Federal Gov't Action Urged In Commons

OTTAWA, Apr. 25—(CP)—Representatives of two farming communities, one in Ontario and the other in Saskatchewan, said today in the Commons that the situation in the Canadian dairy industry now constitutes a national emergency.
Dr. W. G. Blair (PC—Lanark) suggesting immediate establishment of a floor price for cheese, said the dairy industry has been hit by the outbreak of foot-and-mouth disease in Saskatchewan, by the loss of British and American markets, by cheese imports from New Zealand and by competition from margarine.
Hazen Argue (CCF—Assiniboia), a Saskatchewan wheat farmer, agreed that a floor price for cheese should be established. But, he said, the law should be revised to prevent packing houses and others from making a "complete sham" of floor prices.
The two members were among several to participate in continued debate on the 1952-53 budget, a debate which permits discussion of almost any topic.
G. M. Ferris (L—MacKenzie) said that at one time cheese was

Expect Early End To Potato Shortage In Mid-west U.S.

WASHINGTON, April 25—(AP)—The Agriculture Department said today the next 10 days should bring considerable relief from the potato shortage that has been particularly noticeable in the mid-west United States.
New crop potatoes should be moving to market in large volume from Florida, Alabama, Texas and California by the early part of May, officials said. The harvest of these potatoes has been delayed about a week this year due to weather conditions.
The shortage reflects the fact that last year's production in northern or late-producing areas dropped sharply. It is the output of these states that supplies the U.S. during the fall, winter, and early spring.

Sabres To Fly Over Ch'town

A squadron of twelve R.C.A.F. F-86 Sabre Jets, Canada's new first-line day fighters, will fly over Charlottetown on Wednesday, April 30th, according to an announcement from the Department of National Defence.
The flight is being made in the course of a four-week tour of Eastern Canada staging fly-pasts and static displays at most of the major cities and towns and terminating in Western Ontario.
The tour, commencing on April 30, will give many Canadians a chance to see these 600-mile-an-hour aircraft for the first time and will include aircraft from three squadrons, 413 at Bagotville, Que., and 416 and 439 at Upland, near Ottawa, to avoid disrupting flying training.
The Sabres, built in Canada by Canadair Ltd. of Montreal, are part of "Air Defense Command's" first-line fighter strength and are the same type of aircraft being used in Korea and by the R.C.A.F.'s No. 1 Fighter Wing in England.
The time of the flight over Charlottetown on April 30 will be announced later.

Daylight Time Begins In Most Places Tonight

By The Canadian Press
Most Canadians will move their clocks ahead one hour Saturday night, marking the start of daylight time for the summer.
Through most of the country, clocks will be turned back on the night of Sept. 28, recovering the hour of sleep lost between Saturday and Sunday.
Between those dates, say the proponents of daylight time, they will enjoy the opportunity of going to work in the cool of summer mornings and getting home from work in time to enjoy an extra hour of daylight.
In the same period, say its opponents, train schedules and radio programs will be surrounded by confusion and farmers will operate on daylight time while their livestock keeps to "sun time."
Not all the country, however, will have daylight time. Alberta and Prince Edward Island will remain on standard time.

Four Are Killed, Eight Injured; Plane Was Preparing To Land

Four members of the R.C.A.F. were killed late yesterday afternoon when a four-engine Lancaster bomber crashed and burned while coming in for a landing at the Air Navigation School at Summerside.
Of the eight other occupants, five were seriously injured and three suffered minor injuries. A member of the Summerside ground crew received slight injuries while engaged in rescue work.
Names of the dead and injured were withheld pending notification of next-of-kin.
The crash, bringing to 12 the number of service air deaths in the Maritimes in little more than a week, occurred as the big plane was returning from a routine flight to Goose Bay, Labrador.
Apparently the big Lanc overshot the runway. It appeared that just before the crash the pilot strove desperately to gain altitude. The plane plowed through a guard fence and in minutes was a blazing inferno. It was 150 yards from a high octane gasoline dump and a railway tank car on a siding was even closer. It was moved by a tractor. It was understood that a shunting engine was sent from Summerside to assist in the removal of cars.
The crash occurred just a few minutes before Defence Minister Brooke Claxton was due to board his aircraft for Charlottetown.
The Defence Minister had just concluded inspection of the station and was being entertained in the Officers Mess. The siren sounded. Visitors at first thought it a practice drill. Then the crash tender and ambulance rushed to the scene and the Minister and his party followed. He later visited survivors in the Airport Hospital.
The aircraft was on loan from another unit to participate in an Arctic navigation flight that was to begin on Sunday. It had been to Goose Bay on a routine flight to undergo fuel consumption tests.
The crash was the third in the Maritimes within eight days.
Two navy Avengers apparently collided and crashed into the sea off Southwestern Nova Scotia last Thursday, killing all seven crew members.
Another Avenger crashed shortly after taking off from its Shearwater base, near Halifax, yesterday and its pilot was killed.

"Off The Record" Interview With Defence Minister

"A very satisfactory discussion" on the subject of the new Naval Barracks Airport extension for Charlottetown was held last night with Hon. Brooke Claxton, Minister of National Defence, following the dinner tendered in his honour at the Charlottetown.
The discussion, which was described as a "frank and off-the-record talk" was held by the Minister with Premier Jones, Mayor Stewart and the full complement of the City Council and Board of Trade council members. It was not open to the Press but Mayor Stewart later expressed his warm appreciation of the Minister's attitude and confidence in his desire to see the projects implemented with as little delay as possible.
This morning Mr. Claxton will be shown over the sites of the proposed projects and given further information in connection with the city's defense requirements. He is scheduled to leave for the mainland at 10 a. m.

Quebec Plans Road To Copper Mine

QUEBEC, April 25—(CP)—Premier Duplessis today announced the Quebec Mines Department will spend \$1,000,000 to build a road between Gaspé and a Holland township copper ore deposit, to be developed by Noranda Mines, St. Lawrence.
Premier Duplessis also announced the Mines Department has issued a number of permits for prospecting oil deposits in Gaspé peninsula.
Search for oil has been going on there for more than 50 years but no deposits located so far have proved commercially profitable.

N. B. Man Loses Appeal From Murder Conviction

FREDERICTON, April 25—(CP)—Donald Capson's appeal against a murder charge conviction was dismissed today by the New Brunswick Court of Appeal. Barring any action in the case by the Federal Department of Justice, he will be hanged June 11.
The 27-year-old Moncton house painter was convicted March 8 of murdering Mrs. Rosie Wing, 58, in her rubbish-littered home at Moncton Oct. 2.
Mr. Justice P. J. Hughes handed down the appeal court decision. Chief Justice C. D. Richards and Mr. Justice W. H. Harrison concurred.
After Capson's trial in the Westminster Circuit Court, the jury's verdict included a strong recommendation for mercy.
Crown prosecutor George T. Mitton said the motive was robbery. Mrs. Wing had been battered to death. Police found more than \$21,000 in cash and bonds in the house.
Defence counsel J. T. Carvell based the appeal on four grounds. Three concerned the judge's charge to the jury. He also contended that Mr. Mitton had made improper and inflammatory remarks in addressing the jury.
Capson was confined in the Westmorland County jail at Dorchester after Mr. Justice W. Arthur I. Anglin pronounced the death sentence.

Announce Award For Non-Fiction Book

TORONTO, April 25—(CP)—Hamilton-born Josephine Phelan, author of "The Ardent Exile", today was announced winner of a \$200 prize given by the Women's Canadian Club of Toronto for the best book of creative non-fiction and with a Canadian background. "The Ardent Exile" is a biography of the life of Thomas D'Arcy McGee, one of the Fathers of Confederation.

Spadework Begins On Move To Include Spain In Western Defence

MADRID, April 25—(Reuters)—Spadework has begun here on secret negotiations to bring Spain into the Western defence picture through the use of Spanish naval and air bases by United States forces.
Spain already has received a list of U. S. suggestions for joining anti-aggression efforts but U. S. officials here predict it will be some weeks before final military and economic agreements can be drafted.
Maj.-Gen. August Kissner, chief of the U. S. military mission, says he hopes that Spaniards will agree to a plan whereby they will prepare specified air and sea bases for quick use by U. S. forces in the event of a Russian attack in Western Europe.
In return, the Spaniards want the U. S. to aid in the modernization of their army and helping in training Spanish officers in the use of new weapons.
The U. S. economic mission will

N. S. Considering Highway Agreement

OTTAWA, April 25—(CP)—Resources Minister Winters said today he believes the Nova Scotia Government is giving "favorable consideration" to signing an agreement on the Trans-Canada Highway with the Federal Government.
He was replying to a question from Percy Black (PC—Cumberland) as to what progress was being made in reaching agreement on the Nova Scotia section of the highway.
Nova Scotia and Quebec are the only provinces that have not signed highway agreements with the Federal Government.

Stage Set For Dominion Drama Festival Opening

SAINT JOHN, N. B., April 25—(CP)—The stage is set for the 13th Dominion Drama Festival.
The curtain goes up in the Capitol Theatre here Monday night, marking the first time for the week-long event to be held in the Maritimes.
Players from Newfoundland to Saskatchewan will begin arriving Sunday. The adjudicator, Michel St. Denis, director of the Old Vic Theatre School, London, is expected Saturday.
Officials working on final details report keen interest in the festival and good demand for tickets.
Seven Little Theatre companies from six provinces will be in competition. The Theatre Guild of Saint John, Ltd., representing the host province, has been chosen to open the presentations. The Saint John production is Noel Coward's "Hay Fever."
This will be followed during the week by the St. John's Players of Newfoundland, the Halifax Theatre Arts Guild, the Regina Little Theatre, the Saturday Players of Ottawa Little Theatre, the Actors Company of Toronto and the St. Genesius Players Guild, Montreal.
In addition, two Canadian-written plays will be presented non-competitively on the final night. They are "Voice of The People," by Robertson Davies, Peterborough, Ont., and produced by the Belleville Theatre Guild; and "De L'Autre Cote Du Mur" (The Other Side of The Wall), by Marcel Dube, University of Montreal undergraduate. The latter play will be presented by La Jeune Scene of Montreal.

3rd Battalion PPCLI Earmarked For Korea

OTTAWA, April 25—(CP)—The 3rd Battalion of the Princess Patricia's Canadian Light Infantry has been earmarked as the unit to start off a new round of Korean rotations this fall if it becomes necessary.
It and five other infantry battalions—the infantry component of two brigades or two-thirds of a division—will launch their summer training programs early in May at three camps in Canada. The six battalions were formed to provide manpower and a training framework to back up the units in Korea and Germany.
Nearly 6,000 soldiers will begin to move shortly into summer camps at Wainwright, Alta., Valcartier, Que. and Aldershot, N.S.
The 3rd Patricia's are due at Wainwright May 8 from Camp Ipperwash, Ont. to train for a possible Korean role. The 2nd Patricia's now are in Calgary after a year in Korea, where the 1st Patricia's now are serving.
Among the 4,500 men who will be in Wainwright with the 3rd Patricia's are the 3rd Battalions of the Royal Canadian and Royal 22nd Regiments, 1st Battalions of those regiments now are replacing the 2nd Battalions in Korea. There will be no call for the 3rd Battalions to go to Korea for nearly a year.
The 3rd R.C.R. is at Petawawa, the 3rd Royal 22nd at Valcartier.
The other three battalions to take summer training are those formed to back up units in the 27th Brigade in Germany. The 2nd Canadian Highland Battalion will train at Aldershot, the 2nd Canadian Infantry Battalion and 2nd Rifle Battalion at Valcartier. Companies for those battalions have been scattered all across Canada during the winter.
At Wainwright, too, will be an artillery regiment as well as engineers and service corps troops.

30 Killed In Blast On U. S. Cruiser St. Paul

TOKYO, April 26—(Saturday)—(AP)—A fiery powder blast in a big gun turret on the heavy cruiser St. Paul Monday killed all 30 seamen inside as the warship stood off the East Korean coast pounding Communist targets.
The United States Navy announced today called it the worst naval disaster in 22 months of Korean warfare. An investigation was ordered.
Even as damage control parties rushed to the stricken turret, the St. Paul continued to hammer away at Communist shore positions. The cruiser rocked to the turret explosion as if it had been struck by a big shore gun. But Communist batteries were not firing at the St. Paul.
The damage control parties found not a man alive in the smoking, fire-blackened forward turret, which fired three of the cruiser's nine eight-inch guns.
Those who survived the blinding flash perished quickly in the poisonous air of burning gases.
The St. Paul had fired 86 rounds from the eight-inchers when the turret was shaken by the internal explosion. The navy report blamed the blast on "a gunpowder fire of undetermined origin."

Manslaughter, Arson Charge In Child's Death

TORONTO, April 25—(CP)—Charges of manslaughter and arson were laid today against Albert Verrault, 31-year-old unemployed carpenter, in connection with a fire yesterday in which Michael Lafontaine, 11 months, was burned to death in his crib in a flaming cottage in suburban Yorkville.
Verrault, who police said once shared the cottage with owner Mrs. Adele Wall but now lives with her niece in nearby Lakeview, was remanded to April 30.
Mrs. Wall, 29, was held as a material witness. Police said she rented the cottage to the baby's parents, Mr. and Mrs. Anthony Lafontaine.
Police accuse Verrault of setting the fire for \$500 to help Mrs. Wall collect \$4,500 insurance money on the cottage, which originally cost \$1,500.
Police say Mrs. Wall had been unable to sell the house because of its nearness to the lake.

C. C. F.'er Embarrasses Party In Commons Debate

OTTAWA, April 25—(CP)—A one-man schism on major policy issues engendered embarrassment today in the usually-coherent ranks of the 13-member C. C. F. parliamentary group.
M. J. Coldwell, party leader, called in Ross Thatcher (Moose Jaw) for a lecture on his unexpected departure from C.C.F. politics in an old-age pensions and family allowances in a Commons speech last night.
Another C. C. F. member—Hazen Argue (Assiniboia)—took issue with his colleague in the Commons today, expressing disagreement with Mr. Thatcher's proposal that pension and baby bonus payments be cut as economy measures.

Vancouver Fire Was Accidental

VANCOUVER, April 25—(CP)—Fire wardens reported today the multi-million dollar waterfront fire here Wednesday was "purely accidental."
"There is nothing suspicious about the cause of the fire, and we are fairly sure we know the cause," a spokesman at the fire warden's office said.
The fire, believed to be the biggest in the city's history, destroyed a grain dock and other loading facilities of United Grain Growers—valued at more than \$1,000,000—and damaged a storage warehouse,
