NEW YORK

NEW YORK (AP) — Rails abandoned their stock market leadership and the list sank Tuesday to its sharpest loss in about two weeks. Trading was slack.

Volume dwindled to 4,170,000 shares from 4,310,000 Monday.

Rails, the one strong point in the slightly lower market of the previous session, backtracked from their gains following news that the U.S. justice department still frowns on the proposed merger of New York Central and Pennsylvania Railway. Both issues were among the most active stocks. Central losing a point and Pennsylvania ⅞.

Wall street was dominated by the over - the - counter market where the long-awaited offering of Communications Satellite Corp. finally materialized. Five million shares of the stock were offered at $20 a share and (26) —great demand for it was reported among small investors.

Considerable speculative interest was drawn away from the New York Stock Exchange to the so-called "after-market" in COMSAT stock which rose several points at the start of trading, then pared its best price.

AIRLINES LOSERS

On the big board, airlines were conspicuous losers again. This was set down to long-term profit - taking; estimates that the growth rate of the industry is due to level off, and to a secondary offering of 120,115 shares of United Airlines, which fell 1¾.

American Airlines lost 3¼, Pan American ⅝, Eastern ⅝ and Delta 2¼.

Steels, motors, chemicals, oils, farm implements, nonferrous metals and building materials showed a generally lower trend.

The Dow Jones industrial average fell 4.78 to 813.78.

The Associated Press average of 60 stocks declined 1.3 to 304.5.

An estimated $1,900,000,000 was clipped from the quoted value of stocks listed on the New York Stock Exchange, based on the decline in the AP average, its sharpest since May 19.

Of 1,345 issues traded, 735 declined and 346 advanced.

Twelve of the 15 most active stocks declined, two advanced and Chrysler was unchanged.

For the third straight session of its most recent series as most active stock, Texas Gulf Sulphor led thelist on volume, falling 1⅛ to 51¼ on 208,500 shares.

Among Canadian issues traded, Granby Mining lost 1⅞ while International Nickel was down ¾, McIntyre Porcupine and Canadian Pacific ¼ each.

Prices declined in quiet trading on the American exchange. Volume was 1,070,000 shares compared with 1,180,000 Monday.

TORONTO

TORONTO (CP) — Stocks lacked leadership on the stock market Tuesday with the result that of the 757 issues traded, 233 advanced and 204 declined.

Volume for the day was 5,425,000 shares, a sharp drop from the 7,012,000 shares traded Monday.

The volume decline was attributed to a slowdown among speculative mining issues. The only strong show in the mines stocks was put on by Norbeau which gained 17 cents to 77 cents. New Kelore took honors as the day's most active issue, churning through 491,700 shares, but it only changed ½ a cent to 24½

Kerr-Addison was ahead 10 cents to $7.85 among golds.

On index, golds were up .02 to 134.61. Base metals were down .03 to 64.07, western oils 1.67 to 100.24 and the Exchange index .07 to 146.28.
