Determining Human Value Is Difficult Job For Judge

MONTREAL (CP)—The most difficult job that judges face almost daily is determining the value of a human life, says Mr. Justice Roger Ouimet of Quebec Superior Court.

"Every case is different and very difficult to decide."

For example, he said in an interview, it is most difficult "to establish the worth of a father of a family. We must base ourselves on his earnings, on his potential income and on his life expectancy."

Establishing the value of a woman is equally difficult, he says.

"I think she is worth millions, but there is a tendency in Quebec to fix the value of a woman's services as wife and mother as $150 a month. We must appreciate her . . . services and companionship—which are very difficult to express in terms of money."

Mr. Justice Ouimet, who was appointed to the bench in 1955, says Quebec courts have a problem no other Canadian province has—a lack of stenographers.

For this and other reasons, justice often was delayed in Quebec by 18 to 36 months. The delay also was caused by overworked judges.

Most of the delays in getting the cases through the courts often had to be placed "squarely on the shoulders of the parties and some of their lawyers."

He feels that if the stenographer situation doesn't improve, "the authorities in Quebec may have to establish the status of civil servants for official stenographers, or enter into a contract with a private company for the services of court stenographers, as is done in Toronto."

Snowmobile Builder Dies

SHERBROOKE, Que. (CP)—Armand Bombardier, 56, who worked for 12 years to build an economical vehicle that would go anywhere and came up with the world-famous snowmobile, died in hospital Tuesday night.

The slightly - built, scholarly inventor had been in poor health for some time.

He was born and lived all his life in the nearby village of Valcourt, where his Bombardier Snowmobile Company turned out 13,000-odd snowmobiles between 1937 and 1963.

He never stopped experimenting, even after the snowmobile was perfected. Later ideas led to the development of the Skidoo, the Penguin and a number of other vehicles designed to carry men across glaciers, swamps, muskeg and Arctic permafrost.

His versatile little vehicles see daily service around the world as ambulances, hearses, pulpwood haulers, taxis and pleasure craft. The City of Montreal alone uses 400 as snowplows.

CONTRACT BRIDGE

By B. JAY BECKER

East dealer.
East-West vulnerable.

	NORTH	
	♠ Q 5 3	
	♥ 9 8 7 5	
	♦ A J 6	
	♣ A 7 4	
WEST		EAST
♠ J 7 4 2		♠ A 10 9 6
♥ J 6 3		♥ A K 10 2
♦ 10 8 7 2		♦ K Q 9
♣ 9 2		♣ 7 5
	SOUTH	
	♠ K 8	
	♥ Q 4	
	♦ 5 4 3	
	♣ K Q 10 8 6 3	

The bidding:

East	South	West	North
1♥	2♣	Pass	3♣

Opening lead — three of hearts.

Part - score hands lack the dramatic impact of game or slam hands, but, considering that neither side can make a game in approximately half the hands dealt, the subject does not receive the attention it merits.

The fact is that the play of part- score hands is often more challenging than the play of game or slam hands. This is because the high-card values are more evenly divided between the opposing sides and the battle to make or defeat the contract is frequently close.

Here is a typical case where South is trying to make three clubs. On the surface it looks as though he must go down after East cashes the A-K of hearts and returns the deuce.

But if declarer pays attention to his knitting, he winds up making the contract. He ruffs the heart, West followed with the jack, cashes the king of clubs, and then p'ays the eight to the ace.

Now he leads a low spade from dummy. East cannot afford to go up with the ace, because he would give South an extra spade trick and the contract. When East ducks, South wins with the king and enters dummy with a trump to bring about this position:

	North	
	♠ Q 5	
	♥ 9	
	♦ A J 6	
West		East
Immaterial		♠ A 10
		♥ 10
		♦ K Q 9
	South	
	♠ 8	
	♥ 5 4 3	
	♣ Q 10	

Declarer now leads the nine of hearts and discards the eight of spades on it. East wins with the ten and cannot lead the ace of spades, which would give South the contract. So he plays the king of diamonds instead. When declarer lets him win this trick also, there is no escape for East.

Retired Minister Dies In Sydney

SYDNEY (CP) — Rev. Angus MacDonald, retired United Church minister, died here Wednesday after a long illness. He was 81.

Mr. MacDonald, who retired in 1953 after 40 years in the ministry, was Gaelic director at the St. Ann's Victoria County Gaelic College for 15 years.

He graduated from Pine Hill Divinity College in 1914. He served at Loch Materine, Sheet Harbor, Elmsdale, Florence, Nappan, Sydney and Baddeck, in Nova Scotia, and Souris, P.E.I.

Painting Recovered

BRUSSELS (AP) — Rubens' Negroes Heads, one of Belgium's great art treasures, has been recovered and a youth has been held in the theft Monday hoping to get ransom, police said Wednesday night.

The 17-inch, athletic - looking youth blamed a radio crime serial he listens to.

Andre Beugnies, 19, was arrested in a telephone booth as he was phoning the curator of the Brussels Ancient Arts Museum, from where the 17th-century painting was stolen in a burglary that shocked Belgians.

The painting, 18 by 25 inches, was found intact at the home of Beugnies' grandmother, where he stayed. Prosecutor Raymond Charles and Chief Detective Georges van Caeckenbergh told a press conference. The authorities said he told them he worked alone.

Japan Leads Shipbuilding

LONDON (AP) — Japan led all countries last year in merchant shipbuilding, a summary by Lloyd's register of shipping shows.

The register quotes figures showing decreases for Canada, the United States and Britain and increases for Japan, Sweden and Italy.

During the year Japan launched 2,367,353 tons, 184,206 more than in 1962. The nearest competitor, West Germany, sent 570,589 tons of new shipping down the ways, a drop of 39,119 tons.

Britain and Northern Ireland were in third place with 927,643 tons, 144,864 less than the previous year.

Sweden's output was up by 46,716 tons to 827,738, a record, and Italy's by 14,880 to 143,980.

Canada produced 99,123 tons, down 30,039.

U.S. production fell 154,623 tons to 294,427, the lowest since 1956.

World output in 1963 was 8,538,513 tons, 163,759 more than in 1962.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.
