

The Secret Out.

Happening to be in Queenstown, Ireland, one evening many years ago, I was invited to attend a grand ball on the occasion of a famous international regatta.

I have written this to introduce the physical development of Irish ladies. The Irish girls in America have full chests, large arms; they are plump and vital.

When an American lady shows me her arms—candle dips No 8—and asks, 'How can I get such arms as Bridget's?' and I say, 'Work, work as she does, and you will have her arms.'

My curiosity was on tiptoe to see how Irish ladies, brought up in this moist, even climate, but without work, look. I have said there was 150 ladies present, and that they were very pretty and graceful, but now taking the witness stand, I testify that I have never in America seen 150 young women together with arms so small and chests so flat and thin.

Education, rank, aspiration, prayer—these will not produce a strong full, muscular body. They are not the appointed means. Exercise, exercise! work, work!—this produces strong muscles, full chests, and physical beauty.

MRS. SOPHIA POTTER'S

Bone Rheumatic Liniment

IT is a fact worth knowing that Mrs. Sophia Potter's Bone Rheumatic Liniment cannot be excelled for removing pain and soreness.

It is no worthless trash, as some may suppose, simply because they have been imposed upon by others, but is positively the "King of Pain." Sore throat cannot stand before its power.

All we ask is a trial that you may be convinced of the truth of our statement. Our experience is that one bottle tried also sells many more.

See circular for particulars and testimonials, and try a bottle—it will not fail to do all that is promised.
