

### New Hampshire Governor To Pay Visit To Island

A distinguished visitor to Prince Edward Island on Saturday will be the Hon. Sherman Adams, Governor of the State of New Hampshire, who is expected to arrive here on Saturday for a week's vacation.

Accompanied by Mrs. Adams, he will stay at the Charlottetown which he will make his headquarters in between proposed fishing trips and a few rounds of golf. Governor Adams is a native of Portsmouth, N.H., and is a graduate of Dartmouth College. He obtained his degree after serving with the U. S. Marine Corps in 1918.

H. Wood, Charlottetown.

### IRAN POSTPONES

Continued from page 1  
(The court ruled that nothing should be done by either party to alter the situation as it was May 1 until the court gave a definite judgment.)

(Meanwhile Anglo-Iranian Company officials in London warned that any attempts to purchase oil from the Iranian Government would be countered by "necessary action" to protect company rights.)

### BIRTHS, MARRIAGES DEATHS 50c per insertion

**WEDDING ANNIVERSARY** The many friends of Mr. and Mrs. George Francis, 12 1-2 Spring Street, are congratulating them today. The occasion of their twenty-fifth wedding anniversary.

**CITY POLICE COURT** — At the Stipendiary Magistrate's Court yesterday, one man charged with being drunk and incapable was fined \$5 and costs or five days in jail. A man charged with assault and battery was dismissed. These were the only two cases to appear on yesterday's docket.

**FISHERY REGULATIONS CASE** — On Tuesday morning at Summerside Stipendiary Magistrate Richard S. Hinton fined a Charlottetown resident \$10.00 and costs (\$3.75) charged under the Fishery Regulations with faking trout by other means than angling. The offense was committed at Tignish and the prosecution followed an investigation by the Fish and Game Supervisor of a complaint made by a member of Prince County Game Association.

**GAME ACT CONVICTIONS** — Yesterday morning at Charlottetown Stipendiary Magistrate Gilbert A. Gaudet imposed fines of \$5.00 and costs each on five fishermen charged with angling without a license. Two of the men are residents of Moncton, N. B. One hailed from Kingston, Ontario, and the remaining two from Charlottetown and Mount Stewart. Defendants were found by the Special Fish and Game Supervisor on Sunday angling at fishing sites in eastern Queen's without the necessary fishing license.

**BUSINESS WOMEN'S CLUB** — The September meeting of the Business and Professional Women's Club was held at Gregor's Hotel, Brackley Beach where a delicious turkey dinner was enjoyed. Following a short business session presided over by the President, Mrs. Dorothy Rogers, all members were welcomed with special reference to Miss Mary MacLennan of Blsley Team fame. Many of the members were in costume from the Gay Nineties to a hitch hiker causing much fun. After games and a sing-song, three cheers were given to the committee in charge of the evening's program which was so ably convened by Mrs. Lois MacDonald.

**Personals**  
Mrs. T. J. Robertson, Red Point, is visiting friends in Cross Roads and Charlottetown.  
Miss Betty Robertson, Munn's Road and Jean McGregor, East Baltic, are visiting friends in Charlottetown.

**Maritime Sunday School Convention**  
The annual Maritime Sunday School Convention will be held in Woodstock, N. B., October 16-17, 1951. This announcement has been made by the Maritime Religious Educational Council, which sponsors the Convention. This will be the 32nd Convention, and it meets in Woodstock for the first time since its organization. The last meeting was held in Sydney, N.S.

**R.C.A.F. Fighter Wing For Britain**  
OTTAWA, Sept. 5 — (CP) — No. 1 R. C. A. F. fighter wing will come into being in England Oct. 1 but won't have its quota of three jet squadrons until next year, the Defence Department said today.

**PROVINCE OF PRINCE EDWARD ISLAND DEPARTMENT OF PUBLIC WORKS & HIGHWAYS**

### Spring Park Residents Discuss Their Problems

The proposed site for a new hall was the main topic of discussion at a meeting of interested residents of the Spring Park area, held in the Spring Park Hall last night, with Mrs. R. E. Morrison presiding. Mayor B. Earle MacDonald, of Charlottetown, M. L. A. for Fifth Queens, was present at the meeting by special invitation.

The site on which the hall, approximately eighty feet long and thirty feet wide, is to be built, lies to the east of the Spring Park School on low lying ground, with a stream flowing through. Considerable filling will have to be done and a culvert or breastwork constructed to confine the stream, particularly when the spring run-off occurs. Methods and cost of doing this work were discussed, and questions were put to Mr. MacDonald as to whether Government help could be expected, other than financial, in general drainage of the area. It was pointed out that upwards of two hundred and fifty children would be using the hall for musical instruction, and mud conditions were creating considerable difficulty.

In a brief address, Mr. MacDonald said that he could not make any definite promises, but would do all in his power to help the people in the Spring Park area to carry out their proposed improvements. After hearing the general dissatisfaction expressed regarding street drainage, which was one of the main reasons why the difficulties were being encountered on the proposed site of the hall, he suggested that the people of Spring Park should investigate the advantages, or otherwise, of incorporation.

A general discussion then followed, after which the motion was proposed and passed that a meeting would be held on Wednesday night, September 12, in the Spring Park Hall, to further study the question of incorporation, and that an invitation would be extended to Mr. J. F. Connolly, Director of Town Planning to attend.

Mr. G. P. Rodd, of the Spring Park School Trustees Board, then closed the meeting with a vote of thanks to Mr. MacDonald for his co-operation and attendance at the meeting.

**Gravity Of Blight Condition Emphasized**  
Only continuous spraying can offer any hope to the potato growers in a year such as this when weather conditions are so perfect for the spread of blight, in the opinion of Mr. S. G. Peppin, technical adviser to the P. E. I. Potato Marketing Board.

Mr. Peppin has just returned from a visit to potato growing sections in northern New Brunswick and states that blight seems less prevalent there than in most other sections of the Maritimes. Larger fields which have been frequently sprayed have seemed to withstand the ravages of blight much better than those of small growers who may have only planted enough potatoes for personal use.

However, persistent rain and a high degree of humidity over a protracted period of time have made even continuous spraying only a minor aid. But if the blight spores can be prevented, through bluestone spraying, from getting down to the potatoes in the ground there is a larger percentage of the crop can be saved.

**\$100 Fine Imposed Under Excise Act**  
Charged under the Excise Act with unlawful possession of spirits, a resident of Charlottetown was fined \$100 and costs or three months in jail by Magistrate Gilbert A. Gaudet at yesterday's sitting of the Queen's County Magistrate's Court.

A resident of Rocky Point, charged with being intoxicated in a public place, was fined \$20 and costs or 30 days. A charge of reckless driving against a resident of North Rustico resulted in a fine of \$50 and costs or 60 days, while three speeding cases against residents of Emerald, North and West Royalty were each assessed with fines of \$10 and costs or 10 days.

Two residents of Moncton, one from Kingston, Ontario, and two from Charlottetown, charged with angling for trout without licenses, were each fined \$5 and costs. An Excise case against a resident of Hermitage was adjourned for one week, and another Excise case against three residents of Mt. Edward Road, Parkdale and Bedford was adjourned until September 19 by consent.

**Lost License Plates Recovered By Police**  
A surprising number of car and truck drivers lose their license plates and apparently never miss them. At least they do not inquire at the City Police Station to see if they have been found.

At the present time the department has several plates which have been recovered in recent weeks. Two of them are for autos and five for trucks. The numbers on the auto plates are 10,492 and 15,250, while the truck plates are numbered C-966, C-1579, C-331, C-1855 and C-003.

The owners can have them by applying at the station.

### Police Patrol On Alert For Speeders

Speeders along North River Road are due for a shock as the City Police are maintaining a patrol along that thoroughfare for the purpose of enforcing the speed law.

Residents of the area have long complained that cars and trucks roar along the road at all hours of the day and night at speeds variously estimated at up to 75 miles per hour. In the past few years the appearance of that road has changed and it now passes through a thoroughly built up section where there are many small children.

Police Chief Charles MacArthur said yesterday that it is the aim of his department to force motorists to travel at legal speeds at all times. He stated that similar patrols would be established wherever necessary, especially on those streets which are continuations of entrances to the city.

### Cod And Mackerel Catches Disappointing

The expected heavy fall run of mackerel which should be starting soon is expected to help Island fishermen recoup some of their losses incurred as a result of a poor catch of cod and other ground fish along the north side of the Island.

With the exception of North Lake the catch of cod and mackerel has been far below average all along the North Shore. In the well known fishing area of Rustico most of the present catch is hake, an inferior fish which brings considerably lower return to the fishermen than the cod or mackerel.

Many fishermen, their numbers have been estimated by Fisheries Department officials at 1,500, are affected by the poor catch, but the general belief is that if the mackerel run is as heavy this fall as it has been for several seasons past they will have an opportunity to cut their expected decrease in revenue for the year.

### Lost License Plates Recovered By Police

A surprising number of car and truck drivers lose their license plates and apparently never miss them. At least they do not inquire at the City Police Station to see if they have been found.

At the present time the department has several plates which have been recovered in recent weeks. Two of them are for autos and five for trucks. The numbers on the auto plates are 10,492 and 15,250, while the truck plates are numbered C-966, C-1579, C-331, C-1855 and C-003.

### Describes Visit Here In Hartford Paper

The fame of the Island is being spread further as its beauty and the hospitality of its people make a deep impression on visitors. Recently a visitor from Cornwall, Connecticut, flew here for a holiday.

She decided to visit Cornwall, P. E. I., to compare it with her home town. A visit to the splendid gardens of Mr. and Mrs. Gordon MacMillan led to her writing a long article in The Hartford (Conn.) Times praising the gardens and the MacMillans.

The writer, Elsie Cochrane, also described her visit to the Confederation Chamber and told of meeting other tourists interested in the Birthplace of Canada. She was particularly approving of the ancient architecture of the building and remarked on the worn flagstones.

### Harvest Helpers From Cape Breton

Five harvest hands arrived in the Province last night from Cape Breton by arrangement of the Charlottetown National Employment Office. They were assigned to farmers in Queen's County who have been seeking help for several weeks. The men are being paid four dollars per day, plus board.

There are still a number of unfilled orders for harvesters on hand in the local office and farm labourers continue to be scarce according to Employment officials.

During the coming week-end five D.P.'s will arrive from Europe destined for farms in Queen's County. Applications for these newcomers were placed two to three months ago.

The D.P. camps in Europe are to be closed in the near future and this source of farm labor will cease to exist.
