LOSS OF THE MONTICELLO.

It is now denied that the Monticello was unseaworthy. Captain Harvey Doane, one of the directors said: "I will stake my reputation as a shipmaster that there was no more seaworthy boat on the Atlantic. Only last winter she was cleaned out from stem to stern and every part needing it repaired with best of material. Two months ago she was docked in Halifax and the hull was in perfect condition. On her inspection she was found first class in every particular." Captain Doane accounts for the disaster in this way:

"The wind was heavy from westward. Every lurch threw the cargo which was stowed between decks to leeward. Coal in bunkers also went the same way, and the water as it broke over her found its way through the bunker holes and into the bilges giving her stern greater list. Pumps were set going, but gradually the roses on the ends of the pipes became choked with pieces of fine coal. In times past I have personally had to order all hands into the stoke holes to clean the roses under similar conditions.

"The valves of the pumps becoming choked required time to clean, during which the water was gaining. The ship listed more and more, the windward party came out of the water, and the ship became unmanageable. The list became greater, the port fires were put out by the rising water and the steam so reduced that the ship became helpless. The list reached the deck line, water rushed in the ports, and the ship then went down with a plunge and the upper works broke away from the hull, but no water ever came through the hull. Capt. Smith informs me that fifty dollars would have replaced all the damage she sustained before sinking."

STICKS TO HIS FRIENDS.

Mr. Bergeron Will Trust to His Record in Beauharnois.

MONTREAL, Nov. 17.—The suggestion having been made in some of the Ontario Conservative papers that Mr. J. G. H. Bergeron, the defeated Liberal Conservative candidate in Beauharnois, be given a seat for some Ontario constituency, Mr. Bergeron has been heard to declare that he is well satisfied to remain out of the House for the present. He has the utmost confidence that his record in Beauharnois is one in connection with which he is justified in again appealing to his old-time constituents with the certainty of being elected. Mr. Bergeron declares he has too many friends in the constituency to desert it.

NO ARGUMENT NEEDED.

Every Sufferer from Catarrh Knows that Salves, Lotions, Washes, Sprays and Douches do not Cure

Powders, lotions, salves, sprays and inhalers cannot really cure catarrh, because this disease is a blood disease, and local applications, if they accomplish anything at all, simply give transient relief.

The catarrhal poison is in the blood and the mucus membrane of the nose, throat and trachea tries to relieve the system by secreting large quantities of mucus, the discharge sometimes closing up the nostrils, dropping into the throat, causing deafness by closing the Eustachian tubes, and after a time causing catarrh of stomach or serious throat and lung troubles.

A remedy to really cure catarrh must be an internal remedy which will cleanse the blood from catarrhal poison and remove the fever and congestion from the mucous membrane.

The best and most modern remedies for this purpose are antiseptics scientifically known as Eucalyptol, Guaiacol, Sanguinaria and Hydrastin, and while each of these have been successfully used separately, yet it has been difficult to get them all combined in one palatable, convenient and efficient form.

The manufacturers of the new catarrh cure, Stuart's Catarrh Tablets have succeeded admirably in accomplishing this result. They are large, pleasant tasting lozenges, to be dissolved in the mouth, thus reaching every part of the mucous membrane of the throat and finally the stomach.

Unlike many catarrh remedies, Stuart's Catarrh Tablets contain no cocaine, opiate or any injurious drug whatever and are equally beneficial for little children and adults.

Mr. C. R., Rembrandt, of Rochester, N. Y., says: "I know of few people who have suffered as much as I from Catarrh of the head, throat and stomach. I used sprays, inhalers and powders for months at a time with only slight relief and had no hope of cure, I had not the means to make a change of climate, which seemed my only chance of cure.

Last spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets and promptly bought a fifty cent box from my druggist and obtained such positive benefit from that one package that I continued to use them daily until I now consider myself entirely free from the disgusting annoyance of catarrh; my head is clear, my digestion all I could ask and my hearing, which had begun to fail as a result of the catarrh, has greatly improved until I feel I can hear as well as ever. They are a household necessity in my family.

Stuart's Catarrh Tablets are sold by druggists at 50 cents for complete treatment, and for convenience, safety and prompt results they are undoubtedly the long looked for catarrh cure.

VANCOUVER, B. C., Nov. 16.—Sir Charles Tupper arrived last night, accompanied by Lady Tupper and Sir Hibbert, and received an enthusiastic welcome from a tremendous crowd of citizens. Opinion in Shanghai.

LONDON, Nov. 17.—"Opinion is strong here," says the Shanghai correspondent of the Daily Express, wiring yesterday, "that the European commanders are doing more harm than good by the punitive expeditions which by the destruction of villages excite the Chinese to excrate the foreigners, a feeling which it will take a century to eradicate. It is perfectly clear that the Emperor and Empress Dowager care nothing because a few hundred Chinamen are killed, and the allies would be far better employed in trying to secure the return of Emperor Kwang Su to Peking.
