GOING HOME.—Capt. Cunningham, of Gloucester, is at Souris preparing to take home the schooner Orient, which has been detained there since the death of Capt. Lee.

ISLAND OYSTERS.—A Montreal despatch says that two oyster schooners arrived there from Prince Edward Island on Saturday night, bringing in about 800 barrels, which are selling at two dollars, and twenty-five cents lower than those that arrived last week.

A GOOD OLD AGE.—The St. John Sun says: There are residing just outside of St. George, under one roof, a family of four persons whose combined age foots up 374 years, as follows: Miss Lizzie Mann, 100; Robert Mann, 90; Deacon John Mann, 92; Miss Catherine McBean, 92. These four people are in excellent health.

SCOTT ACT IN MONCTON.—It is stated that the Scott Act collections in Moncton this year to date, amount to \$1,450, and that the total to the end of the year will exceed \$2,000. The traffic continues most openly, and as the liquor dealers expressed a willingness at the beginning of the year to pay as much as will be collected, without incurring costs, the law is out several hundreds of dollars in legal fees without any benefit.

THE STANLEY.—The Pictou Standard says: The steamer Stanley arrived on Friday evening. On Saturday her crew were paid off. She is now out of the fishery protection service, and will be made ready for the mail and passenger service between Prince Edward Island and Pictou during the winter months.

THE FAMILY HERALD AND WEEKLY STAR, Montreal, has its enormous circulation because it does not encroach upon the local country paper's work. People everywhere find they need the FAMILY HERALD AND WEEKLY STAR. Montreal, in addition to their own local weekly. The FAMILY HERALD AND WEEKLY STAR has an enormous staff of high-salaried editors, and spends large sums in gathering general news of the world at large, besides employing money freely in adding to its literary miscellany.

THE "VIGILANT"—The cruiser Vigilant has lately been on the slip having her bottom cleaned, so that she can better guard our fishing grounds. On her way up to Halifax she destroyed thousands of lobster traps that had been left out contrary to fishery regulations. She is commanded by Cape Knowlton. Her crew consists of five Newfoundlanders, one P. E. Islander, Hugh Campbell, of Souris; the balance are from Nova Scotia, with the exception of the cook, who is a Creole, a native of Martinique, West Indies. The first officer is a Mr. Kacker, from Lunenburg, N. S. Her second officer, Telephore Rousseau, of Quebec, has been laid up at Souris for the last few weeks from an attack of inflammatory rheumatism, from which he is slowly recovering.

ASKING FOR DIVORCES.—An Ottawa despatch says: Isabel Carpenter, of Hamilton, assistant matron of the Hamilton Home of the Friendless, will apply at the next session for a divorce from her husband, William H. Tapley, of Montreal, agent, on the ground of desertion and adultery.

Thomas Bristow, of Collingwood, Ont., farmer, will apply at the next session for a divorce from his wife, Olivia Emeline Bristow, of Midland, Simcoe, on the ground of adultery and desertion.

BOY DROWNED.—The Summerside Pioneer says: A story was current here the first of last week that Capt. S. White, of the schooner May Queen, had lost his son overboard in the storm, but as it lacked confirmation it was not believed. It seems, however, that it is true, so a gentleman from Fifteen Point (the home of Mr. White) informs us. On Saturday, the 11th inst., Mr. White left this harbor with a cargo of junk for Shediac, and about nine o'clock that evening, his second son, a boy about 16 years old, was knocked overboard by the boom. We are informed that Capt. White came to an anchor off Fifteen Point and was ashore on Sunday.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes so "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. ap18'90dyoodwkyly

NEARLY AN ACCIDENT.—What might have been a very serious accident was prevented lately through the vigilance of an engineer on an east-bound train. On the evening of the 1st of October, the third day of the Provincial Exhibition, the switch at Harmony Station was turned off the main line and on to the siding. The express does not always stop at this station. Fortunately, on this occasion there was a passenger on board who had to be let off there. Were this not the case, it is painful to reflect upon what might have happened. Four coaches loaded with passengers returning from the Exhibition, made up the train, and it was by mere accident that the engineer, through the darkness, detected the open switch. It is alleged that this switch was left open by one of the hands employed on the section. If so, an interested public demands nothing short of this man's summary dismissal. The sooner the service gets clear of such men the better for all concerned.

Grit Headquarters in New York.

(The Empire.)

Grit campaign literature is being scattered through the province of Ontario in anticipation of the general election. So long as the Grit policy and Grit methods remain as they are at present a thorough understanding of them by the electorate is all that is required to make the coming Conservative victory an improvement upon those of 1878, 1882 and 1887. It does strike us as very peculiar, however, that the literature to which we refer is being sent out not from Toronto, Ottawa, Montreal, or indeed any Canadian centre, but from the city of New York, United States of America. The following is the circular which accompanies it:

314 BROADWAY, NEW YORK, U. S. A., October, 1890.

DEAR SIR,—The enclosed broadside of cartoons, from the clever pencil of J. W. Bengough, of Grit, is a rare compilation of humor in the grand question now before the Canadian people.

I will take it as a personal favor if you will place this poster in a conspicuous place in your establishment, that it may be a means of amusement and education to your customers. I will gladly reciprocate this kindness when opportunity offers. An acknowledgment by postal card, addressed as above, will be esteemed by

Faithfully yours,

ERASTUS WIMAN.

Evidently the Grit leaders here got tired of masquerading, and are willing to be seen and known in their true garments. Verily, little is left to the Grit party which would lead any unbiased observer to charge it with being a Canadian party.

Its policy, thinly disguised annexation; its leaders on the constant trot to Washington; its orators, Congressman Ben Butterworth and Erastus Wiman, Esq., of Staten Island; its headquarters, 314 Broadway, New York. United States of America. May Providence save Canada from any such fate as falling into the hands of such a crowd!

The Cape Breton Railway

FORMALLY OPENED BY THE GOVERNOR-GENERAL.

(Special to the Halifax Herald.)

NORTH SYDNEY, C. B., Oct. 19.—The Governor-General's train left Point Tupper at noon, local time, and reached Grand Narrows at 3 p. m., where an address was presented by the members for Victoria. Then the Governor went into the engine and drove it himself across the Grand Narrows bridge, stopping on the station at the south side. At this point he presented the driver and fireman each with a valuable present. His Excellency and party were then escorted to the Grand Narrows hotel by Mr. and Mrs. McDougall and a party of about twenty. An address was read by H. F. McDougall, M. P. The party left at 4.40 for Sydney, reaching there at 7 p. m. There was a magnificent reception and brilliant illumination in Sydney.

The Governor-General's visit in connection with the opening of the Grand Narrows bridge and the Cape Breton Railway is considered by the citizens of North Sydney an event of great importance. The progress and development of this important trade centre has been hindered for the want of railway facilities which will soon be overcome with the completion of the Cape Breton railway. The Governor-General's visit and the through train from the west is the talk of the town to-day, and buildings are illuminated to-night in honor of the occasion. The first through train from Hawkesbury arrived at the North Sydney station last evening, making the distance of 87 miles in three hours and three-quarters. This train left Halifax this morning, arriving here at 7 p. m. this evening. The stations on the Cape Breton line are as follows: Port Hawkesbury, Old Mines Road, McIntyre's Lake, West Bay Road station, River Dennis, Orangedale, McKinnon's Intervale, Grand Narrows, north; Grand Narrows, south; Christmas Island, Scarce Cove, Shunescadie, Boisdale, George's River, North Sydney Junction, North Sydney Station.

THE HEIR OF THE RUSSIAN THRONE TO MAKE A TOUR ROUND THE WORLD WHILE A WIFE IS CHOSEN FOR HIM.

A rumor is current in Washington to the effect that Nicolai Alexandrovitch, the czarwiteh of Russia, is about to visit the United States incognito. All that is known for certain may be summed up in the following: Arrangements have been made by the Czar that his heir, the czarwiteh, should make a voyage around the world. The voyage was to occupy over a year. Starting from Constantinople and a visit to the Sultan, thence the journey was to have been through the Suez Canal to India, where he is to spend some time, to Australia, thence to the Pacific and the Russian possessions there. From there he shall go to San Francisco, coming across the continent to New York and the Atlantic seaboard. He is to start out on his journey in the early part of November. The czarwiteh is in very poor health. It is generally supposed that he is being sent on the trip in order to give Russian diplomacy time to consider which of the three European princesses talked of as his future bride, shall be finally chosen. The three are Princess Alix of Hesse, Princess Margaret of Prussia, and Princess Helene of Montenegro. The Czar inclines to the latter. It is understood that the royal visitor will remain some weeks in America and visit Canada.

Thomas O'Connor, under a life sentence for murder, and who was pardoned recently on condition that he would leave the state of Minnesota for ever, has been sent back to prison. He did not leave the state, but went to his former home to see his sick wife and while there was arrested for not complying with the terms of the pardon. He will serve out his sentence.
