GOOD YIELD.—The Agriculturist reports that Mr. George Garland, of Indian River, Lot 18, sowed less than one-half bushel of wheat last spring on less than one quarter of an acre of ground, and threshed therefrom this fall nine and a half bushels of good clean grain. Who can beat this?

THE sudden changes liable at this season result in cold in head, followed by catarrh and perhaps consumption and death if not speedily treated. Nasal Balm almost instantly relieves cold in head, and never fails to cure catarrh in its worst form. It has cured thousands of others; it will cure you. BIG YIELD OF OATS.—Geo. Gibson, of Hants county, sowed this spring, twelve bushels of oats on good land, on which potatoes and oats had been previously grown. The yield has just been threshed out, and is something remarkable—260 bushels, or more than twenty to one. The seed was sown on six acres. The best yield was from a patch of about 2½ acree, where potatoes had been planted the previous year, and is thought to have been about twenty-five to one.

EXHIBITION NOTES.—A telegram to the Secretary of the Exhibition Commissioners, from Mr. Townsend, offering a balloon ascent and parachute leap from the clouds has been received and the offer has been accepted. A ballon ascension will be a novel sight in P. E. Island, and there will be some thrill in connection with it. It will be one of the attractions of our Provincial Exhibiiion.

All classes in the races are filled and filled well.

The Directors of the Exhibition will meet at the main Exhibition building on Monday at half-past three o'clock, to allot space to exhibitors. Persons desiring special space ought to be present.

SPECIAL DESPATCHES TO THE EXAMINER.

SENECAL'S RASCALITIES,

AND CHAPLEAU'S INQUIRY.

Lister Floored Again

OTTAWA, Sept. 26.

Before the Public Accounts Committee yesterday it was proved that immediately on the report of Senecal's blackmailing operations having reached Hon. Mr. Chapleau last spring, he instituted a searching inquiry. Senecal, of course, denied the accusation. Not satisfied with this, Chapleau instructed Chamberlain, the Queen's printer, to make inquiries of firms who had dealingf with the Printing Bureau. One of those inquired of was Mr. McElroy, agent of the Potter Company, who gave an imphatic denial to the charges. Barber, of Barber & Ellis, said that the reason he never complained of Senecal was because he was affraid he would get no more orders. Barber swore that McKenzie Bowell had privately asked him last April if it was true that Senecal had exacted commissions and being told that it was, he said he would take steps to stop it. Mr. Bowell corroborated Barber's evidence and said that at the next committee meeting he would narrate the steps he took. Mr. Chapleau voluntarily produced the evidence taken before the Court in Montreal, which Lister had stated would implicate Chapleau in a corrupt bargain. This evidence fully sustained Chapleau's statement that he had written no letter and completely exonerated him.

Davies, Perry, Yeo and McLean left for home yesterday.

DOMINION PARLIAMENT

Probable Date of Prorogation.

VERY HOT WEATHER.

OTTAWA, Sept. 26.

In the Senate yesterday the address to Her Majesty on Canada's trade relations, asking for the termination of the effect of certain most favored nation clauses was unanimously adopted.

In the House of Commons Haggart presented a statutory declaration by Senator McLaren declaring the charges preferred by Lister against Haggart to be absolutely untrue, and without the shadow of any foundation in fact. Very naturally Mr. Laurier objected to such declaration being read.

Sir John Thompson said was unable to state the exact date of prorogation, but he thought it would be early next week. Many members have gone home and probably prorogation will be on Thursday.

The thermometer registered eighty-six in the shade yesterday.

In the division on the Tarte-McGreevy report, Earle and Joncas, two Conservatives, were absent unpaired.

Obituary—Personal.

NEW YORK, Sept. 26.

Rev. Dr. Blanchard, of Rum, Romanism and Rebellion fame, died yesterday.

Mr. Blaine has written a letter urging the election of McKinley in Ohio.

Telegraphic News.

WASHINGTON, Sept. 24 —Secretary Foster has awarded Albert Owens, of Prescott, Maine, a siver life-saving medal in recognition of his gallantry in rescuing three men from drowning on 10th July, 1887. The three men rescued—Walter E. Blanchard, Fred Mahan and Frank Mallack —attempted to cross an arm of the sea about twelve miles from Eastport, Maine, in a small boat, which capsized in an extremely dangerous place and threw them all into the water. They were discovered by Owens' daughter, who immediately told her father, and the latter launched his boat and saved them.

OTTAWY, Sept. 24 —Hon. Mr. Abbott, replying to-day in the Senate, said that the government would, next session, take up the question of judges' salaries and deal with it.

MONCTON, Sept. 24.—The fire investigation to-night developed a sensation. For a year or two false alarms have been numerous, and when two incendiary fires, set within a few roads of each other, followed the false alarm of the night of the 11th inst., it was thought time to investigate. Among the witnesses called to-night was Joseph Bedford, a member of the hook and ladder company, whose evidence was to the effect that a false alarm was rung by George Scott, who is also a fireman and general secretary of the fire department. Suspicion at first pointed to Bedford, who was seen at the box, but it appears from his evidence that he tried to prevent Scott from pulling the box. Scott, it is said, has left town, and is in Cape Breton. No light is yet thrown on the origin of the actual fire.
