PROVINCIAL LEGISLATURE.

FRIDAY, May 6.

At the evening session Hon Mr Macdonald moved the adjournment of the debate regarding our claims upon the Dominion.

Mr. Shaw then introduced the following resolution:—

"Resolved that in the opinion of this House the conduct of the Government in connection with the construction of the addition or annex to the Hospital for the Insane has been such as to forfeit the confidence of this House."

He pointed out that from various causes over which he had no control consideration of this important matter had been deferred until the present time. In the year 1896, when the matter of the lack of accommodation at the Asylum and the Poor House came up it was decided by the Leader of the Government that the representatives of the people should visit these institutions and see the state of affairs for themselves. They did so, and afterwards the Leader came down with his policy of providing accommodation for these unfortunates. But the views of the Leader of the Government and his followers did not meet with the approval of the opposition, because it was decided to place the poor and the insane in the same building.

The opposition disapproved of this scheme although they were quite ready to provide proper accommodation or a new poor-house. Our views were disregarded and the Government's policy was adopted. On the 27th of April 1896, the Leader came before the House and submitted a resolution to obtain money to build that annex to the asylum. He asked for authority to borrow \$75,000, in order that \$25,000 might be used for the construction of the annex. The Treasurer's balance sheet shows only \$900 left to build the proposed annex. Mr. Peters, in his budget speech, stated that the money would be raised under the Loan Act. All of the \$25,000 has been spent except \$900, and still there is no annex. He (Mr. Shaw) early in the session asked for the plans and copies of all specifications and also copies of all tender for the construction of a new wing or addition to the Hospital for the Insane at Falconwood, the name of the tender accepted, and also a copy of the bond and agreement between the Government and the person whose tender was accepted; also all papers and correspondence between the Government and the person whose tender was accepted, also a copy of all reports relating to the aforesaid wing or addition, the names of the person or persons from whom plans and specifications were obtained, the amount paid or agreed to be paid for each plan and specification respectively, the name of the person appointed inspector and a copy of the agreement entered into by the Government with said Inspector, and the amount paid or agreed to be paid for services of said Inspector,

answer to this question we have what they allege is a plan and agreement, and that is all. The correspondence has not been furnished. This correspondence would show why the contractor's agreement has not been carried out. Are they afraid or ashamed to bring down this correspondence instead of concealing the blundering regarding the contract? Where are the amounts paid for specifications and plans? Did they cost nothing? One gentleman drafted a plan and specification, and although this plan was not accepted the architect was paid therefor with the old Lunatic Asylum.

Hon. Mr. McLean said this statement was not true.

Mr. Shaw defied the Commissioner to show by the Public Accounts that he was wrong. He (Mr. Shaw) had the story from the man who got the bricks, and the Commissioner knows this.

Hon. Mr. McLean.—It is not true. Mr. Shaw again defied the commissioner to prove his denial from the Public Accounts. He (Mr. Shaw) could point out a building in this town in which the bricks were used.

(Continued on page 8.)

MEETING OF PRESBYTERY

The Presbytery of Prince Edward Island met Tuesday, May 10th, and was constituted, Mr. A. McL. Sinclair, Moderator pro tempore, with whom were present Messrs. D. Sutherland, John Gillis, Adam Gurn, Mal. Campbell, D. B. McLeod, W. H. Spencer, T. F. Fullerton, Geo. Millar, A. W. K. Herdman, ministers, and Messrs. Mutch, J. J. McLeod and T. C. James, elders. Minutes were sustained.

Messrs. Millar and Campbell were appointed a committee to examine the records of Princetown, and on motion they were attested as correct.

The report of the Home Mission Committee was adopted as follows:—

That Mr. McIntosh be appointed Catechist at Dundas and Mr. Forbes at Richmond Bay; and that Mr. Layton be designated as ordained missionary at Covehead, etc., Mr. D. McLean at West Crapaud, Mr. Murdoch at Richmond Bay. It was agreed to ordain Dr. Grison the missionary to Korea, on the 1st day of June in Zion church. The ordination of Mr. Murdoch was fixed for May 31st.

Presbytery shall meet on 1st Tuesday of March in lieu of 1st Tuesday of February.

The following motion of sympathy was passed:—

That the Presbytery, having heard of the serious illness of the Rev. E. Gillis, would express their warm sympathy with him in his affliction and the earnest hope that he will soon be restored to his usual health and vigor; further

Resolved, That Messrs. Spencer, Stewart and Herdman, be a Committee to arrange for pulpit supply.

Mr. J. M. Fisher presented the Sunday School report (from which it was shown that 80 per cent of our children were attending Sunday School) and the following recommendations were adopted:—

I. That sessions be reminded that it is

Our Children's CLOTHING

...Department

NEW TRIMMINGS

their duty to take faithful oversight of all the Sabbath Schools within their bounds, to assist in the work of teaching and to endeavor to secure full and accurate returns from every school within their bounds.

II. That parents and Sunday School officers be enjoined to form in the minds of the young the habit of attendance at the regular Church Services.

III. That Sabbath School collections be devoted exclusively to the schemes of the church.

The following resolution was carried unanimously:

Whereas, We, the Presbytery of Prince Edward Island—while believing that the best method for securing the total suppression of the vice of intemperance, so far as legislation enters into the question, would be found in the enactment of a prohibitory law which would be expressive of the strong moral sense of the community—consider that there is little probability that this may be obtained, or that the C. T. A. may be re-enacted in the immediate future; and

Whereas, Drunkenness is increasing to an alarming degree in the city of Charlottetown, the means leading thereto being allowed to flourish under the existing regulations, and the temptation, (especially to young men to gratify their natural craving for excitement to indulge in strong drink) is afforded every facility to compass the destruction of body and soul by the notorious prevalence of saloons, spread as they are like net work over the whole city, and by the consequent inability of the inadequate police establishment to enforce the law, and whereas we believe that the conditions under which permission is now granted to sell, can be rendered more drastic, and at the same time more effective in operation by such added restrictions "financed or other" as could confine the number of permits, and at the same time could also provide means sufficient for the enforcement of the law: Be it therefore resolved:—

"That we urge upon the Government the absolute need of enacting during the present session, such legislation as in their judgment may alter the present deplorable state of affairs by bringing about a decrease in the growing evil of intemperance.

T. F. FULLERTON,
Clerk of Presbytery.

Painless - Dentistry.

A WORD TO THE CARELESS

Many persons do not value their teeth. If they have the toothache their first and only thought is to have the tooth extracted. Just a few words on that point, they go and have it taken out, that is the last of that tooth; they cannot get it back again. Another tooth will begin troubling; out it goes, too, and soon after a while the person cannot masticate food; consequence is their health becomes impaired; then they pay doctors bills, buy medicine, etc., and as a last resort they get artificial teeth. Now look at the question from a business standpoint. In the first place what would be the cost to save the tooth and keep it good for a lifetime? Perhaps \$1.00, and you will have your own teeth in your head, and they were most certainly put there for use. Now think of this—if you had a wart on your finger, that troubled you, would you have the finger cut off to remove the wart? Why certainly not. Well, why loose a tooth to remove an ache. We can stop toothache and save the tooth, and guarantee them never to ache again.

Artificial Teeth

must be good to be satisfactory. We guarantee satisfaction or we don't want your money.

You can call in in the morning and have your teeth same day.
