

Parisian Family Visits Ch'town On Way To Magdalens

Four-year-old Francoise Paternot, who came to Charlottetown all the way from southern France, is a lucky little girl. Three days ago she was very ill with pneumonia. Her mother, Mrs. Gean Paternot, said yesterday that Francoise is feeling fine — well enough in fact to go walking with her brother, Christian (who is two years old) and her sister Anne who is nine months old (and who is not walking—quite) accompanied by their nurse, Miss Tache.

The Paternots came to this Province very recently, and left yesterday for Grindstone, one of the Magdalen Islands, where, as Mrs. Paternot says in her attractive French way, her husband, Gene, will "work with the fish." Nanette Paternot, a very charming lady indeed, said, among other things, that she thought Charlottetown a very beautiful place to live.

As the reporter left the Charlottetown Hotel, the echo of Francoise's and Christian's laughter could be heard as Miss Tache laughingly chased them down the corridor.

(Mr. Paternot arrived in Grindstone some two weeks ago from Paris, France, where he is assuming direction of a new factory producing fish products. Mrs. Paternot and family who arrived here almost a week ago were unable to leave by plane yesterday for Grindstone due to unfavorable weather conditions.)

News In Brief

LONDON, March 27—(Reuters)—Cominform propaganda organs today issued a new call to Yugoslavians, 15,000,000 population, to overthrow Marshal Tito's Government. Reuters monitoring station reported.

UNITED NATIONS, N. Y., March 27—(AP)—Diplomatic officials in London said today United Nations governments with forces in Korea are considering a new offer to Communist China to negotiate a settlement.

WASHINGTON, March 27—(AP)—Defense Secretary George Marshall discussing the question of whether United Nations troops could cross the 38th parallel in Korea, said today that "General MacArthur will proceed in accordance with the necessity to safeguard the security of his command."

RAUNDS, Northamptonshire, England—(CP)—Three-year-old Susan Lee has an occupation as expert adviser on dolls. Twice a week she goes to the factory here to give her reactions to various designs and directors entertain her with ice cream and chocolate.

ACORN—At the home of Mrs. N. W. MacKinnon, Southport, Lot 46 on March 26th, 1951, to Mr. and Mrs. Matthew Acorn, a daughter, Dale Georgina. Weight 8 1/2 lbs.

McCONNELL—At the King's County Hospital, on March 26th, to Mr. and Mrs. Charles McConnell, Georgetown, a daughter, Beverly Jean, 6 lbs., 14 ozs.

McGUIGAN—At the King's County Hospital, on March 26th, to Mr. and Mrs. Aeneas McGuigan, St. Mary's Road, a daughter, Paulette Dianne, 6 lbs., 12 ozs.

MATHESON—At Nelson, British Columbia, on March 6th, 1951, Robert W. Matheson, formerly of Appin Road, Age 71 years.

HENNESSEY—At her home on Saturday, March 24, Mrs. Andrew A. Hennessey in her 68th year. Her remains are resting at her late residence, 76 Kent St. Funeral Thursday morning at 8.45 to St. Dunstan's Basilica. Interment in the Roman Catholic Cemetery.

MacDONALD—At the Charlottetown Hospital, Monday, March 26, 1951, Marion MacDonald of Mount Stewart in her 62nd year. Her remains will rest at the A. A. Hennessey Funeral Home from where the funeral will take place on Thursday morning at 8 o'clock for the funeral Mass in St. Andrew's Church at 9 o'clock. Interment in the church cemetery.

INMAN—At the home of her brother, Malcolm MacPhail, York Point, March 27, 1951, Mrs. William H. Inman, formerly of Desable and Victoria, in her 90th year. Remains are resting at the Cutcliffe Funeral Home until noon Thursday then to Hampton United Church for service at 2.30. Interment in Crapaud Cemetery.

BRIDLINGTON, Yorkshire, England—(CP)—Nine-year-old Julia Jones was praised by police for her prompt action in telephoning for help which resulted in police rescuing a small boy from a river near here. A detective said "Julia was the perfect example—she did not hesitate."

RECORD ATTENDANCE (Continued from Page 1) and the speaker was introduced by Dr. L. W. Shaw, Deputy Minister and Director of Education. Thanks

CENTRAL GUARDIAN

This column is reserved for news of local interest, but advertising of a newy nature may be inserted at five cents a word, strictly payable in advance.

GUESTS OF GOVERNOR—His Honor Lieutenant Governor T. W. L. Prowse held a buffet supper for the members of the Legislature at the Charlottetown yesterday evening. The Deputy Ministers and commissioners attended the supper.

SPECIAL SERVICE—The first of a series of special services to be held this week in Zion Church, was conducted last night by Rev. G. Carlyle Webster, minister. Major Hutchison of the Salvation Army delivered a forceful sermon on the text, Romans 1:16—"For am not ashamed of the gospel of Christ for it is the power of God unto salvation."

PERSONALS—Mr. Gerald Lidstone, of Charlottetown is now in Sunnybrook Hospital, Toronto, for observation and treatment. His many friends wish him a speedy recovery.

Canadian Dollar

NEW YORK, March 27—(CP)—The Canadian dollar was down 3-16 of a cent at a discount of 4 7-8 per cent in terms of United States funds in closing foreign exchange dealings today. The pound sterling was down 1-16 of a cent at \$2.80 1-16.

PRODUCE

MONTREAL, March 27—(CP)—Produce prices quoted here today as reported by Dominion Department of Agriculture: Eggs: Free cases, A-large 53 1/2-54; A-med 51 1/2-52; A-pullets 49 1/2-50; B 50; C 40. Receipts: 217 cases. Total receipts for week ended March 23, 11,645 cases and corresponding week last year, 12,870.

Butter: Current receipts Que. No. 1 pasteurized fresh 85 delivered. Que. No. 2 84 delivered; wholesale Que. No. 1 pasteurized fresh 85 1/2-86-82 and first grade creamery print job price 70 1/2-75. Creamery: 407 boxes. Total receipts for week ended March 23, 1,258 boxes and corresponding week last year, 5,122.

Cheese: Current receipts, Ontario colored 39 9-16-39 3/4, F.O.B. factory; Quebec colored 38 1/2, F.O.B. Montreal; wholesale Ontario colored 41; Quebec colored 39. Receipts: 60 boxes. Total receipts for week ended March 23, 216 boxes and corresponding week last year, 22.

Potatoes: N.B. No. 1 75's 1.25-1.30; N.B. No. 1 50's 75; P.E.I. No. 1 75's 1.50; P.E.I. No. 1 10's .33; Quebec No. 1 75's 1.15-1.25; California No. 1 100's 6.00.

GRAIN

WINNIPEG, March 27—(CP)—All grain prices showed considerable strength today during trading on the Winnipeg Grain Exchange. The market was influenced by broad price increases on United States' markets which were brought on by unfavorable crop reports.

Good buying appeared in all commodities, with shipper demand appearing in oats and barley and American interest evident in rye. Processors and local houses were attracted to flax.

An overnight export loadings. India took 100,000 bushels of Canadian wheat; Belgium 230,000 bushels; Norway 100,000 bushels; and Switzerland 20,000 bushels.

Class two wheat prices increased 1 1/2 cents while international wheat prices climbed one half cent. Closing prices: Oats: May 1.02 1/4; July 92 1/4-5%; Oct. 85B. Barley: May 1.53 1/4; July 1.45 1/4-5%; Oct. 1.29 1/4. Rye: May 2.37 1/4; July 2.26 1/4-5%; Oct. 1.91 1/4. Flax: May 5.41; July 5.21; Oct. 4.61 1/2 N.

HARTSVILLE SCHOOL

Report for March:—Grade X-1. Shirley Nicholson; 2. Joan MacLeod; 3. Theresa Stordy. Grade IX-1. Donald MacInnis. Grade VII-1. Roddy MacLeod, Marjorie MacLennan (equal); 2. Betty MacLeod. Lois Jewell. Grade V-1. Marilyn MacLeod; 2. Anna MacLennan. Grade IV-1. Stanley MacLeod. Grade II-1. Ruby MacLeod. Grade I-1. Carol MacLennan; 2. Marion Bryenton. Amos Curley, Teacher.

POLICE LECTURED

SYDNEY, N.S.—(CP)—The police here are to be lectured by members of the bar society. The program of lectures on law procedure was authorized by the police commission following success of a similar program at Glace Bay.

BRIDLINGTON, Yorkshire, England—(CP)—Nine-year-old Julia Jones was praised by police for her prompt action in telephoning for help which resulted in police rescuing a small boy from a river near here. A detective said "Julia was the perfect example—she did not hesitate."

Lively Discussion In Committee On Estimates

Members of the Government and Opposition engaged in several sharp verbal skirmishes last night as they began considering the estimates in committee in the Legislature, dealing first with the Health and Welfare Department.

The first outbreak occurred between Hon. A. W. Matheson, Minister of Health and Welfare and Mr. Philip Matheson, Second Queen's, on an item termed maintenance of buildings. \$30,000 was estimated for the maintenance of Falconwood, Infirmary, Beach Grove and the Health Centre.

Mr. Philip Matheson demanded to know how the money was to be spent. Not satisfied with a brief explanation by the Minister he demanded a more complete statement and charged that too many things were being left undone by all the Ministers.

He charged Hon. Eugene Cullen, Minister of Industry and Natural Resources with shirking his duty when he failed to speak on the budget. "You told us the other day you were going to speak on it," Mr. Matheson declared.

Mr. W. F. A. Stewart, chairman of the committee warned Mr. Matheson that he would have to confine his discussion to the particular estimates.

Would Have Resumed—The work of Dr. Harold Shaw, Provincial Pathologist and Director of Laboratories was highly praised by Hon. A. W. Matheson and Dr. MacMillan. Mr. Matheson pointed out that only the love of the Province had kept Dr. Shaw here as he had been offered a salary of \$12,000 to work in Saskatchewan.

Premier Jones stated that the Lab here was one of the best in Canada. It was unique in that the Departments of Health and Welfare were working together, he stated.

Discussing the Division of Public Health Nursing, Mr. Matheson commented that the public health nurses submitted the best travelling expense account in the service as they travelled every mile they charged.

The Health and Welfare estimates were still under discussion when the House adjourned last night at eleven o'clock. The Legislature will meet this morning at eleven.

mons twice during the past year. The President said that although the resolution was voted down, it was not to be considered a lost issue as more members were in favor of it each time it was brought up.

Miss O'Brien also stressed the importance of the Canadian Teachers' Federation Convention which will be held in Charlottetown from August 6 to 9, and asked that it be given all the publicity possible. She also dealt briefly with the Teachers' Pension Plan, and stated it was hoped the age proviso would be entirely removed this year.

Referring to the recently formed F.W.C. Alumni, the report urged all members of the Teacher's Federation to join.

At the conclusion of the report, Miss O'Brien read an inspirational poem, "The Bridge Builder," the last verse of which was as follows:

The traveller lifted his old grey head, "Friend, in the way I've come," he said, "There follows after me today, A youth whose feet must past this way. This path which has been as naught to me To the fair-haired youth might a painful be. He, too, must cross in the twilight dim. Good friend, I'm building this bridge for him."

Salary Question Discussed—During the morning session Hon. F. A. Large was the principal speaker and following his address a strong discussion on the question of salaries took place.

A woman teacher told the meeting she was a third year graduate of Prince of Wales and although she had a first class teacher's salary she could only get a second class teacher's salary because of the number of pupils in her class. She was getting \$97 a year.

Another teacher, a married man with a family, said he was teaching for \$1,200 a year. Mr. Large was asked if there was any group in the House opposed to an increase in salary for the teachers, and it was pointed out that both Dr. W. J. P. MacMillan and Mr. D. L. Matheson had approved the granting of \$3,200 a year to each of the principals of the third city schools.

Mr. David Lidstone of the Summerside School stated that an accurate study of the salary question in comparison with the cost of living and had found that teachers are now getting comparatively less than they did ten years ago.

In his remarks, Mr. Large suggested to the meeting that the Federation's executive might find it a good idea to wait on the Government and request a cost of living bonus as it had been impossible for the Government to raise the teachers' salaries this year. He also said the Government was now contributing \$20,000 to the cost of text books and that for the first time the history of the Department of Education had reached beyond the million dollar mark.

Today's sessions will commence at 9:30 a.m. with an address by Dr. L. W. Shaw, and will continue with discussion periods until the afternoon. The latter part of the afternoon will be taken by a musical P.T. demonstration and rhythm band selections by pupils of School Unit No. 1, directed by Mr. Royson F. Murgford.

The day's program will conclude with a dinner at the Queen Hotel.

Mysterious Flying Disc Is Reported

VANCOUVER, March 27—(CP)—A mysterious inflated flying disc made of material similar to that used in the wartime Japanese balloon bombs, has been found in suburban Burnaby.

Two workers reported today they found the oval-shaped disc Monday. It was first sighted by workmen, descending from an altitude of 300 feet.

George Mazon and Eric Anderson gave chase. "It crashed into a tree and got pretty well torn," said Mazon. "I took it home."

The round object, about five feet in diameter, is made of glued, rice-paper strips, held together at the top by a small piece of rope and at the bottom by a wire frame.

Attached to the frame was a projection to which a slowly-burning substance was attached. Apparently the heat created kept the disc in the air. When it cooled, the disc crashed.

It was made of material similar to the paper used in the Japanese bomb-balloons which were sent over the Pacific Northwest during the Second World War.

"But I can't figure out why anyone would make a thing like this," said a staff member of the Dominion Meteorological Office here. "To me it seems useless."

One explanation was that some amateur scientist made the craft from designs in a scientific magazine.

BUDGET DEBATE

(Continued from Page 1) It got the Province in wrong and cost the tax payers tens of thousands of dollars.

Premier Jones stated that he had not said that he was to sell the boat.

"You suggested that you were," replied Mr. Bell. "I now hear reports that you are going to lease our motor car."

"There may have been other reasons for passing her over continued Mr. Bell. "She was certainly a failure financially and maybe Newfoundland asked that she be taken of the run." He said he had not heard whether the new parties would continue the trade with Newfoundland or not.

"If by any chance you get elected, in imminent election, what will you do with the Eskimo?" asked Premier Jones.

"I am glad to know there is to be an imminent election, replied Mr. Bell. I would do the same as your successor, let her go overnight."

Mr. Bell noted that there was a great loss of revenue on cost plus contracts for buildings. He cited the new Government Garage on the old Kensington Rifle Range and the Health Centre in Charlottetown.

My information about the garage is that the cost will exceed the estimated cost by at least twice or possibly three times the estimate, he stated. It does not appear that the building is necessary to house all the machinery, he continued.

Under the present Federal-Provincial tax agreement this Province has accumulated a deficit of \$6,500,000 in the past five years, stated Mr. Bell in continuing the budget debate in the Legislature yesterday morning.

No other Province has fared as badly in this matter as we have, he stated. Our grants from the Federal Government have been increased by a \$100,000 or so each year but what is this when the expenditures of the Province are increasing by the same amount?

"The ex-Provincial Treasurer (Mr. William Hughes), says that we should be getting \$6,000,000 each year from Ottawa and has submitted a plan for it," Mr. Bell continued. "Under the present system we are only getting \$3,000,000 a year."

Milk Grade Is Improved

The quantity of Grade A milk in the Province has greatly increased in the past few years, according to the survey being conducted by the mobile lab, it is shown in the report of the Division of Sanitary Engineering read in the Legislature last night by Hon. A. W. Matheson, Minister of Health and Welfare.

The previous survey had shown that 10 per cent of the fluid milk was of grade A quality, the report was stated. Through the present survey now underway it is known that 55 per cent of the fluid milk is grade A; 20 per cent grade B; and 18 per cent grade C.

Ninety per cent of the pasteurized is now grade A the report continues in comparison with the 20 per cent grade A pasteurized milk at the time of the last test. The present results have been unequalled by this mobile lab in other parts of Canada, Mr. Matheson stated.

The Province cost about \$11,000 a mile for subgrading alone. The Legislature was recessed for noon at this point and when the members met again at three o'clock Mr. Bell continued discussing the Trans Canada Highway.

Cost of Highway—"I was surprised at the leader of the Government's statement that the Trans Canada Highway will not cost \$10,000,000," he stated.

"You did not state when you got that information," said Premier Jones.

"I got it from a Canadian Press dispatch on April 25 when you were in Ottawa," replied Mr. Bell. He then read a report of a Dominion-Provincial Conference on the Trans Canada Highway in which it was stated that the road would cost this province \$5,000,000 with the other \$5,000,000 to be provided by the Dominion Government.

"Mr. Sykes wrote that," stated the Premier. "We made a statement on December 30 or 31. If you care to be truthful you can quote our statement that it will cost about \$1,500,000."

"The cost to the Province will be more than \$5,000,000 before you are through," said Mr. Bell.

"It looks like you are going to build a truck road," Mr. Bell continued. "We spend \$5,000,000 on it, the Dominion Government spends \$5,000,000 and the C.N.R. takes over the road for trucking. Nothing must do but a super highway which I am suggesting is being built by the C.N.R."

"If the road is going to cost per mile what is it cost around Crapaud, \$10,000,000 will not be enough for it, with the extra bridges to be built."

Proposed Sales Tax—Mr. Bell noted that this year, as last year, the Attorney General had promised that there would be no increase in the rate of taxation. But last year there was a considerable increase in taxes on motor trucks. An extra \$75,000 was collected, mainly through the increase in taxes on medium sized trucks.

"Many feel that a sales tax will be put on sooner or later in the Province and that the Government has this intention," Mr. Bell added. "We, on this side of the House are very much opposed to a sales tax as the cost of living has increased up to 22%."

"But I can assure you that a sales tax was proposed and agreed to by the leader of the Government. On June 2 the Premier was in receipt of a letter from the Minister of Justice asking the Provincial Government to commit on proposals for an amendment on the Old Age Pensions and the right to impose a sales tax. Three days later the Premier replied, agreeing to the proposals." Our Premier was the first to respond to and accept the suggestion, Mr. Bell added. He noted that other Provinces had taken their time and that some are still considering the matter.

In a letter from Justice Minister Garson dated Jan. 22 it was pointed out that such a proposal meant an extension of the taxing powers of the Province. The Premier could not wait to send a letter so he sent a telegram to the Minister of Justice concerning the suggestion. "He showed a great eagerness to get the power of sales tax."

Mr. Bell referred to the amount of money voted in the Budget for agriculture during the coming year as he had on Monday night. He regretted that the estimates on agriculture for the Provincial Government had increased by only nine per cent in spite of the fact that the Dominion estimates for agriculture had decreased by 35% from last year.

The Nova Scotia estimates have increased by 50% over last year from \$1,000,000 to \$1,500,000, he stated. There are 30,000 farmers in Nova Scotia so that about \$50 is spent on each farmer. In this Province we have 12,500 farmers with an average of \$17.50 being spent on each one.

"Mr. Darby showed that the farmers' income last year was the heaviest yet, but the fact that your farm income is up does not show signs of prosperity," Mr. Bell said. "There has never been a time on Prince Edward Island when the cost of production has been higher than right now. We have never had to pay such prices for feed, machinery, cars

Red Cross Campaign Launched Last Evening

The Red Cross fund-raising campaign of Charlottetown and vicinity commenced last evening following a dinner at Trinity Church hall with Major Roy MacGillivray, chairman of the local campaign presiding.

An excellent dinner, prepared and served by the Women's Auxiliary of Trinity was attended by well over a hundred campaigners, and the meeting was kept brief and to the point, the main subject being the quota which it is hoped will be reached during this week.

Following the introduction of the eight Divisional Commanders, Lieut. Col. Leo F. MacDonald, vice-president of the P. E. I. Red Cross Society spoke briefly, stating the objective for the campaign was a total of \$33,000 for this Province. He told the workers the executive expected at least \$16,500 of this would be raised in Charlottetown. He continued by saying that although the objective was \$33,000, the budget was \$45,000 for this year, and the difference would be made up by the

and other materials." He quoted paragraphs from a statement by Mr. Hannan, President of the Canadian Federation of Agriculture, to the effect that the farmers' highest purchasing power was in 1948 and that there had been a decrease of 12% in the last two years. "The statement that the farmers income is the highest ever is not a true picture," he maintained.

In this Province in 1945 there were 105,300 head of cattle. Last year there were 95,000 head, a decrease of 10,300. "Average them at \$200 each and see a downward trend of over \$2,000,000 on cattle alone."

Huge Expenditures—"I feel that expenditures in the Department of Health and Welfare are getting terrifically large, and I am doubtful if we need so many divisions and sub-divisions," Mr. Bell continued.

"There has been a heavy expenditure for a Health Centre. At least \$175,000 has been spent on it, possibly more. I hear that the contract has been let on a cost plus basis of 15%."

"That means that a contract has been let for, say \$200,000. The chief contractor puts in an account and gets 15% on it and you may depend that the contractor sees that its costs plenty. There should be some strict supervision on these buildings."

"We are asked questions about high salaries in the Health Department running as high as over \$7,000 in some cases. The Minister kept within his whole total of expenditures although he overran in certain items and had to save up in others."

He noted that there was large amounts spent on public welfare and regretted that there was so much money on the go, as stated by members of the Government, that approximately \$100,000 had to be paid out in relief.

Child Welfare—The expenditures on child welfare are up but Mr. Bell was not satisfied with the spending. "I know of cases in which I do not believe there has been fair administration," he stated.

He cited the case of a woman with several small children, whose husband died. The oldest boy was married, the two older girls about 14 and 12, and the next boy, about 14, had to quit school and the mother

National organization. Mr. B. E. Rogers, honorary treasurer of the campaign, was introduced to the meeting, and Brig. W. W. Reid, chairman of the Special Names Committee announced that his workers had collected \$4,725 to date. He concluded by stating he was quite confident his team would reach their objective of \$7,000.

Speaking on the assistance received by the local Red Cross organization from National Headquarters, Mr. Edwin C. Johnston, Provincial Chairman, told the campaigners that the recent renovations to the Red Cross Headquarters, and the addition of the new annex had been completely financed by the National organization. He reviewed briefly the work accomplished by the Red Cross locally and showed pictures of the different activities.

Following the distribution of subscription cards to the workers, the meeting was adjourned and the campaigners asked to return to another dinner on Friday evening with their cards and collections completed.

ther was left with two small children to support and send to school. After a year's waiting she was given \$10 a month, he stated. "This is not always the case," he continued. "I know of a mother with three small children who gets \$35 a month," the maximum amount.

"The tax payers in each district of School Unit Number 3 will be loaded with heavy taxes for years to come," Mr. Bell stated as he referred to the development of the unit.

"A number of new schools have been built there on a cost plus basis at the cost of about \$10,000 a room. I blame the Government for making the contract and leaving the districts with no other alternative. The unit had to borrow \$175,000 and sell bonds at 96 and a fraction although they had Government backing."

One way in which the Government could cut down expenditures would be to reduce the salaries of the Ministers who are not employed as full time ministers as suggested. "We have departments run by ministers as a side line. Some are receiving \$4,000 or \$5,000 a year and running their own business besides. The leader of the Government is a full time man and is really the lowest paid," he said.

"Apparently the Government does not contribute anything to rural electrification as there is nothing in the budget about it. There are districts that are not getting rural electrification because they can not finance it. They will have to receive some help," he concluded.

Brazilian Traction Has Revenue Boost

TORONTO, March 27—(CP)—Brazilian Traction, Light and Power Co. Ltd., today reported estimated net revenue for the year ended Dec. 31 at \$33,222,001, an increase of \$1,463,198 over 1949.

Gross earnings from operations was \$133,998,466, as against \$123,884,473 the previous year. Brazilian Traction, with head offices in Toronto, operates extensive public utilities in Brazil through subsidiaries.

LONDON—(CP)—Among the countless preparations for the 1951 Festival of Britain is a cultural project, John Masefield, the Poet Laureate, is preparing two poems had to quit school and the mother

IMPORTANT MEETING A meeting on Newfoundland trade will be held at 8 p.m. THURSDAY, MARCH 29th in Co-operative Board Room, (over Super Market). This meeting is urgent and a large attendance of shippers, traders, farmers, business men, etc., are invited.

HOLMAN STORE NEWS - G. H. M. -

Speaking of Spring — and everyone is! It not only means new clothes, and a fresh, clean home . . . it also means new things for your home — AND we're going to tell you about the glamorous "Wheat" patterned GLASSWARE that is to be found in the China Departments of both the Charlottetown and the Summerside Stores. This finely Cut Glass is imported from England, which fact accounts for the reasonable prices. In the collection are Salad Plates priced at 1.45 each, Goblets are 1.00 each and Wines, Cocktails, Juices, Sherbets and Sherbet Plates are 96c each. You'll adore the "Wheat" design — it's attractive and sparkling . . . Come choose one piece or a complete set of "Wheat" patterned Cut Glassware from the China Department in either Store.
