## New Rotary Officers Named At Ladies Night

Ladies' Night at Rotary brought together 170 Rotarians, Rotary Anns and guests at a delightful dinner meeting followed by the President's Ball in the Charlottetown Hotel last night.

Following the introduction of head table guests, a cordial welcome was extended by president, Dr. G. G. Houston. With Al Blanchard at the piano, Walter Cox conducted a singsong.

Dr. Frank MacKinnon in his toast to "The Ladies" called upon a fund of incidents which created amusements and laughter which was equalled by Mrs. Irene Rogers in her reply.

Remarks by the president followed. Max Seigle of Switzerland, a student at St. Dunstan's University was heard with much pleasure in two piano solos and later in the evening played two other numbers.

Pleasure and satisfaction greeted the presentation of the sketch "If Sir John A. Returned" by a group of children from the Rehabilitation Centre, written by Mrs. Olive Livingston, their school teacher, who also coached them for the performance.

The sketch dealt with a "dream return" of Sir John A. to be confronted with many of the inventions which shook his powers of understanding as they were explained in turn by the children. The telephone, electric lights, heating, airplanes, automobiles were all amazing to the distinguished visitor who made Canadian history in Charlottetown nearly 100 years ago.

John Evans was master of ceremonies.

**NEW SLATE**

At the conclusion of the dinner meeting, a slate of officers by the committee assigned that duty was adopted and Dr. Houston declare W. R. Jenkins elected president for the year beginning at mid-summer. Other officers elected were, Andrew Likely, vice-president; Brian Cudmore, secretary; R. G. Boyne, treasurer; Claude Hunter, Frank MacDonald and Dr. Malcolm Putnam, directors. The retiring president, Dr. Houston is also a director.

Head table guests piped to their places by Scott MacDonald, included Lieutenant-Governor F. Walter Hyndman and Mrs. Hyndman, Mr. and Mrs. Wallace Coles, Lions Club; Mr. and Mrs. 'Bud' MacDonald, Kinsmen; Mr. and Mrs. Ron Woodgate, Centennial Y's; Mr. and Mrs. Robert Williams, Alpha Y's, and president-elect Jenkins.

Rotary Anns were represented by Mrs. Houston, wife of the president.

A dancing demonstration by Gunther Buchta was an added feature to this phase of the evening's entertainment. Bridge was also enjoyed by many devoteers. The presentation of prizes concluded the festivities.

**BUDGET HITS RECORD**

TORONTO (CP)—The Metropolitan Toronto school board Tuesday night approved its 1963 budget, a record $87,915,765 and up from $80,724,934 in 1962. The increase will cause a metro school tax increase of .26 mills over last year to 13.26 mills.

## Potato Price Stability Urged By Kings Liberal

Inability to obtain unemployment insurance stamps for farm help hired for harvesting crops by small farm operators, was given as one reason for the larger operators being able to hire better qualified farm workers by Daniel MacDonald, (Lib.-1st. Kings) as he made his maiden speech in the Legislature yesterday.

Mr. MacDonald won the seat in last December's provincial election, defeating Provincial Treasurer Melvin J. McQuaid.

Taking part in the draft address debate he urged the need for finding stability in the price structure of potatoes, and said it could be done through government aid in marketing. He reminded the House that "potatoes have brought more publicity to Prince Edward Island than any other of our products".

He maintained his district, and Kings County in general, is not getting its fair share of the tourist dollar and said it had some of the finest beaches in the province. (At this point Tourist Development Minister Stewart interjected a remark to the effect that this year's tourist bureau booklet had a picture of "one of your beaches" on it).

During one part of his speech an exchange of 'pleasantries' took place between Premier Walter Shaw and Opposition Leader A. W. Matheson. Mr. MacDonald waited patiently for them to finish and then finally said "Mr. Speaker you will have to do something about those fellows".

**UNIFORM TIME**

Mr. MacDonald joined fellow Kings County representative George Ferguson in urging the government to give the province either standard time or uniform time, and while discussing other possible changes made a plea for retention of Grade 8 in the local schools. He said it was rumored their removal was intended and he opposed the idea as it meant a long day away from home for young children.

In addition to this, he said, taking away Grade 8 could easily mean the loss of a school to a district and "if you take the school out of a district you have nothing left. It would be hard even to sell property if there were no nearby school".

To aid in roadside appearances he suggested that high school and college students be employed in the summer to cut down small trees. He also suggested there was a greater need for ice making equipment besides bait holding units, as an aid to the fishing industry. This came about, he stated, from the increased use of cod nets.

## Highway Litter Results In Fine

## Island Said Typhoid Free

There have been no cases of typhoid in provincial government institutions this year, Dr. Hubert MacNeill, minister of health, said in the Legislature yesterday.

He was replying to a question by Dr. M. L. Bonnell (L—4th Kings) who pointed out that Switzerland and the United States have outbreaks of typhoid at present.

Dr. Bonnell also asked Highways Minister Philip Matheson if highway crews in Kings County were taking steps to repair road damage caused by washouts.

Mr. Matheson said he would check on the matter if Dr. Bonnell would give the location of the washouts.

"If a man was sent out," said Dr. Bonnell, "he'd see where the puddles are."

"Surely you know the road well enough to give the general location," said Mr. Matheson. "I'll see that they are checked. We are already doing it in a general way."

Dr. Bonnell said washouts had occurred in the Cherry Valley and New Perth areas.
