PROVINCIAL LEGISLATOR.
HOUSE OF ASSEMBLY.
OFFICIAL SUMMARY.
THURSDAY, April 19.

Mr. SINCLAIR said the financial state of the country was deplorable. The supply was not sufficient to cover the expenditure. Messrs. Pope, Haviand, and Howland had brought the question of the wharves up, when on their delegation to Ottawa, but could not get the Dominion Government to admit that the Island had any claim. Mr. Pope had said in the House, speaking of the Dominion, "we were also promised that the wharves in our principal harbors would be taken by the Dominion, and maintained, which would be another valuable addition to the preceding Terms." They are not bound to take wharves, but they have given us the assurance that they will send an engineer to report upon the property of the Dominion, or what will become such, and he thought all that might be safely estimated at \$10,000. These were Mr. Pope's words at that time, but not a dollar had ever been received. What promise has this delegation brought down? There is nothing in the correspondence to show that they received any promise. They have the judgment of the Supreme Court in their favor; but have they got any assurance to justify them placing a sum in the estimates. Even allowing that they receive the \$36,000, they would yet fall \$20,000 short of meeting the expenditure. The Land Office would not yield within \$10,000 of the sum estimated. The receipts for the first three months of this year had been nearly \$2,000 short of what they were for the same period of 1882. The expenditure was estimated at \$252,989. The consolidation of the laws would cost \$3,000. The steam service provided this session for King's County, \$750. Carry forward the deficit from last year of \$12,348 and a loss of \$10,000 by duty bonds and deposits in Bank of P. E. Island, all these items, if added to the estimate, would amount to \$281,087, and all that we had to meet it with, would be a revenue of probably \$261,000, which would leave us \$19,000 or \$20,000 short. What was the Province going to do if they did not get the \$36,000 from Ottawa, and if the Land Office fell short \$10,000. The arrears of assessment were not worth \$1,000. The finances of the country had never been in such a deplorable state. In reducing salaries, they had merely stolen the clothes of their predecessors, all their retrenchments had been projected by the Davies Government, and the present Government had merely followed in their steps. The expense of working the Land Office was one-ninth of the Revenue received from it. This was entirely too much. If we could make no more retrenchments, in a few years we should be overwhelmed with debt. The debate was adjourned. At 2 o'clock on Friday morning, the House adjourned until 10 a. m. the same day.

FRIDAY, April 20.
Mr. SPEAKER took the Chair at 11 o'clock. The Bill entitled "An Act to encourage Coast and River Steam Service in King's County was, read a third time and passed."
Mr. BENTLEY moved the second reading of the Bill entitled "An Act to incorporate the Free-town Hall Company." Motion carried. House in Committee, Mr. J. McLean in the Chair.
Mr. SPEAKER resumed the Chair and the Bill was reported agreed to.
Mr. MARTIN asked the Leader of the Government to lay on the table a statement showing the amount expended during the last two years for the purchase of books for the Legislative Library, the cost of books purchased during the same period, the number and list of books lent out of the said Library during the last six months.
Mr. SULLIVAN, as a member of the Executive Council, presented the statement.
Mr. McFADYEN asked the Leader of the Government if the Executive Council have received petitions from the inhabitants of Murray Harbor, asking for the appointment of prosecutors under the Canada Temperance Act of 1878, and what action the Government intend to take in the matter.
Mr. SULLIVAN—There were some petitions received yesterday. They have not yet come before the Government.
Mr. PERRY asked the Leader of the Government if it be the intention of the Government, during this Session, to press on the Government of Canada the propriety of giving to this Province its share of the Halifax Fishery Award.
Mr. SULLIVAN said: It is the intention of the Government. We have been pressing the matter upon the attention of the Dominion Government, and do not intend to give up the claim of the Province to its share of the Award.
Mr. HOOPER asked the Commissioner of Crown Lands for the full amount in detail paid to J. C. Underhay, Esq., for the service performed by him by the Public Lands Department, in the year 1882.
Mr. FERGUSON—There has been no amount paid to Mr. Underhay. But I will give the hon. member a statement of the account, which will serve his purpose just as well.
Mr. MARTIN resumed the adjourned debate on the motion to go into Supply. He said the Province could not be congratulated on its financial condition, and the comparison instituted by the Leader of the Government is not fair. At the end of 1878, there was a balance in favor of the Province of about \$15,000; but now the balance is against the Province to the extent of \$12,000. It is much worse than that. Included in the assets of the Province are old duty bonds to the amount of \$5,859.14; and, on the other hand, the Public Works Department owes about \$11,000, not included in the accounts. These amounts, added to the balance against

the Province at the end of the year make up a total deficit of \$29,198 07. While the Province is in this unfortunate position, the Public Works have been neglected; and with all due respect for the ability of the Commissioner of Public Works, the country has suffered for the want of a competent engineer. China Point Wharf and Seal River Bridge, are cases in point. We are told that there has been a saving in ferries. But Southport Ferry should not be let in conjunction with West River Ferry. Evidence which cannot be gainsaid, shows that the receipts of the Land Office are on the decline and that the office cannot be expected to yield, during the current year, more than \$40,000—instead of \$55,000 as estimated by the Leader of the Government. But the Leader of the Government depends upon getting a refund from Ottawa. We are not justified in depending for a revenue upon a claim which has never been acknowledged. At any rate it is to be hoped that the Government have something more tangible to depend upon than the evasive expressions used in the minutes of the Canadian Government.
Mr. McFADYEN listened with attention and interest to the Budget Speech, and gave the Leader of the Government credit for putting his figures very ingeniously. But they were misleading. The comparison of the expenditures of 1873 and 1882 was grossly unfair. The statements of last year do not agree with the statements of this year. According to his figures of last year, the Leader of the Government was astray to the tune of \$56,538 36. The country was deceived by the Government. In 1879 they were led to believe that the Assessment Act would at once be repealed, the debt wiped off, and the financial position of the country could be kept up within the ordinary revenue of the Province. But the Assessment Act was not repealed until just as they were again about to appeal to the country. And what do we see to-day? A deficit this year of \$24,000. There is evidently in store for the Province a great deal of trouble and financial difficulty. The Government have, it is true, economized as much as possible. But the revenues have fallen off. In the land office, next year, the receipts will be less instead of more, and year after year they will be less still. The people who owe the land office are poor and cannot pay their instalments, let alone the compound interest which is demanded. What is the use of depending upon the Dominion Government for a refund? There is, in the papers before the House, no promise, whatever, that the Dominion Government will pay a single dollar on account of our piers.
Mr. J. R. McLEAN had told the people in 1878, that the Assessment Act was necessary; and, for doing so, lost his election. Ever since Confederation, our revenues have been falling off. In the three years following that event, the deficit rolled up amounted to nearly \$100,000, and that was his reason for advocating the levy of an Assessment. In 1877, however, there was a small surplus, and at the end of 1878 there was still a balance in favor of the Province of \$13,797 58. At the end of 1879, the balance in favor of the Province was about \$26,000. In 1877, the Leader of the present Government attempted to show that the Assessment Act was not necessary. But what is the result? They kept the Act in force until just as they were going to the country, and the deficit of last year was nearly \$24,000. To draw upon capital for ordinary expenditure, is bad policy, and there is no good prospect of a refund of the amount expended by the Province on account of the piers, though it is to be hoped for the sake of the Province that it will in the end be paid. On the whole the estimated receipts of the Leader of the Government are very ambiguous. It would be far more honorable in the Government to meet the matter fairly and squarely. The Province was never before in such an unfortunate position as it is at present. The Government have been obliged to beg ingenuously, at Ottawa for money to meet their expenditures; and the public service was never in such a wretched state as it is to-day.
Motion carried. House in Committee, Mr. McLean, Souris, in the Chair.
Mr. SULLIVAN submitted the following resolution:—
Resolved, That the following sums be granted and placed at the disposal of the Government for the following Services, viz:—
Salary of Attorney and Advocate General . . . \$1,300.00
Salary of the Clerk of the Crown and Prothonotary . . . 1,320.00
Salaries of Deputies to Prothonotary . . . 1,000.00
Salary of Sheriffs . . . 195.00
Salary of Clerk of Supreme Court . . . 100.00
Fees and Disbursements of Supreme Court . . . 3,500.00
Printing and Stationery, Supreme Court . . . 200.00
Crown Prosecutions in Magistrates' Courts . . . 300.00
Court House, Charlottetown, Keeper's Salary . . . 400.00
Court House, Georgetown, Fuel, Light, etc., . . . 1,200.00
Court House, Georgetown, Keeper's Salary . . . 60.00
Court House, Georgetown, Fuel, Light, etc., . . . 50.00
Jail, Queen's County, Keeper's Salary . . . 400.00
Jail, Queen's County, Assistant's Salary . . . 365.00
Jail, Queen's County, Overseer's Salary . . . 313.00
Jail, Queen's County, Medical Attendant's Salary . . . 32.00
Jail, Queen's County, Matron's Salary . . . 50.00
Jail, Queen's County, Maintenance . . . 1,500.00
Jail, Prince County, Keeper's Salary . . . 300.00
Jail, Prince County, Assistant's Salary . . . 200.00
Jail, Prince County, Medical Attendant's Salary . . . 20.00
Jail, Prince County, Matron's Salary . . . 20.00
Jail, Prince County, Maintenance . . . 1,000.00
Jail, King's County, Keeper's Salary . . . 300.00
Jail, King's County, Medical Attendant's Salary . . . 20.00
Jail, King's County, Matron's Salary . . . 20.00

Jail, King's County, Maintenance . . . 500.00
Salaries of Chief Clerks County Courts . . . 1,500.00
Salaries of Assistant Clerks County Courts . . . 3,200.00
Rents and Disbursements County Courts . . . 700.00
Printing, Stationery, County Courts . . . 200.00
Barriff's Fees, County Courts . . . 100.00
Mr. SPEAKER resumed the Chair, and progress was reported.
After recess,—
Mr. SULLIVAN presented a Bill entitled "An Act to further amend an Act to provide for the care of idiots, lunatics and persons of unsound mind." The Bill was received and read a first time; read a second time; and committed to a Committee of the whole House, Mr. J. R. McLean in the chair.
Mr. SPEAKER resumed the Chair and the Bill was reported agreed to.
Mr. SULLIVAN moved that the House do now resolve itself into Committee of the whole to consider further the question of supply. Motion carried. House in Committee, Mr. McDonald in the Chair.
Mr. MARTIN objected to a reduction of the salary of the keeper of the Court House.
Mr. SULLIVAN said the amount was the same as that paid for several years past.
Mr. CAMPBELL said the keeper of this Building had no assistance, and he was not aware that the keeper of the Law Courts Building had complained.
Mr. MARTIN said he had complained.
Mr. BEER said the statement of the Leader of the Government respecting the expenditure of the Department of Justice was inaccurate and that it was not fair to make a comparison of expenditures in this Department; for they depend upon the state of the country.
Mr. FERGUSON said that when public affairs are carried on with moderation, riots and other disturbances of the peace are not likely to occur. He contended that the comparison referred to was quite fair. Very large amounts were, in 1878, paid to outside Council, during the absence, at the Fishery Commission, of the Attorney General of that day. Had the present Attorney General acted in the same way, he would have been popular with some of his fellow barristers; but the expenses to the country would have been greater.
Mr. FERGUSON said that if Mr. Davies was black, Mr. Ferguson was also black. Though an official of the Government, he had charged \$8 a day for services while on a delegation to Ottawa.
Mr. FERGUSON said that his salary, while he was away, was not paid; and that the \$3 a day paid him was the pay agreed to many years ago, by Order in Council, to members of the Government away on delegations in the public interests.
Mr. J. R. McLEAN defended Mr. Davies, and said he was opposed to political Attorney Generals and political Commissioners of Crown Lands. Often, when they should be attending to their duties, they are away canvassing and attending political meetings, etc. Carried.
Coroners' Inquests . . . \$300.00
Boards of Health . . . 100.00
Carried.
Mileage of members of the Executive Council . . . \$600.00
Printing and Stationery . . . 100.00
Mr. BEER asked if it were true that members of the Executive Council received free passes from the P. E. Island Railway.
Mr. SULLIVAN said the hon. member should get his friends in Ottawa to ask the question of the Dominion Government.
Mr. SINCLAIR protested against the extravagance and uselessness of having nine Executive Councillors. He thought the number should be reduced to five.
Carried.
Elections . . . \$500.00
Carried.
Salary of Chief Superintendent of Education . . . \$1,200.00
Salary of Clerk to Superintendent of Education . . . 800.00
Salaries of Inspectors of Schools . . . 1,600.00
Salary of Principal of Prince of Wales College and Normal School . . . 1,500.00
Salary of first Professor of Prince of Wales College and Normal School . . . 1,100.00
Salary of second Professor of Prince of Wales College and Normal School . . . 800.00
Salary of third Professor of Prince of Wales College and Normal School . . . 700.00
Salaries of District Teachers and Supplements . . . \$7,000.00
Scholarships, Prince of Wales College . . . 450.00
Traveling Expenses of Chief Superintendent . . . 200.00
Printing and Stationery, etc., . . . 600.00
Fuel, etc., Prince of Wales College and Normal School . . . 500.00
Miscellaneous . . . 100.00
Mr. SINCLAIR asked if the Leader of the Government really thought the increased amount would be sufficient.
Mr. SULLIVAN—I think it is. The estimate of last year was very nearly met.
Mr. SINCLAIR believed it would be found at least a \$1,000 short.
Mr. BEER was rather surprised that the increase in the staff of School Inspectors recommended by the Superintendent of Education had not been made. He would like to know if the accommodation in the Prince of Wales College and Normal School was to be enlarged.
Mr. J. R. McLEAN did not think the amount in the resolution would be sufficient. He thought the amount should be increased and that the teachers should receive all their pay direct from the Public Treasury.
Mr. SINCLAIR found that there was a reduction of \$1,000.
Mr. SULLIVAN said the estimate was the same as that of last year.
Mr. BEER said it seemed as though the Government wished to cripple the Education System.
Mr. CAMPBELL said that considering that the Government had done more than any other administration to encourage Free
