QUALIFICATION OF VOTERS IN CHARLOTTETOWN.

Every voter must be a male person of the age of twenty-one years, a British subject, not subject to any legal incapacity, and must have been duly qualified for at least twelve months next before the fifth day of June inst., which is the date of the writ of Election; and must, in addition, be entitled to one or more of the following qualifications:

First.—For the Town and Royalty, must own a Freehold Estate, consisting of one whole Water, Common, Town, or Pasture Lot, or a Freehold Estate of the clear yearly value of Forty Shillings, consisting of a Dwelling House, Waterhouse, Shop, or other Building, or of a piece of Land, or must be in the bona fide use and occupation, or actual possession, of any Dwelling House, Warehouse, Shop, or other Building, or piece of Land, of the clear yearly value of Forty Shillings, the qualification to be within the Town, Common, or Royalty.

Tax voters. Tenants and property owners may cross and recross the street without losing their votes.

Be careful and vote in your right place, otherwise Morris & Peters will do what they did last election, apply to have your names struck out of the Poll Book.

A GREAT many of you have received notices from the Grit Party, notifying you that your names will be struck off the revised list of voters for want of proper qualification, at the Dominion Election. This is a "little dodge" of Mr. Louis H. Davies, hoping that you may be deterred from voting at the Local Election. Remember this has nothing to do with your vote at the Local Election. Pay no attention to it until after the Local Election is over, but go forward manfully on the 30th inst., and poll your vote for McLeod and Blake.

Hard Up.

THE Patriot contends that to Mr. F. Peters is due the credit of obtaining the Piers money; for Mr. Peters some years ago, it is stated, made some vague allusions to the ownership of the foreshores of Canada while pleading a case. Why, then, if they had any faith in what Mr. Peters said, did the Opposition recede the action taken by the Government? Why did they oppose in every stage the measures taken by the Government to obtain the Piers money? The Government it is notorious, obtained the Piers money (some \$78,000) in spite of the Opposition; but the Patriot now says that Mr. F. Peters deserves the credit. The Patriot is evidently hard up for some public service with which to credit Mr. F. Peters!

A Specimen Brick.

POSTERS announcing the Grit meeting in Market Hall were put up on Friday evening, and no one has touched them or will touch them. But the posters put up on Saturday evening, announcing the rally of the supporters of McLEOD AND BLAKE in the Market Hall on TUESDAY EVENING next, were all torn down or defaced during Saturday night or the early part of the Sabbath morning.

This simple fact illustrates truly the great difference between the two parties. The Liberal-Conservatives desire to win by right means. They have made a fair and legitimate canvass. Not a man among them was mean enough to tear down the Opposition bills! But those who support Mr. Morris and his colleague have no hope to win except by deceit, lies and treachery. No doubt the abandoned men who tore down the bills acted under the orders of their chiefs. The act is but a piece in the canvass which Messrs. McLeod and Blake have had to contend all through. Yet decent, respectable, fair-minded, law-abiding electors are expected to go forward on Wednesday, and record their votes in favor of Morris and Peters. In the name of the Grit party and their candidates, any mean act may, it is presumed, be done with impunity. Nay, it is even supposed that Morris and Peters will be rewarded by a majority of votes!

We shall see. In the meantime we protest against this kind of warfare—worthy only of political Bashi-Bazouks and Zulus, and appeal against it to the intelligence and respectability of the town.

NEW BRUNSWICK AND PRINCE EDWARD ISLAND CONFERENCE.

(Special Correspondence of the Examiner.) June 24.

SEVENTH DAY—MORNING SESSION.

Dr. Stewart presiding. Prayer was offered by Rev. F. Smallwood. Minutes of previous session read and confirmed. On motion of Rev. R. Wilson; Conference voted thanks to the Sackville friends for their hospitality, and to the Rev. R. W. Weddall, for the efficiency of his arrangements.

On motion of Dr. Stewart, the following were appointed the Conference Special Committee:—The President and the Secretary of Conference, Superintendents of Districts, Dr. Pickard, Henry Daniel, Dr. Pope, S. T. Teed and H. P. Comperthwait, A. M. Rev. C. Evans moved a vote of thanks to Dr. Williams, making special mention in doing so of his pulpit and platform efforts and of his conduct in the chair. It was seconded by Rev. J. Shenton and supported by Rev. S. H. Rice. Conference accorded the vote by a rising vote. Dr. Williams suitably acknowledged it.

There were several discussions about church property, the elements of the Lord's Supper and the methods of celebrating the Sacraments. Many of the brethren took part. Rev. T. Marshall asked whether or not any of the brethren were at liberty to enter the Court now sitting on Ministerial character. Dr. Williams thought it was better for the Court to free from the pressure of outsiders. However no resolution was carried on the subject. Conference adjourned to meet at 9 a. m. to-morrow.

CONFERENCE PICNIC.

At the invitation of the President and Directors of the N. B. and P. E. Island Railway, the Conference took a trip to Port Elgin. About 50 members took advantage of the kind offer. Some of them went to Baie Verte, others to Fort Moncton, and others to Port Elgin. On the way to and from singing, conversation and speeches were the order of the day. When the train had returned as far as Midgie, Rev. J. Shenton moved a vote of thanks to the President and Directors of the Railway,

which was seconded by Rev. R. Wilson, and presented by Dr. Stewart. The vote was unanimously carried, Josiah Wood, M. P., responded. He was followed by J. L. Black, M. P. P. Then Mr. Wood, in the name of Mrs. Wood, extended an invitation to the Conference to take tea on the lawn, which was most heartily accepted. Between 50 and 60 ministers gathered on the lawn in front of Mr. Woods residence. A most sumptuous repast was served. The evening was spent most pleasantly in singing, lawn tennis and otherwise, as the ministers thought suitable to their inclinations.

LETTERS TO THE EDITOR.

St. Peter's Boys' School.

SIR,—Might I be allowed to explain, in answer to numerous enquiries, that the "Consolation Prize" recently presented at St. Peter's School, was the master's prize for the highest total number of marks throughout the examination. The term is commonly used in England, probably because being the last prize awarded it is looked upon as the last chance by those who have not already taken a special subject prize, and if obtained by such an one, it proves an unquestioned "consolation." Though last on the list it is by no means last in point of merit, as it frequently indicates the best all-round boy in the school. The following is the list of prizes:—

- Highest total of marks for the term—1st, T. D. Rogers; 2nd, E. A. Earle. Highest place at weekly examinations—1st, T. D. Rogers; 2nd, E. A. Earle. Highest total of marks for home lessons—1st, F. A. Churchill; 2nd, T. D. Rogers. Set of four maps—1st, E. A. Earle; 2nd, G. Macgowan. Best memory map—1st, G. J. Foster; 2nd, F. C. Cotton. Grammar—1st, R. Irwin; 2nd, G. J. Foster. Arithmetic—1st, F. C. Cotton; 2nd, T. E. Cullen. Highest total of marks for examination—1st, T. E. Cullen; 2nd, E. A. Earle. Popularity prize, voted by the school—W. D. V. Earle. I remain your obedient servant, H. GREEN, St. Peter's Boys' School.

Politics at Vernon River.

THE REV. S. G. LAWSON ROTTEN-EGGED AND MALTREATED.

A correspondent at Vernon River writes: "The gentleman who was requested to report the proceedings of last Saturday evening's meeting at Vernon River, having left his chair before the meeting was half over, and as I understand having since refused to send a report, I think it is well that some report should be sent, hence this present writing."

The meeting was called to order by Geo. O'Neill, Esq., who kindly gave a large building for the use of the electors—being called to the chair, and I feel bound to say that under the most trying circumstances, he filled the position with nerve and impartiality.

As usual, at such meetings, the Government was abused on one side, and defended on the other. The candidates on both sides addressed the people. A. Martin, Esq., made a slashing speech, which was but feebly replied to by D. C. Martin, Esq. Wm. McLean, Esq., made his longest address of the Campaign and gave the lie direct to reports in the Patriot and statements of L. H. Davies, Esq., to the effect that he joined with the latter against his own colleague upon the financial statements of the preceding and present governments. Geo. Forbes, Esq., also spoke denying having any lot or part in certain circulars about a political platform, which have caused ill-feeling in the community.

At the close of his address, D. C. Martin, Esq., one of the Grit candidates, was so unfortunate as to broach the "circular" subject, which, before the meeting closed, resulted in creating a scene of disturbance perfectly in accordance with Grit tactics, but disgraceful to the party. A man in the crowd said the circulars were issued by the Tories, and issued from the Herald office. Rev. S. G. Lawson, who was not present at the time—was most unmercifully slandered and blackguarded, and dire threats were made as to what would be done if he dared to show his face. For a time the scene was one of complete disorder, and in the height of the hubbub Mr. Lawson did put in an appearance, and walked boldly on the platform to face his slanderers and rebut their statements. The howling, hooting, dirty mob did their best to keep him from speaking. Eggs were pelted at him, and finally he was pulled from the platform and his coat torn right up the back. Men who have some pride in Vernon River felt disgraced, and respectable Grits felt ashamed. But Mr. Lawson accomplished his object by informing the audience that the circulars were printed at the Union Office, and he procured copies of them to circulate and show the people what sort of unscrupulous scoundrels they had to deal with in the Grit party.

"The meeting closed in disorder, and Mr. Lawson took refuge in the local hotel, until such time as he could get away."

"The above shows what sort of cattle we have to deal with, and it is

TRUTH."

Pownal, June 28, 1886.

A Challenge.

SIR,—I see in the Weekly Patriot a statement of figures to show that the Government paid me too much for the lumber used in the repair of North Pinette Bridge. In reply I have to state that the Government did not pay me a single dollar or a single cent for the lumber more than I paid to the men from whom I purchased it. I challenge the whole Grit party, or any member of the party, to prove that I did so. As to the charges for labor, etc., I also make the same challenge. And as to the bridge, as constructed, I challenge any man to prove that it was not well built, and does not represent good value for the money expended upon it.

Yours, FRANCIS PANTING, June 28th, 1886.

TELEGRAPHIC NEWS.

(SPECIAL DESPATCHES TO THE EXAMINER.)

WHITMAN HEARD FROM.

At His Old Tricks Again.

Knocked Senseless and Captured.

St. JOHN, N. B., June 28.

At Hampton, a few miles from here, on Saturday night last, a young man named Stewart was alarmed by a noise coming from his sister's bedroom. Arming himself he proceeded to the room, and upon entering, discovered a supposed burglar jumping out of the window. Stewart promptly jumped after him, and having chased him half a mile, succeeded in coming up with him and knocking him senseless with the butt-end of his gun. At this juncture Mr. Stewart, senior, (the father of the girl) arrived on the scene, and the scoundrel was arrested, and taken to the jail.

He is said to be a veterinary surgeon, named Whitman, well known throughout P. E. Island for previous acts of the same character, which finally made the Island too hot to hold him, so he decamped and took up his residence in Truro, N. S. The girl in whose room he was found is said to have been chloroformed.

RIOTING IN CHICAGO.

Strikers Capturing Trains.

Several Killed and Wounded.

CHICAGO, June 28.

Serious fighting has taken place between the railroad strikers and the police employed by the railway officials. Several attempts were made to run trains heavily guarded by the police, but the strikers ditched one train and wrecked three or four engines. One train, which was guarded by forty police officers, ran the gauntlet, but the strikers gave chase on a switch engine at a speed of fifty miles an hour. They overtook the flying train, and crowded on the pilot of their engine so as to couple on to the train and bring it back to Chicago. The police opened a rattling fire on the strikers standing on the pilot, several of whom were killed immediately and many were badly wounded. The strikers, however, gained their point, and after a time the firing ceased, and the train was taken back in triumph to Chicago.

Fishery Matters—An Emphatic Denial.

OTTAWA, June 28.

The report that a change had been made in the Government policy respecting the purchase of bait and the vigorous protection of the fisheries is officially denied. England has not interfered in any respect with the Canadian proceedings, and no change whatever has been made in the instructions to the cruisers. Any American vessel found fishing, to have been fishing, or preparing to fish (by purchasing bait, shipping fishermen, or doing anything else not covered by the four provisions of the treaty), will be captured by the cruisers wherever discovered without any warning or ceremony whatever.

The Government are determined to protect the rights of Canadians to their fisheries in the most vigorous manner and to the fullest extent.

Sudden Death—Incendiarism.

St. JOHN, N. B., June 28.

Mr. John McGullion, while out driving yesterday, dropped dead in his carriage. A bold attempt was made on Saturday night last, to burglarize and burn Bonnell & Cowan's large four-storey Grocery Store. The damage done by the fire amounts to \$6000.

This is the third attempt made by incendiaries within five years to burn this building.

A New Treaty Wanted.

PORT HAWKESBURY, June 28.

The cruisers boarded two American vessels in this harbor on Saturday. The skippers of both expressed themselves as thoroughly disgusted with and sick of the present arrangements, and said that the Americans must have a new treaty right away.

A Violent Thunderstorm.

HALIFAX, June 28.

Halifax was visited by a tremendous storm of thunder, lightning and rain about noon of yesterday. One inch of rain fell in an hour and the streets are badly cut up. Several houses were badly damaged by the lightning and the storm was the most severe experienced here for many years.

The Coming Elections.

LONDON, June 26.

It is said that seventy-seven Nationalists will be returned unopposed, and that nine of the London Tories will have a walk over. Four-fifths of the Scotch seats will, however, be contested.

Everything will be done to make it a most pleasant day for visitors. A Vigilance Committee will see to it that no one is interrupted in the lawful pursuit of enjoyment, and nothing will be allowed out of harmony with the traditions of Church Teas of the orthodox fashion.

Careful boatmen will ply the oar or spread the sail for the benefit of those who visit from the interior. The Band of the 82nd Battalion and other musical instruments of most select order will pour forth their melodious notes from land and water.
