Mr. Rickard, now 36, came to Toronto in July with letters of recommendation from each institution as the King Edward Hospital Fund for London, and the International Hospital Federation.

While discussions were underway with regard to his taking up a position with the Hospital for Sick Children in Toronto, he, on the suggestion of a lecturer in hospital administration at the University in Toronto, wrote the president of the Prince County Hospital, Mr. A. Scates.

Being very pleased with the cooler climate and more pleasant surroundings, he accepted the position offered him at Prince County Hospital, and has, together with his wife and daughter, taken up residence in Summerside and commenced his duties at the hospital.

Another daughter, presently at school in England, will later join the rest of the family in Summerside.
