THE DAILY EXAMINER.

JUNE 3, 1895.

NOTES AND COMMENTS.

—Commenting upon the recent speech of Hon. Dr. Montague, the Mail and Empire remarks that "the success of the assault was tacitly admitted by the Liberal leaders. Had Mr. Laurier been in a position to reply, the country would have heard a speech from him instead of the comic effusion of Dr. Landerkin."

—Like many other intelligent observers, the Belleville Intelligencer is unable to understand the Liberal policy. It finds that "the Globe, which has been denouncing the N. P. because it robs the people to make the manufacturers rich loudly applauds Mr. Bain, M. P., who denounces the N. P. because it has ruined the manufacturing industries and those who engaged in them," and it impatiently asks: "How can the authors of such contradictory yarns expect intelligent people to put faith in anything that they say?"

—The Belleville Sun has lately shed a great deal of light upon the city of Belleville, its industries, and its leading men, including Premier Bowell. Bellville is evidently growing and prospering. Its manufacturing establishments, we are told, are "all doing a good business," and the pay-rolls of these institutions are a very important factor in the general prosperity of the town. The special edition in which the Sun illustrates and describes Belleville is highly creditable, and is in itself an evidence of advancement.

—Montreal Gazette: Mr. Cockburn, M. P., while acting as Canada's commissioner at the Chicago World's Fair spent $4,426. Mr. Nicholas Awrey, M. L. A., Ontario's commissioner, spent $6,378. The Dominion Oppositon press has published the number of times Mr. Cockburn got his boots blackened, the amount of his laundry bill and the quantity of crackers he ate at luncheon. The Ontario Opposition press has not done this in the case of Mr. Awrey. The Dominion Opposition press is Liberal and the Ontario Opposition press is Conservative. Mr. Awrey must appreciate the fact that he has gentlemen for opponents.

—A Canadian in London writes that affairs in England are dull because everything comes from abroad. "Cassels even are now issuing a book 'Printed in Holland,' and bibles from the Oxford press have a little note, 'Printed in Germany.' When the Englishman gets up he breakfasts on eggs from Holland, Danish butter, Vienna bread—made by German workmen of American flour. For lunch he has nice German, Dutch or American cheese, perhaps an Ostend rabbit, and for dinner Australian beef or mutton, potatoes from Holland and greens from Jersey, and American canned fruits. In the meantime Essex farmers are going through the Bankruptcy Court at the rate of three hundred per year."

—Our esteemed correspondent who is anxious to obtain information regarding the salaries and wages in connection with the P. E. Island Hospital ought to have called upon the secretary. On application we learn that the salaries and wages include:

Matron	$500 00
4 assistant nurses, $17 per month less $4.04	332 96
Cook, $7 per month	84 00
Housemaid, $5 per month	60 00
Wages paid boy, washerwomen and charwomen	180 00
Truckmen, hauling and packing ice	12 25
House banking, &c.	3 90
Cleaning well	2 00
Salary secretary-treasurer	50 00
	$1225 11

—In the Senate a few days ago Sir McKenzie Bowell explained that the object of granting customs rebates on raw material imported and manufactured for export was to enable the Canadian manufacturers to compete in the markets of the world with the United States manufacturers by allowing them to purchase raw materials at the same price as their American competitors. He failed to see how Canadian farmers suffered from this arrangement, as in the case of agricultural implements for instance, the rebate of customs duties barely enabled the Canadian manufacturers to compete in foreign markets with the manufacturers of the United States. The result in a single instance of the Massie-Harris company during the present year was that one thousand agricultural implements were made and exported to Australia and the Argentine Republic and one hundred and twenty-five to Russia, which but for the rebate would have been supplied by American manufacturers.

NEWS NOTES.

Barley is the most widely diffused of any of the grains. It grows equally well in Lapland and in the Valley of the Nile, the only difference being that in the latter country it is capable of producing two crops a year.

One of the most remarkable sights to be seen in Australia is a burning mountain, 1,820 feet in height. The mountain is supposed to be underlaid with an inexhaustible coal seam which in some way became ignited. It was burning long before the advent of white men to that part of the country.

West Edinburgh has elected a Liberal-Unionist to replace Viscount Wolmer by a majority slightly larger than that of 1892. According to the circulations of British papers, when all the members are in the House of Commons the majority of the Government, after this election, will be just eleven. The Conservatives are credited with 271 seats against 269 they held when the session opened after the general elections; the Liberal-Unionists are given 49, as compared with 45 in 1892, and the nine Parnellites are counted with the Government, making the total of the ministerial forces 329, as compared with 314. The Government party is made up of 268 Liberals as compared with 274 three years ago. The Irish Nationalists remain unchanged at 72. The total is 340 compared with 355. Since the general elections the Unionists have won eight seats, but, on the other hand, they have lost four.

Science Triumphant at Last.

Miller's Emulsion of Cod Liver Oil is the outcome of the latest scientific researches. There was always a prejudice against taking Cod Liver Oil on account of its disagreeable taste, but Miller's Emulsion is agreeable to the palate, and that is one reason why it has become so popular with the medical fraternity, the hospitals of the country and the households wherever consumption or lung troubles prevail. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrofula and all Lung affections. In Big Bottle, 50c. and $1, at all Drug Stores.

Acting through the blood, Hood's Sarsaparilla not only cures scrofula, salt rheum, etc., but gives health and vigor to the whole body.

ST. JAMES' HALL.

Laying of the Corner Stone—History of St. James' Reviewed by the Nestor of the Congregation.

A large number of persons assembled upon the grounds on Saturday at 4 o'clock to witness the laying of the corner stone of the new hall in connection with St. James' Church in this city. Artemas Lord, Esq., chairman of the building committee, presided. The children of the Sabbath School, with their teachers, led by Mr. Bell, the organist, sang the hymn, "This Stone to Thee," after which Mr. Lord delivered a brief address descriptive of the measures adopted in respect to the new hall. He said that two members of the congregation had promised $1,300 towards the erection of the hall if an equal amount could be obtained from the rest. A subscription list was opened, and there were speedily obtained subscriptions for the sum of $3,612—considerably more than the committee anticipated. So plans had been obtained and work begun.

The Rev. W. Hamlyn then read an appropriate portion of Scripture and offered prayer.

John W. Morrison, Esq., the Nestor of the congregation, then gave a short and interesting sketch of the history of "The Auld Kirk." He said that a deed of the land upon which St. James' Church and Manse now stands was obtained on the 25th November, 1825, from Mr. Alexander Birnie. The church was opened for service in 1831, the first minister being the Rev. James McIntosh. Before this date the churches of both England and Scotland worshipped in the old church on Market Square—the English holding service in the forenoon and the Scotch in the afternoon, Bishop Ingles, Rev. Dr. Jenkins and Rev. John McLennan, of Belfast, being the heads of the respective establishments. I landed in Charlottetown on 20th May, 1834, and on the first Sunday after went to the Old Kirk. Rev. Mr. McIntosh was called to Halifax in 1837, and the pulpit was then vacant for over two years. Rev. Angus McIntyre, from Scotland, accepted the charge in 1839 or 1840; but he returned to Scotland at the end of 1844—one year after the Disruption. Applications had been made from Scotland for ministers to supply vacant pulpits. In 1845 the General Assembly appointed a deputation to North America, consisting of the Rev. Dr. Simpson, Rev. John McLeod and Rev. Dr. Norman McLeod, whose name is known in all the churches. About this time a minister from Miramichi occupied the pulpit for one Sabbath, and informed us that a minister from the Church of Scotland could not be expected for some time. He recommended the establishment of a Sabbath school and requested anyone who would assist in the formation of a Sabbath school to step forward. Mr. James Purdie, Miss Ellen Cameron and myself agreed to do so, and on the following Sabbath the school was opened, Mr. Purdie being the Superintendent. After a few years, I was appointed Superintendent and acted in that capacity for sixteen years, giving place to Mr. Archibald Kennedy. Since that time several others have acted as Superintendents, and to-day Mr. John A. Lawson is faithfully occupying the position, and the school to-day—now in its jubilee year—is in a flourishing condition. It is intended to give the children this summer a jubilee picnic, and in a few months to withdraw from the old kirk to the new and commodious building the corner stone of which is being laid to-day. The third minister, the Rev. Mr. Browne, from the church in Ireland, occupied the pulpit during the winter of 1846. A vacancy occurring again, the Rev. Mr. Bean received a call in 1849, but in consequence of ill-health had to give up the charge, when the Rev. Mr. McNair, from Scotland, occupied the position and remained with us for a few years. He was called home in consequence of the illness of his father. He was the fifth minister. After him we had Dr. Snodgrass, from Scotland. In 1856 Dr. Snodgrass received a call to Moutreal. The seventh minister was the Rev. Thomas Duncan. I need not say anything about him. During his twenty years' going in and out through the congregation and city he was a general favorite. He accepted a call to Halifax, and afterwards to Scotland. Our eighth minister was Rev. Kenneth McLennan, who was instrumental in building our new St. James Church. Our ninth minister, the Rev. James Carruthers, was faithful to his duties, and remained with us some years. He accepted a call to New Glasgow, Nova Scotia. Our tenth and present minister, Rev. Mr. Fullerton, now on a trip to Scotland, is doing good work in the service of the Master, and I am sure you will all join with me in the hope that he may return in safety to his family and the church, and be a blessing to us all. I have now given you the names of the ten ministers who have occupied the pulpit of the old and new Kirk during the past sixty-five years. All were Ministers of the Church of Scotland, except one who was a minister of the Church of Ireland. As a congregation, we owe much to the Church of Scotland. For over twenty years that church gave us a grant of £50 stg., or $250, a year. This we voluntarily surrendered during Dr. Snodgrass's ministry, thinking that other congregations at home and abroad were more in need of it. Although I am devoutly attached to the church of my fathers, after all, what matters it whether we are Episcopalians, Wesleyans, Baptists or Presbyterians—if not in Christ it is of no avail. Let us so live that when we come to die we may receive the "Well done, good and faithful servant, enter thou into the joy of thy Lord."

Short and eloquent congratulatory addresses were then delivered by the Rev. Messrs. Campbell and Sutherland and by Mr. Hector McDonald, M. L. A., after which Archibald Kennedy, Esq., formally placed within the stone a number of records, including copies of the daily papers, and formally laid the stone. A hymn, "The Church has one foundation," was then sung, and the proceedings closed with a benediction by Rev. D. McNeill.

PUTTNER'S EMULSION

WILL RESTORE

Pale, Weak and Emaciated CHILDREN

to a normal condition of HEALTH and STRENGH, and bring back the BLOOM OF YOUTH more quickly than any other medicine.

As a Flesh Restorer, Puttner's Emulsion has no equal,

giving substance and tone to the wasted muscles.

All Druggists keep it. Price 50 cents per bottle. june3

CORN SMUGGLING.

Burlington, Vt., May 30.—Canadian authorities are interested in the discovery of one of the greatest customs frauds ever known in the Dominion. The laws of Canada allow the free importation of corn from the United States for ensilage and seeding purposes, while on all corn used for feeding purposes is laid a duty of 7½ cents per bushel. The large amount of corn imported from the United States for these alleged purposes aroused the attention of Captain A. A. Mooney, who for the last eighteen years has served as Customs officer at Mansonville, P. Q. One morning, while examining a lady's baggage, he overheard a remark between two gentlemen which led him to make a more careful search of the lady's goods, and before the task was finished he had learned where one of the suspected lots of corn was to be delivered. Mr. Mooney at once went to the man's place of business under the disguise of an American buying potatoes and other farm products, and winning his way into the dealer's confidence drew from him a complete statement of his plans, the merchant informing him that the expected corn had been delayed and the farmers were anxiously waiting for it that they might get it for feed. As soon as possible the seizure was made, and the owner paid the Government full value of his corn as the penalty of his offence. Meanwhile Mr. Mooney and his assistant had made some startling discoveries and they found that this form of smuggling was common all through Quebec and a large part of Ontario. They estimated that the value of the smuggled goods is $100,000, although their seizures at the present time are only about $4,000 worth of corn. The great difficulty which the officers meet with is the security which the law gives the offenders. No corn can be seized until it is removed from the car, and the officers find it being ground or stored in a mill for grinding purposes. The smuggler can even take it from the car and store it in a building to make it more convenient for the farmers to secure it, and the officer cannot touch it until he finds someone actually of grinding or feeding it. In speaking of the matter, Inspector of Customs O'Mara says that it is one of the greatest frauds ever perpetrated on the Canadian Government, and the value of the corn thus entered will thus exceed, instead of falling short of, the $100,000 mark.

TRY TO BE CALM.

Don't fly into a passion and quarrel with your wife.

May be she is fretful, restless, subject to fits of despondency Wears her old dresses. Is careless about how things go. Doesn't take the old time cheerful interest in household affairs.

Do you know why? The poor woman is worn out with care and worry. She needs sympathy, encouragement, rest. She needs something to restore the bloom of health to her cheeks, the old light to her eye, the old ambition, the old strength and vigor to her nervous system. Nothing in the world will do this so effectively as a thorough course of Hawker's Nerve and Stomach Tonic. Thousands of grateful women know it and bear witness to the fact.

Hawker's nerve and stomach tonic is a perfect nerve restorer and invigorator, and blood and flesh builder, as well as a valuable stomach tonic and aid to digestion. It is especially adapted to aches, neuralgia, hysteria, pale and sallow complexions, suppressions, anæmia, despondency, loss of memory, or any nerve weaknens of heart or brain arising from worry, overstrain of body or mind, or excesses of any nature. It gives tone to the nerve and stomach, vigor to the mind and body, and strength to the blood, restoring the bloom of health to the pale and delicate. It is for sale by all druggists and dealers at fifty cents a bottle, or six bottles for $2.50, and is manufactured by the Hawker Medicine Co., (Ltd.) St. John and New York City.

PERSONAL.

Mr. R. T. Taylor, of Montreal, is at the Davies.

Hon. James W. Richards is in the city. He is registered at the Davies.

Hon. Peter Sinclair, Summerfield, is in the city. He is registered at the Queen Hotel.

G. W. Bentley, ex-M. P. P., Kensington, registered at the Queen Hotel this forenoon.

Mr. Geo. F. Owen was registered at the Queen on Saturday on his way home from Ottawa.

P. Kelly and wife, Montague, and Rev. C. W. Hamilton, Bayfield, N. S., are at the Queen Hotel to-day.

The Bishops of Charlottetown, St. John and Antigonish are expected to leave London for home tomorrow.

Mr. R. W. Ambrose, representing the Imperial Oil Company, arrived in this city on Saturday evening, and is registered at the Hotel Davies. He went west this forenoon.

Father Hagarty, of Indiana, arrived here on Saturday evening and left this morning for Memramcook, N. B. He officiated at the service in St. Dunstan's Cathedral last evening.

Mr. G. R. Sangster returned last evening from a few days visit to Charlottetown. Mr. Sangster says the country is looking fine and the farmers have bright prospects for a good harvest.—Moncton Times.

The many friends of Rev. P. A. McEllmeel, the esteemed pastor of St. Joseph's Church, Kelly's Cross, will hear with regret that he is seriously ill of pneumonia at the episcopal residence in this city.

How discouraging to find that the cloth you have chosen for a suit of clothes does not turn out as you have expected. Such is never the case with the "*Tyke*" Serges, but you must be sure to get it with the registered trade mark, "*Tyke*," stamped on the back of every 2½ yards.

Special Despatches to the Examiner

Obituary.

London, June 3.

Sir James Bacon is dead.

[Sir James retired from the Judicial bench in 1886 at the age of eighty-eight. He was called to the bar in 1827 and acquired a large bankruptcy practice. He was made Q. C. in 1846 and was appointed Chief Judge in Bankruptcy and Vice Chancellor in 1870, and a Judge of the High Court in 1875. He lived to the great age of ninety-seven years.

Notes From The Capital.

Ottawa, June 3.

Geo. Lewis, Secretary of the Supreme Court of Canada, is dead.

The opinion seems to be gaining that the Manitoba question will not come before Parliament this session. The Manitoba Government, people, and the leaders of the minority in that Province, have become singularly calm in their utterances.

Murder and Suicide.

Worcester, Mass., June 3.

John P. Woodes shot and instantly killed his son-in-law, John Adams, and then shot himself here last night.

Six Persons Blown to Atoms.

Vienna, June 3.

Six persons were blown to atoms in an explosion in a powder factory at Felixdorf, a suburb of this city.

Robbed and Murdered.

San Francisco, June 3.

Nellie Harrington, aged 35, was found yesterday murdered in her room. It was the work of robbers.

Blown Up.

Parkersburg, W. Va., June 3.

A skiff loaded with nitro-glycerine was blown to atoms and one man was killed on Saturday.

The Newfoundland Loan.

London, June 3.

The Times says: "We understand that the Newfoundland loan is for £550,000 at 4 per cent.

Lacrosse Match.

Montreal, June 3.

Cornwall beat Montreal in a Lacrosse match on Saturday, 7 to 2.

THE LADIES.

The pleasant effect and perfect safety with which ladies may use the California Liquid laxative, Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co. printed near the bottom of the package.

Ask to see our kid gloves, we are selling off our stock of kid gloves at 10 per cent lower than you can buy elsewhere, we have the best makes. Ladies Corsets is another line we are closing out cheap. See our before buying at J. B. Macdonald & Co's.

The popular styles and prices in boots & shoes will be found at J. B. Macdonald & Co.
