OTTAWA, March 14 — (CP) — Senator Wishart Robertson, government leader, said today that the government could not agree to place defence contracts on a non-competitive basis in all parts of the country "simply for the purpose of distributing war contracts."

This, he said in the Senate in reply to an inquiry by Senator Gordon Inor (L. — Nova Scotia) would "lead to higher prices and Senator Inor had asked what inflationary tendencies."

He was being more even distribution of contracts and on the question of decentralization of defence contracts were placed in industry." He noted most of the Ontario and Quebec and thought the Maritimes and the West should get a bigger share.

Difficult Question

Senator Robertson said he would "welcome a discussion on the question" but it was difficult for him to initiate it as leader of the government. He suggested some other senator might want to bring the subject formally before the upper chamber.

In a direct reply to Senator Inor's inquiry, he said he had been "instructed" to reply that the Canadian Commercial Corporation is "constantly endeavoring to place all business that can be placed at reasonable competitive prices in areas outside Ontario and Quebec."

"Some price preference is being given for material manufactured from the Maritime Provinces and the Prairie Provinces. The government cannot, however, agree to place contracts on a non-competitive basis simply for the purpose of distributing war contracts as this would lead to higher prices and inflationary tendencies."

In locating new industries, the government "will place them outside Ontario and Quebec whenever this can be done with a reasonable prospect of continuing peacetime operation in the locality selected."

Plan To Step Up Recruiting In Canada

OTTAWA, March 14 — (CP) — The government is preparing to step up sharply the already-intensified drive for armed forces recruits in an effort to keep manpower needs satisfied by voluntary methods. It will become nearly a \$4,000,000-a-year proposition.

The estimates of government spending in the fiscal year starting April 1 indicate that the Defence Department, with Parliament's approval, will be doubling spending on its recruiting program.

Under the heading "films, displays, broadcasting, advertising and other informational materials," the estimates propose to spend \$3,836,000 in the next fiscal year compared to \$1,965,000 in the year ending with the end of this month.

A departmental spokesman said this means recruiting is going to become "a very big operation."

A recruiting official estimated that the tempo of the campaign, steadily intensified since Korea started, will be boosted between 50 to 60 per cent.

The three forces now have about 65,000 men. By 1954, they want at least 115,000 and Defence Minister Cline has said that's a target, not a ceiling that can't be surpassed.

Coming Events

"Mail your Films to Garnham Photo Studio, Charlottetown."

"Victoria Rink tonight, Thursday. Third game of finals, Tryon Redwings vs. Victoria Seagulls."

"Why bake? Delicious cakes and cookies at Moore and McLeod's Thursday afternoon, 2:30. East Royalty Women's Institute."

"Victoria Rink, Friday night, Kellys Cross Red Wings vs. Appleton Road All Stars. Admission 25 cents to all."

"Show, Morell Community Hall every Friday, 7 and 9 o'clock. Coming this week, 'The Woman on Pier 13', starring Lorraine Day, Robert Ryan, John Agar."

"Take my advice! Come and see the Benevolent Irish Society of Charlottetown their 3 set comedy drama 'Take My Advice' in Emerald Hall March 17th. Also the best of Specialties by Frank Flood and others."
