Junior Farmers and Junior Club News

The Bedeque-Freetown Junior Farmers held their annual meeting at the Credit Union office, Centreville, Bedeque, on Friday evening, December 8th.

The following directors were appointed for the coming year: Frank MacFarlane, Edward Pearson, Helen Cairns, Charles Wright, Willard Waugh and Claude Hogg.

At a Directors' meeting the officers were appointed as follows: President, Robert Reid; Vice-President, Frank MacFarlane.

Secretary - Treasurer, Edward Pearson.

Morris Deacon, Fieldman, was present and urged the group to greater activity so as to encourage greater membership.

The secretary-treasurer reported \$23.73 on hand with two small bills to be paid.

The following is the President's report:

The Bedeque-Freetown Junior Farmers re-organized for 1950 in December, 1949. The group was split up into three farm Forum groups for the winter: one at Freetown, one at Middletown.

Early in April, Fernwood and Freetown played a game of hockey, Freetown winning by a score of 4-2.

Then the debates started. We had twelve contestants in our own group which gave us three swell debates. The best speakers, as chosen by the judges, were: William Cairns, Ruth Wright and Margaret Carruthers, who went on to win the Island title.

A meeting was held on May 15 to discuss the possibility of sponsoring a play and on June 12 we sponsored the Summerside Baptist Players at Searletown Hall.

At this time we also had a sale of candy but due to the small crowd in attendance, made only \$17.00.

On June 28th a meeting was held to plan a program for the Western Junior Farmer groups which were to tour to Bedeque on July 5th.

On July 4th four carloads from our group went on the Johnston's River Junior Farmer tour.

The groups from Western Prince County arrived at Edward Pearson's shore early in the afternoon of July 5th. A game of softball was played in the afternoon and following supper several games around a campfire on the beach were played then a sing-song and a short dance brought an enjoyable day to a close.

The Bedeque-Freetown group supplied 5 gallons of lime juice for supper, to accompany the other refreshments.

Our last business meeting was held on November 17th and it was decided to hold a social in Searletown Hall on the following Friday and to hold our annual round-up meeting on December 8th, at the Credit Union building.

The question of members taking the Junior Farmers Short Course at the Vocational School was also discussed but there was nobody sure if they could attend or not.

Our social was a big success with about twenty members present. Several games and contests were played and a delicious lunch was served.

The "Cape-Cove" Calf Club was re-organized at a meeting held Thursday night, December 7th at the home of Frank Murphy, Augustine Cove.

The President, Elmer Larsen, conducted the meeting and a good number of members were present. The following officers were appointed for the coming year: President, Norman Farquhar, Vice-President, Gerald Murphy, Secretary - Treasurer, Paul Murphy.

Adult Directors: Margaret Murphy, Maurice Larsen.

They decided that they would meet every second Thursday during the winter months.

The Secretary-Treasurer reported a good balance on hand.

Some discussion took place regarding the membership and Morris Deacon, Fieldman, agreed to contact several other boys and girls regarding joining the club.

The next meeting is to be held at Harry Dawson's.

The annual meeting of the Northern Calf Club was held in the school, Wednesday evening, December 6th. There was a good attendance of members and visitors.

WHAT WILL YOU PAY FOR AUTOMOBILE INSURANCE NEXT YEAR?

1. If you are in the select driver class—(where your car is used chiefly for pleasure and no one under 25 years of age in your household drives it.)

An INCREASE in rates. Why? Because insurance rates are set by insurance loss statistics, prepared in accordance with provincial government laws. Prince Edward Island must pay increased rates in this class. The increased insurance loss record makes the rate increase necessary.

Table with 4 columns: Description, 1950, 1951, INCREASE. For fire, theft, public liability and property damage, passenger hazard and \$50 deductible collision insurance for a 1950 Ford, Chevrolet or Plymouth in P.E.I.

2. If your car is used chiefly for pleasure and someone under 25 years of age in your household drives it.

An INCREASE in rates. Why? Autos driven, even partially, by youthful drivers had over 30 per cent higher insurance losses than autos in the select class. This group must naturally pay higher insurance rates. Those in the group that has the heavier losses should pay for the necessarily higher rates.

Table with 4 columns: Description, 1950, 1951, INCREASE. For fire, theft, public liability and property damage, passenger hazard and \$50 deductible collision insurance for a 1950 Ford, Chevrolet or Plymouth in P.E.I.

3. If your car is used chiefly for business:

An INCREASE in rates. Why? Autos used for business were involved in over 75 per cent more accidents than those in the select group. So, naturally, this group must pay high insurance rates as long as that accident record continues.

Table with 4 columns: Description, 1950, 1951, INCREASE. For fire, theft, public liability and property damage, passenger hazard and \$50 deductible collision insurance for a 1950 Ford, Chevrolet or Plymouth in P.E.I.

FOR FURTHER INFORMATION SEE YOUR INSURANCE AGENT. Because of the increased costs of replacing wrecked automobiles, the increased costs of automobile repairs and the increased costs of medical and hospital care, insurance rates, like most other prices, are tending upwards. But the most important factor affecting insurance rates is your driving—good or bad—so...

REMEMBER... YOU SET YOUR OWN INSURANCE RATES
