**Exploratory Shaft Planned**

**TORONTO (CP)** — International Nickel Co. of Canada Ltd. said Wednesday it will sink an exploration shaft on a property 30 miles west of Port Arthur to determine the feasibility of setting up a producing mine.

James C. Parlee, Inco executive vice-president, said there are indications of a nickel ore body at the site, but there are several technical difficulties to be tackled before deciding whether it might become a mine.

The property is at Shebandowan, Ont. The indicated ore body is located under a lake at the site.

**Crime Rate Increasing In Canada**

**OTTAWA (CP)** — Canada is losing ground in the fight against crime. George Street, chairman of the National Parole Board, said in a press statement Wednesday.

"The Canadian rate of crime is increasing at about double the rate of the population increase, instead of gaining ground or at least keeping abreast of it, we are actually losing ground," Mr. Street said before leaving for London, Eng., to attend a conference of Commonwealth law ministers.

More than 80 per cent of the 7,400 men now serving time in federal prisons have been in prison before, he said.

"It is clear that despite the very good programs in some of our institutions and the best efforts of the dedicated people working there, imprisonment is not beneficial for the majority of inmates."

**VALUES CONTROL**  
The provision of sufficient, adequate and authoritative control was "the key to success in the treatments of criminals." Canada had an average parole failure rate of 11 per cent — one of the lowest in the world.

Since the parole board started operating seven years ago, 1,571 of the 14,169 inmates granted parole had been returned to prison.

But of those 1,571 who forfeited their parole, only 779 lost it for committing an indictable offence. The other 792 had their paroles revoked for misbehavior or a minor offence, Mr. Street said.

**SATELLITE LAUNCHED**  
**MOSCOW (Reuters)** — Russia launched Wednesday another satellite in its Cosmos program of unmanned space research. This one was Cosmos 115.

**WRITE OFF CRUISE SHIP**  
**LONDON (Reuters)** — The Norwegian cruise ship Viking Princess, hit by fire in the Caribbean on Good Friday, is considered a total loss by survivors, it was reported here Wednesday. The hull will be offered for sale in Kingston, Jamaica, where it is lying at anchor. Two of 494 persons aboard the 32,812-ton vessel died of heart attacks in the fire.
