS OF ROGERS' MEDICINES.

Run your eye over them and tell your affected neighbour about it.

[From the Halifax Citizen.]

A VALUABLE REMEDY.—As a general rule, we do not endorse, editorially, any of the numerous notices of popular medicines, that from time to time appear in the advertising columns of our paper; but we depart from our usual custom to-day, to direct attention to the advertisement of Rogers & Co's Medicines, because we believe the facts disclosed in the advertisement are such as to justify, if not call for, such special attention. The facts of the case detailed in the advertisement are placed beyond dispute by the certificate of the High Sheriff of Cumberland, and ten of the most respectable and well-known citizens of Amherst, so that there is nothing of mere puffing about it, but a truthful statement that ought to be laid before sufferers afflicted as young Copeland was. The character and social position of Mr. Rogers, who is well-known over a great part of Nova Scotia, is sufficient to know that this is no mere quack nostrum, made only to sell, and put money in the pockets of speculators, at the expense of the credulous and unfortunate.

Amherst, N. S., 7th August, 1865.

MESSRS ROGERS & Co.—

Gentlemen,—Permit me to add my testimony to the great value of your preparation; and any person reading the following account of a cure effected by it upon my son, will not dispute my right to do so.

He first fell upon a fork-handle in the barn, and hurt his leg a little below the knee; he subsequently took cold, when it began to swell and pain him very much. It soon ulcerated near where it was hurt, and continued to discharge freely, until the calf of his leg seemed to be one mass of corruption. His foot and knee swelled very much, and when we commenced with your medicine, was very much inflamed, and was evidently on the eve of mortification. The pain and suffering he endured, no pen can describe. He grew weaker daily. Nothing that medical skill and faithful attendance could accomplish, was omitted; still he gradually sank, until there seemed but little hope of saving his life or limb. As a last effort, the doctors decided to amputate the leg. This was to have been done the next day, but just at this critical point, a kind friend advised me to try your medicine. I concluded to do so: and the leg at once began to improve, and is now well. He goes to school daily.

This is certainly the most extraordinary cure ever made in this country. No person could duly appreciate the sad and suffering condition he was in, without seeing it for themselves; to all human appearance, he could not have lived a week; there did not seem to be a ray of hope left. Doubtless there are thousands dying whose lives might be spared, if they had this extraordinary medicine.

Hoping that God may prosper you in the works of humanity,

I am, Gentlemen,
Yours very affectionately,
ALISON COPELAND.

The mother of a young man, whose life is thus spared, who for many weary months dressed and handled that leg, and who shed many, many tears, and spent many sleepless nights over it, says to mothers of others similarly afflicted, get this medicine by all means.

KEREN COPELAND.

We, the undersigned, inhabitants of Amherst and vicinity—some of us having been eye-witnesses to the above distressing case, and all being quite familiar with the facts, from common report in this community—have no hesitation in endorsing the above statements of Mr. Copeland.
