

"Not as I Will."

Blindfolded and alone I stand,
With unknown thresholds on each hand,
The darkness deepens as I grope,
Afraid to fear, afraid to hope.
Yet this one thing I learn to know
Each day more surely as I go,
That doors are opened, ways are made,
"Burdens are lifted," or are laid
By some great law unseen and still
Unfathomed purpose to fulfill.
"Not as I will."

Blindfolded and alone I wait;
Loss seems too bitter, gain too late;
Too heavy burdens in the load,
And too few helpers on the road;
And joy is weak, and grief is strong,
And years and days so long, so long;
Yet this one thing I learn to know
Each day more surely as I go,
That I am glad the good and ill
By changeless laws are ordered still,
"Not as I will."

"Not as I will;" the sound grows sweet
Each time my lips the words repeat,
"Not as I will;" the darkness feels
More safe than light when this thought steals
Like whispered voice to calm and bless
All "unrest" and "all loneliness"
"Not as I will;" because the One
Who loved us first and best has gone
Before us on the road and still
For us must all His love fulfil.
"Not as we will."

BOSTON PRODUCE MARKET FOR NOV. 21.

Butter.—The receipts of butter continue to be quite liberal, and with a stormy day trade has been quiet, and but little butter has been moving. The high prices have increased the production of tallow butter and lessened the consumption of the genuine article. Prices are nominally unaltered, but trade is slack. Fine creameries are quiet at 36 to 38c; good at 32 to 34c; fine fall-made New York and Vermont dairy butter at 33 to 35c; good do at 30 to 32c; straight dairies at 28 to 32c for good and choice, and 25 to 27 for fair to good; Western dairy-packed is scarce, and we quote at 28 to 32c; lard-packed butter ranges from 17 to 23c per lb.

Cheese.—There continues to be a quiet market, but prices are unaltered, and we quote at 12 1/2 to 13c per lb. for fine factory; 11 to 12 for fair to good, with the demand limited to small lots.

Eggs.—There is a firm market for choice stock at 22 to 23, and freshly laid eggs will sell at 24c per doz. Lots that have been held until they are stale are not wanted, and move slowly at almost any price. We quote Western at 19 to 21c. There are one or two marks of Eastern eggs that were put into cool storage when fresh that come out in good shape, but eggs that were stale when put away, come out in bad condition.

Poultry and Game.—There are some receipts of pretty good lots of turkeys, but most of those offered for sale were not well fattened and are not wanted even at low figures. We quote good large-sized turkeys at 17 to 18c; good ones at 14 to 16c; common at 11 and 12c, and soft stuff is nearly worthless. There is not likely to be a surplus of large well-fatted turkeys, and prices are likely to rule high. Chickens sell at 10 and 15c for common to good; fowls at 10 to 13c; ducks at 11 and 14c, and geese at 8 and 11c. Partridges are plenty and range from 45 to 55c per pair for good and choice.

Vegetables.—There is a little easter market for potatoes, as a good many of those at the roads are in unlined cars, and the owners of the stock are anxious to get them out before a cold snap. We note Northern and Eastern Rose and Prolifics at 50 to 58c per bush. Sweet potatoes are dearer, and we quote at \$3.25 per bbl. Onions are firm at \$3.25 per bbl.

LIVE STOCK SHIPMENTS FROM MONTREAL.

The shipments of live stock from the port of Montreal for the past season are considerably ahead of any previous year. The number of cattle shipped in 1878 was 18,665, while this year they foot up to about 23,000. They were all raised in Canada, while in last year's exports were included 9,000 cattle brought through from the Western States. Montreal has exported this season about 75,000 sheep, against 41,000 last year, and about 4,000 hogs against 2,000 last year. The shipment of horses and mules to Europe amount to 321 against 690 last year. The total value of live stock shipped from Montreal during the season now about closing is estimated at about \$2,500,000, as compared with that of 1878 of \$1,900,000.

SHIPMENTS OF PRODUCE.

The Progress reports that at Summerside the produce trade during the past week has been lively. Large quantities of oats are being brought into town every day, by rail. The bark John Lefurgy cleared from this port on Monday last, for Mumbles Roads, with a cargo of 47,000 bushels of oats, and 36,000 superficial feet deals, shipped by the owner Hon. John Lefurgy. On Wednesday, the bark Maggie, Capt. Jenkins, sailed for Swansea taking 14,174 bushels of oats and 544 bushels of potatoes. The Maggie was loaded by the owner, Captain Richards. Mr. McMillan's bark the Malinche, is loading at the Railway Wharf, and will take about 45,000 bushels of oats. The barquentine Clansman, Capt. Gale, is being loaded at the Town Wharf, by Capt. Richards. The cargo of the Clansman will consist of about 35,000 bushels of oats. R. T. Holman, Esq., is loading the barque

Journal with oats, and the Carmenta and Isabel with potatoes for the English market. On Wednesday, the bright, Kate, Captain LeBlanc, cleared from Tignish for Boston, with 1,245 barrels potatoes, 3,765 bushels do., 101 bbls. herring, 18 casks cod oil, and 15 kegs codfish. This cargo was shipped by J. H. Myrick, Esq., and is valued at \$2,998. The schr. Brisk cleared from Cascumpec on Monday, for Boston. She takes a cargo of 3,036 bushels shipped by Messrs. Lefurgy & Weeks. The shipments of produce this season have been unusually large, and this will help to make up for the low prices paid.

THE POULTRY TRADE.

The poultry trade of Canada which continues to increase year by year, is a profitable source of income to farmers, and bids fair to attain much larger proportions as the foreign outlet widens and becomes better understood. Last year considerable quantities of live and dead turkeys were shipped from Canada to the United States and Great Britain, most of which paid both the farmers and shippers good margins. The mild weather we experienced at the commencement of last season, prevented many shippers from placing their supplies upon the Christmas markets of England, but those who ventured received very satisfactory returns. A great many tons of dead turkeys unplucked were shipped from Montreal and western points to Liverpool about the beginning of last December, which arrived in good condition and sold well. Each bird was wrapped in brown paper and packed in boxes containing about ten or twelve head. Consignments of dressed poultry were also forwarded; but we understand that, although they paid, they did not yield as large net profits as those unplucked.

A DOMINION NOTE SYSTEM.

A correspondent of the Montreal Herald writes: "Why cannot the Dominion Government undertake the issue of all notes of all values? There is no more reason for them issuing \$1 and \$2 bills than the higher values where the loss in the event of forgery or bank bursting is more serious to the unfortunate holder. If this is impossible why do not the Government require such a guarantee from the banks they charter as will preclude the possibility of their failing to meet their just liabilities to the public? This is the practice in the United States. I claim that this is a matter which calls for legislation, and as I understand many of the bank charters expire next year, the present is a favorable time for discussing it."

Astonishing Success.

It is the duty of every person who has used Boschee's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor dying consumptive, at least to try one bottle, as 40,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your Druggist about it. Sample Bottles to try sold at 10 cents. Regular size 75 cents. For sale by all Druggists.

SEMINARY FOR YOUNG LADIES.

VISITOR:

The Lord Bishop of Nova Scotia

PRINCIPAL:

The Rev. John Padfield.

THIS SCHOOL offers, at very moderate cost, the advantages of a comfortable and pleasant home together with a thorough and refined education.

The course of instruction is the same as that of the best Schools in England and is founded upon the University Examinations for Women. Eight young ladies from this School passed the Local Examination of the University of King's College in June last. This is the only School in Canada that has passed pupils at a University Examination.

The number of pupils is limited, rendering the School select, and while it possesses all the educational advantages of a large public school, each pupil is enabled to receive that individual care and oversight which is so important, and which cannot be given in a large establishment.

Mr. and Mrs. Padfield are assisted by a staff of four resident governesses, besides visiting masters.

Parisienne French is taught conversationally. There are two resident French Governesses.

References given to parents of pupils. For further particulars address the Principal.
