

THE LATE BOB PIERCE
Agricultural Inspector Dies

It was with deep regret that the friends and relatives of Robert Allan Pierce learned that he had passed away at Monro, Maine, on August 18th, 1957.

Bob, as he was more familiarly known by his friends, was born in Sanford, Maine, July 31st, 1925. His boyhood days were spent in Baltic, Prince Edward Island, where he attended the Baltic School.

In 1941 Bob answered the call of duty and enlisted in the Royal Canadian Navy where he served until his discharge in 1944. After his discharge he attended Vocational School in Moncton, N. B., Truro Agricultural College, Truro, N.S., and received his B.Sc. in Agricultural from McGill University in Montreal, Quebec.

At the time of his death Bob was on an extended sick leave from the Canadian Department of Agriculture where he was employed as a Retail Inspector at Halifax, N.S. The past four months were spent at the home of his wife's parents, Mr. and Mrs. Russell Lewis in Monro, where he was tenderly cared for by his loving wife. Many of Bob's friends called at various times to visit with him and his passing has been keenly felt.

For many years he had known the Lord Jesus Christ as his own personal Saviour and through the past months of pain and suffering had found a closer walk with Him and left a testimony that the Blood of Jesus Christ covers it all and went to be with his Maker. The imprint of Bob's life and personality will never fade from those with whom he came in contact.

Left to cherish his memory and mourn his passing are his widow the former Edna Kathleen Lewis of Summerside, his sixteen month old daughter Marilyn Helen and his widowed mother, Mrs. Edith Wall of Baltic, P.E.I.

A short service for relatives and friends was held at the Haley Funeral Home in Monro on Tuesday, August 20th, by Rev. Dean Hardy, Pastor of the Bangor Church of the Nazarene. Following the service the remains were forwarded by train to the Compton Funeral Home in Summerside, P.E.I. thence to the Church of the Nazarene where the service was conducted by Rev. David Morrison, assisted by the Rev. Owen Underwood, Pastor of the Church of the Nazarene in Dartmouth, N.S., of which Bob was a devoted member.

The funeral was largely attended. Hymns sung were "Rock of Ages", "Safe in the Arms of Jesus" and "The Sweet Bye and Bye". Rev. Morrison's theme was "What is Your Life?"

Pall bearers were Milton Melish, Rod MacNevin, Sgt. Alfred Brooks, George Riley, Jack Brander and Reuben Wall.

The remains were tenderly laid to rest in The People's Cemetery.

LONG HISTORY
Anglesy in Wales was an important source of copper for the Romans.

**Will Share Vaccine Costs
50-50 With The Provinces**

OTTAWA (CP) — The federal government will share 50-50 with the provinces the cost of producing a vaccine to combat Asiatic flu. Health Minister J. Waldo Monteith said Wednesday.

An announcement from his department said he made the offer at the second meeting of a special advisory committee on the infection set up this summer.

Federal aid will be met from funds allocated to the national health grants program. The amount was not specified.

The department's statement said reports given the meeting by officials of the two Canadian laboratories producing the vaccine indicated a total of 600,000 cases might be produced by the end of 1957 and double that amount by next March 30.

Dealing with distribution of the vaccine, the committee recommended that a special initial supply of 15,000 doses be provided for the armed forces and that the bulk of the vaccine should be distributed to all provinces on a per capita basis.

"The committee agreed," it

added, "that each province should determine the individual details of its own program and be guided by local circumstances."

ESSENTIAL SERVICES
"However, because of the reported high incidence of infection and low mortality, it was recommended that as a general principle the vaccine should be based primarily on the maintenance of essential services, with consideration being given to other special groups which might warrant priority of protection."

The "priority occupations" would include hospital and health workers and those in communications, transportation and food supply.

The committee received a report saying that, while no cases of the Asiatic strain of influenza had yet been isolated in Canada, there was a strong likelihood that outbreaks would occur later in the year.

"However," emphasis was given to the fact that all reports to date indicate that the disease continues to be mild in character.

Carleton Farmer Dies At 81

The death occurred at his home in Carleton on August 3rd, of Burpee MacMicken in his eighty-second year.

He was the last member of a family of four sons of the late Thomas and his wife Lydia Crockett MacMicken.

He was born and resided on the old MacMicken homestead now owned by Lloyd MacWilliams, until his marriage to Margaret Gillis MacLeod, when he then moved to the adjoining farm where he spent the remaining days of his life in farming.

He was a man of a quiet and happy nature, he enjoyed a large circle of relatives and friends who will remember his little jokes and the warm clasp of the hand. He was a life long member of the Church of Scotland, and a staunch Liberal. Always taking an active part he was secretary for Carleton School for many years.

In passing he leaves to mourn the loss of a kind and good father, one son Thomas, at home; his daughter-in-law, Pyrtle, who tenderly cared for him and his grand-son John Burpee; also two stepsons, James, Vincent and John J. McLeod.

Three brothers Thomas, Bruce and George predeceased him some years ago.

A short funeral service was held from his late residence following service in the Church of Scotland, Cape Traverse. His pastor, Rev. J. H. Bishop spoke words of comfort to those assembled to pay their last respects. The hymns sung were: The Lord Is My Shepherd and I To the Hills Will Lift Mine Eyes.

The pallbearers were Messrs. Hedley Muttart, Gordon MacWilliams Heber Myers, Herbert Stewart, James O'Connell, Wilbert Wright.

He was tenderly laid to rest beside his wife who passed away fifteen years ago. The interment took place in the church cemetery. The funeral was under the direction of Heath Chisholm of Tryon.

CARD OF THANKS

Mr. and Mrs. Thomas MacMicken and John wish to express their sincere thanks to friends and neighbours who helped in any way during their recent bereavement, also thanks to Dr. MacDonald and Mr. Heath Chisholm.

Enjoys Island After Miami

D. V. Gillis left Alberton Saturday morning after spending a month's holiday at Hillside Cabins.

Born and educated in Massachusetts, Mr. Gillis, a carpenter by trade, has lived in various parts of the United States. In 1918 he went from Chicago to Miami, Florida, where he has resided ever since. During these years he has seen Miami Beach develop from a small settlement where land was worth very little, to the continuously expanding resort of today where only the very wealthy are able to purchase any real estate.

When asked why he had travelled so far to spend a holiday here, Mr. Gillis explained that some twenty-five years ago he had become a victim of arthritis. The warm climate seemed to aggravate it for he felt better in winter. Therefore he decided to travel north for a holiday. It was his intention to come only as far as Maine but while in Boston he fell into conversation with a policeman who recommended the western part of Prince Edward Island. Accepting this advice he travelled right through to Tignish where he found accommodation with Mrs. Peter Burke. Since it was his intention to see something of the Province, he came to Alberton a few days later and decided it was an ideal place in which to spend a quiet holiday, so here he remained for the entire month of August.

When interviewed just before his departure, Mr. Gillis spoke in most appreciative terms of the fresh, cool island air and of the pleasant, friendly people, making special mention of the kindness of his hostess, Mrs. C. H. Weeks. In addition to this, he claims his arthritis is fifty percent better.

This was Mr. Gillis' first visit to any part of Canada and it is pleasing to know that he is returning to his home with so many happy thoughts of this beautiful island Province.

One Firm Has 200 Acres Beans

J. Erskine Clark Limited, of Summerside, have in Prince County what is believed to be the largest bean acreage of any firm in the Maritime Provinces.

The total acreage is 200 acres, of which 100 acres are in Bedeque with the remainder growing in the vicinity of Alberton.

Mr. Clark plans to have 1,000 acres of beans next year since he has an available market for practically all the beans the Province can produce.

This year's 200 acres, Mr. Clark said, were sown with the ordinary disc seeder used by all farmers. He has, however, special harvesting machinery which cuts the plant below the soil surface and which gathers two rows into one thus making it easier for other special machinery which picks up the crop and threshes it at the same time.

Mr. Clark said that this year's crop will be sold to a New Brunswick firm. His estimate for this year's crop is 200 tons, or about a ton to the acre.

Considerable local employment Mr. Clark said, was given in the growing of this crop since the weeds between the plants have to be pulled by hand. Altogether, about thirty men have been employed throughout the growing season. Mr. Clark expects to begin harvesting the crop next month.

New Borden Lions Meet

The first regular meeting of the newly formed Borden Lions Club was held in the Abegweit Hotel, Borden Tuesday, September 3rd at 7 p.m. under the supervision of the Summerside Lions Club Lion Russ Kelly Zone Chairman instructed the newly formed Club on how the meetings should be conducted.

HISTORIC AREA
Registers of the parish of St. Laurent in Montmorency County, Quebec, date back to 1679.

Vandals At Q. E. Park

For the third time this year vandals have been guilty of wanton destruction of property at Queen Elizabeth Park. Yesterday morning, when the caretaker, Mr. Antony Arsenault, arrived at the playground he discovered that all the stands surrounding the Little League Ball Park had been vandalized and some of them were damaged in the process. In overturning the stands the wire backstop at the rear was also considerably damaged. The scoreboard, which was attached to three heavy posts, sunk two feet in the ground, was torn down and the post torn up which would indicate that the guilty parties were not children but someone of considerable strength.

Police are investigating the matter and consideration is being given to offering a reward for information leading to the arrest and conviction of the guilty parties.

DO-IT-YOURSELF TILES - EASY TO LAY

tools recommended

estimating quantities:
Tiles measure 9" x 9" and for every 9 square feet of floor, you will need 16 tiles. Example: A room measuring 9 ft. x 10 ft. would contain 90 square feet. This would require 160 tiles (10' x 10'), plus a few extra for spares and waste. The number of each colour required depends on your design. The safest thing to do is to lay out your design on squared or scaled paper, remembering that each tile measures 9" x 9".

Tiles are packed in cartons. Standard size of tiles is 9" x 9" and each carton contains enough tiles to cover 36 1/4 square feet - approximately 100 tiles.

Use this proven Adhesive for the Best Job. One Gallon covers 15 Square Yards.

ALL 9" x 9"
