

Local and Other Items.

SALE of Pine Lumber to-morrow, at 3 o'clock. POLICE COURT.—One drunk stands over until Friday.

MILITARY.—The Engineers are requested to meet at the Drill Shed this evening, at eight o'clock.

TWELVE thousand dollars' worth of No. 1, 2 and 3 Pine Lumber at auction, to-morrow, by E. H. Norton & Co.

BAND CONCERT.—The Colored Citizens Band played in Queen Square Gardens last evening to a large audience.

TO CORRESPONDENTS.—Another letter from the Hon. Daniel Davies, and some remarks thereupon, are crowded out of THE EXAMINER to-day.

SPECIAL MEETING.—There will be a special meeting of the Salvage Corps to-morrow (Thursday) evening, at 8 o'clock, sharp. By order of the Captain.

A FAILURE.—The Maine State Fair this year was a financial failure. The total amount received was \$14,372, while the expenses footed up about \$18,000.

PHILHARMONIC SOCIETY.—A satisfactory practice of this Society was held last evening. The principal choruses in the Creation and May Queen were rendered.

FOOTBALL.—There will be a meeting of the Abegweit Football Club at the office of Stewart & McNeill, on Friday evening, 19th inst., at 8 o'clock.

REGATTA.—All members of the Regatta Committee are requested to meet at the S. E. B. C's. room to-morrow evening at 7 o'clock, for the purpose of handing in their reports and arranging the programme of races.

WANTED.—Copies of the 1887 edition of the Public Schools Act and Amendments, and also of the 1888 edition of the Regulations of the Board of Education, will be thankfully received and paid for at the Education Office.

PACER JOHNSON SOLD.—A Buffalo, N. Y., despatch says that Charles F. Dunbar has bought the famous pacer Johnson (2:06 1/2) from E. C. Long of St. Paul, for \$8,000. Johnson has the fastest mile record of any trotter or pacer in the world.

MORE DESERTERS.—The Halifax Mail says: Thomas Miles and William Ring, of H. M. S. Comus, were posted to-day at the police station as deserters. Miles is a Haligonian. A reward of three pounds is offered for the arrest of either of the runaways.

FOR CONSUMPTION.—It is stated that Dr. Koch, the German physician who claims that he has discovered a method of curing consumption by inoculation, is about to commence experiments on human patients suffering from tuberculosis.

[CORRECTION.—The telegram from Washington, in reference to the Tariff Bill, published in THE EXAMINER yesterday, should read, "The House has non-concurred in the Senate amendments," etc., instead of "the House has now concurred," etc.

POSTPONED.—Owing to the wet weather of last Monday and Tuesday, the Futurity Stakes race, to have taken place at Summerside on Tuesday, has been postponed until Saturday next, at one o'clock. The Exhibition Commissioners have the Park engaged for all of next week.

HEAD CUT.—An Indian maiden named Peck, living on Pownal Street, had her head cut with a stone while discussing characters with a pale face sister last evening. It is said that the blow, which was a severe one and necessitated the calling in of medical assistance, was struck by a young man living in the neighborhood.

THE HATTIE LOUISE.—Private advices state that the brig, Hattie Louise arrived at Barbadoes on Friday last, twenty-three days from Canso, with all her big deck load safe, although quite a large hurricane traversed the tropics about the time she got into them. She will likely sail from Trinidad for home on Saturday week, loaded with sugar and molasses.

"THE HYMN OF PRAISE."—Instead of the cantata, "The Golden Legend," as at first agreed upon, the conductor of the Philharmonic Society has finally decided that Mendelssohn's "Hymn of Praise," one of that great master's best works, shall form the chief place in the Society's programme during the first part of the season. Copies will be had for the members at next Tuesday evening's practice.

FRUIT STEALING.—In sentencing the young lad convicted yesterday of stealing fruit from orchards, His Honor the Stipendiary Magistrate commented upon the prevalence of this crime, and expressed his intention of giving all who came before him similarly charged the longest term of imprisonment possible under the statute. This should be a warning to boys afflicted with a weakness for fruit belonging to others, and we trust that it will not pass unheeded.

WHAT WHISKEY IS MADE OF.—The report of the Inland Revenue Commissioners of Canada for 1889 show that the "principal materials" entering into the composition of whiskey were 999,971 qtrs. malt; 1,055,222 qtrs. unmalts grain; 10,578 tons molasses; 2,891 tons rice; 1,559 tons sugar; 445 tons jawaree. The Commissioners state that the relative proportions of the different materials remain practically unchanged from last year, except that an increase in malt is shown, and a falling off in rice, sugar and jawaree.

WRECKS AND CASUALTIES.—The marine department supplement report just issued shows the number of wrecks in Canadian waters for the year 1889 to have been 15, five being total wrecks. Thirteen lives were lost. The wrecks and casualties to all vessels in Canadian waters were 161, 57 being total wrecks, and the loss of lives, 89. Forty-seven received recognition of their services in saving life, 38 from the Canadian, six from the British and one each from the United States, Spanish and Italian governments.

PROBABLY A HOAX.—A bottle was picked up on the shore in Cranpand Harbor last Sunday containing a scrap of paper upon which the following was written:—

August 13, 1890. Ship Maggie B., Capt. Falbi, lat 52, 45, had her spars carried away and sprung a leak; manned the pumps for three days; she carried 12 hands all told. Captain and mate are drunk; have not seen them for 24 hours. The bottle was carefully sealed. The whole affair is probably one of those senseless practical jokes that are becoming all too prevalent now-a-days.

Trade Relations.

SIR JOHN'S OPINION.

OTTAWA, Sept. 16.

Sir John Macdonald attended the Roman Catholic picnic at Morrisburg to-day. The weather was unfavorable for an out-door demonstration, and accordingly a meeting was held in Music Hall this evening, when the Premier delivered a most important speech on the trade relations between Canada and the United States. He said that Canadians would rather that the McKinley bill did not pass, but that there was no doubt of the law coming into force whether the bill was dictated by unfriendly motives, and he did not propose to attribute motives, its effect would be detrimental to Canadian interests. It would check and have a tendency to diminish the commercial intercourse between the two countries. That is no fault of Canada. He pointed out how since the abrogation of the Reciprocity Treaty of 1854, different governments, Conservative and Reform alike had endeavored to secure improved trade relations between Canada and the United States. The United States had every right to pass such measures they believe to be in the interests of their country. If the McKinley bill passed the Canadians were not going to cry about it like children, but will meet it in the best way they can after the abrogation of the old Reciprocity Treaty. Canada opened up new channels of trade, and in a few years the people were almost in as good a position as ever. In the same manly spirit the people acted then, they must act now. He spoke of the efforts of the Minister of Agriculture to encourage the growth of two-rowed barley for the English market. In like manner eggs and poultry can be sent there. A new trade route is just being opened up by Canada with China and Japan, and when the new C. P. R. steamers are placed on the route, trade is bound to extend to that market. He hoped to see before long the construction of a cable between Canada and Australia. Such a cable was the precursor of trade and would doubtless be followed at an early date by direct steamship communication. He was glad to say that the sister colonies of the antipodes are manifesting a desire for closer trade relations with us.

The Burchell Murder Case.

NIAGARA FALLS, Ont., Sept. 16.

The Burchell murder case will be taken up here on Monday, Sept. 22nd, and it is expected it will last a whole week. One hundred witnesses will be subpoenaed and no one will be admitted to the Court room without a card. The capacity of the room is five hundred and the crown expects that the witnesses, crown officials and leading legal authorities, with the press representatives, will fill the room. At least seven thousand applications for cards of admission have been received.
