## INTRAMURALS

INTRAMURALS CONT'D FROM PAGE 19

programs are very often based on the previous year's participation levels, that the new ruling will have a beneficial effect on the intramural league. If it is to do so, then the people for whom this rule was instituted, must participate. Without them, there will be no league.

On the lighter side, a girls intramural basketball league is in the process of becoming a reality. A temporary team list is being drawn up. Anyone interested in playing in this league - once a week - is asked to get in touch with me or the intramural department at their earliest convenience.

Till next week, then.....

PREDICTIONS OF THE WEEK: Vince to break at least a dozen sticks coaching the girls hockey team.

Exams to be cancelled due to lack of interest by all concerned.
