# ISLAND LIVESTOCK EXHIBITORS SCORE AT WINTER FAIR

## United States Air Force To Store Atomic Bombs In Spain

### United Nations To Consider Korean Atrocity Charges

UNITED NATIONS, N.Y. (AP)—The UN steering committee recommended by a vote of 12 to 2 Monday that the General Assembly take up for full examination the American charges of Communist atrocities in Korea.

The Soviet bloc repeatedly blasted the charges as "half-baked nightmares" and "invention, a fabrication and gross falsification."

The American delegate, Henry Cabot Lodge Jr., urged a full airing as a way to pay at least part of the great debt owed the "tragic memory of the victims of these atrocities."

Lodge maintained that consideration of the charges would not implicate the efforts to organize the Korean peace conference.

He said human affairs "cannot be conducted on a basis of ignoring evil, of sweeping things under the rug."

Can Only Recommend

The committee can only make recommendations, but the assembly is expected to approve this recommendation. After the com-

### Air Bases To Be In Operation Within A Year

MADRID (AP)—The U.S. Air Force disclosed plans Monday for strengthening the American strategic striking force by storing atomic bombs at the newly-acquired bases in Spain.

Air Force Secretary Harold E. Talbott told a press conference here that the air force eventually will have supplies of atomic bombs at the Spanish bases for use against "a common enemy."

Talbott and Gen. Nathan Twining, air force chief of staff, are in Spain studying sites for five bases authorized by military and economic agreements recently concluded by Washington and Madrid.

Talbott said he expects contracts for the bases to be let within four to six months and that some of the bases may be operational within a year. The project is expected to be one of improving and enlarging existing bases rather than of building new ones.

Round Out Force

Twining defined the main function of the Spanish bases as a "rounding-out of the strategic striking force."

"We need more bases, and this is a good place to have them. We need both strategic bases and tactical bases for fighters to protect them and Spain. It would be a great step toward stopping our Communist enemies."

Both Talbott and Twining emphasized the limitations with which the top Allied planners regard both strategic airpower and atomic warfare in the West's over-all defence network.

The air force secretary emphasized there is no question of the United States adopting a "peripheral policy" of "containing" the Russians with air bases in Britain, the Spanish peninsula, Italy and Turkey.

"Our first line of defence lies in Germany—but definitely," he said.

Summing up the American attitude toward atomic warfare, Twining said:

"We are just acquiring more modern weapons.

Talbott said that Spanish use of the atomic weapons is "not in the picture at the present time." Any such use by the Spanish air force "of atom bombs would have to follow fresh negotiations between Madrid and Washington," he added.

### Seven Killed In Ship Explosion At Boston

BOSTON, (AP)—A violent explosion blasted through the Norwegian freighter Black Falcon Monday, touching off a fire which trapped a gang of longshoremen in a hold.

At least seven were killed. Thirteen others were taken to hospitals.

The death list included the names of a father and son, Anthony Bensaia and Alvan L. Bensaia, both of Boston.

Early reports indicated that the death toll might rise. Firemen dragged the waterlogged bottom of the ship, awash with loose cargo in six feet of water, searching for more bodies.

Survivors said that the explosion came when a drum of sodium peroxide tipped over, spilling some of its contents into some bauxite-aluminum ore—stowed in the bottom of the ship.

Flames Shoot High

Flames shot 200 feet in the air from the blazing midship hatch. The Black Falcon was tied up at the Boston army base, which adjoins the south Boston naval shipyard annex, where an explosion and fire aboard the navy aircraft carrier Leyte killed 37 and injured nearly 40 others only two weeks ago.

Practically all the dead and injured were from greater Boston.

A Red Cross official, E. Forest Hallet, first aid director, said some of the victims were brought up in slings with their skin sloughing off in flakes. Others had their clothes completely burned off.

Edward F. Montgomery, chief of the Boston fire department's arson squad, said that a thorough examination of the ship will be made by daylight today to determine the exact cause of the blaze.

He said that his theory—and he emphasized that it was theory—was that a chemical explosion started the fire.

Montgomery said that apparently a drum of sodium peroxide was stowed in the hold "too near the boilers" and that the heat caused some of the chemical to leak from the drum, mixing with bauxite in the same hold.

### UN To Postpone Trieste Problem For Three Weeks

UNITED NATIONS, N. Y. (AP)—Over strenuous Soviet objections, the UN Security Council Monday decided to postpone any discussion of the Trieste problem for three weeks.

The vote was nine in favor, one Russia against and one abstention. Since it was a procedural issue, the veto did not apply.

Chief Greek delegate Alexis Kyrou told the council the three-week period would give the countries chiefly concerned time to try for a solution through normal diplomatic channels.

The countries are Britain, the United States, France, Italy and Yugoslavia.

Andre Vishinsky, the chief Soviet delegate, declared Kyrou was trying to postpone debate forever. Vishinsky said he had to protest vigorously against such a move.

Britain, the U. S. and France have proposed a five-power conference to settle the dispute which came to boiling temperature after an Anglo-American decision Oct. 8 to withdraw their troops from Trieste's zone A and turn it over to Italy.

## All Firsts In Swine Show Captured By PEI Breeders

AMHERST, Nov. 2 (Special)—Island breeders dominated the Swine Show at the Maritime Winter Fair today. S. C. Stewart and Son of Marshfield and Almon Boswell of Dunstaffnage were the breeders that stole the show and Stewart stole most of it with his heavier list of entries.

Boswell had the senior and grand champion male and the reserve junior male champion. He also had the reserve junior champion female. The Stewart's took the senior female championship and reserve, the grand female champion and reserve and the junior male championship, the reserve senior and reserve grand male ribbons.

All in all the Stewart's took eight of the regular classes and they took the senior and junior herds. In several cases they took both first and second ribbons and in one they took the first four placings. In another they had the first three ribbons.

The Boswell herd took the first and third in the class for junior get of sire.

Island swine took all of the first ribbons at the fair, the closest mainland breeders came was the second prize that C. W. Heaves of Amherst won in the aged boar class. Another Island breeder Arthur A. Campbell of French River, sent one entry to the show and placed fourth.

The animals were placed by G. Preston Hooker of Ormstown, Quebec.

### School Question Rages In South

HOT SPRINGS, Va. (AP)—Governor Herman E. Talmadge of Georgia declared Monday that a United States Supreme Court decision to end racial segregation in schools in the southern states would be "nothing less than a major step toward national suicide."

Talmadge, chairman of the southern governors conference meeting here, said any such "political decision" by the high court would involve "the most foolhardy sociological calamity in our national history."

The Supreme Court has scheduled December hearings on racial segregation cases which have aroused most of the southern governors. There have been moves in South Carolina toward setting up a private school system if the court holds that Negroes must be admitted to white schools.

### POW Interviews Continue Today

PANMUNJOM, (AP)—North Korean war prisoners face Communist explanation teams one more today if all goes well. And the Reds may be in for another stormy day.

After an afternoon of doubt, the Indian command Monday night scheduled the interviews to begin early today. But only after the Red explainers made a slight compromise.

With the Red themselves in line, the Indians had only one other problem to hurdle—the angry prisoners themselves. They may riotously refuse to attend, or may once more hurl abuse on the Red teams.

No reports of violence came from the camps where the Indians hold 22 Americans, one Briton and 332 South Koreans who by Communist account are refusing repatriation.

### New Iron Ore Mine Planned

WAWA, Ont. (CP)—Development of a new mine below the Helen, Victoria and Alexandria iron mines of Algoma Ore Properties Ltd. has been announced by Algoma president Sir James Dunn.

Development of the mine, expected to be completed in four years, will make 38,000 tons of ore available and together with other reserves will ensure present Algoma production for the next 20 years, Sir James said.

The mines are about 100 miles north of Sault Ste. Marie.

Shipments of cars and trucks from Canada reached a record of 433,710 in 1952.

### Coming Events

- \*\*Dance, Little Sands Hall, November 3rd.
- \*\*Dance at Gordon Lodge every Friday night.
- \*\*Dance, Lorne Valley every Tuesday, Turner's Orchestra.
- \*\*Dance Mermaid School Friday, Nov. 6th, Fraser's Orchestra.
- \*\*Masquerade Dance, Iona Hall, Wednesday, November 4th, Prizes.
- \*\*Tron United Church Supper, November 4th.
- \*\*Hot chicken dinner, bazaar, games and refreshments, South Rustico Hall, Tuesday, Nov. 3.
- \*\*Hot Chicken Supper, Games, etc., Tracadie Hall, Wednesday, November 4th, Dance after.
- \*\*Annual meeting Dundas Cemetery 8 o'clock, Tuesday, November 3rd, at Robert Acorn's.
- \*\*Shur-Gain Amateur Cavalcade, Graham's Road Hall, November 19th.
- \*\*Weekly dance Winslow Station Hall, Thursday, Nov. 3, Dolron Bros. Orchestra, Canteen.
- \*\*Reserve Nov. 4, Marie United Church, hot chicken supper, Morell Hall.
- \*\*Dance Earncliffe School Wednesday, Nov. 4, Proceeds for Cherry Valley rink.
- \*\*Come to the Masquerade Dance at Stanley Bridge Rink Hall, Tuesday, November 3rd.
- \*\*South Rustico Chicken Supper and Bazaar postponed until next week.
- \*\*The annual meeting of Queen's County Ploughing Match Association will be held in Pownal Hall, Nov. 5th at 7:30 p.m.
- \*\*Masquerade dance at Fenner's Barn, Brackley Beach Tuesday night. Prizes for best and funniest costumes. Bus leaves I.M.T. 9:30.
- \*\*Farmers ask about the Shur-Gain Feed Finance Plan. For particulars contact your local feed mill. Farmers who break records use Shur-Gain.
- \*\*Notice—A public meeting will be held in Legion Hall, Mt. Stewart, 7:30 P. M., Wednesday, November 4th, to discuss the possibility of getting our village incorporated. Full attendance requested.
- \*\*Poultry Wanted. Buying live and dressed poultry daily, except Saturday. We weigh and pay for live birds on farm. Phone collect for pick up service. Day 9635, Night 7886. Central Egg and Poultry Station, Grafton Street, Charlottetown.
- \*\*All Members of Agricultural Civil Servants Association, interested in forming a Federal Employees Credit Union, attend meeting in Unemployment Office, Charlottetown, Tuesday, November 3rd, 7:30 P. M.
- \*\*Shur-Gain Cavalcade in Mount Herbert Orphanage Tuesday, November 10th at 8 p.m., sponsored by Mermaid Women's Institute. Contestants send entries to Mrs. Russell Matheson, Mermaid, before Nov. 6th.

### New York Greets Greek Monarch

NEW YORK, (CP)—While a sky-writing plane wrote "Zilo"—the Greek word for "hail"—overhead, King Paul and Queen Frederika of Greece rode up Broadway Monday and were given New York's traditional ticker-tape welcome.

An estimated 750,000 persons lined the route. At city hall, King Paul decorated Mayor Vincent Impellitteri as a commander of the Phoenix, and the crowd cheered its loudest when the mayor read newspaper reports describing Frederika as "the perkier, prettiest queen who ever sailed up the bay."

### Four Die In Week-End Accident

KINGSTON (CP)—The death toll of a week-end car crash reached four Monday when Thomas Jilings, 2, and Geraldine Winger, 16, both of Toronto, died in hospital here.

Killed Saturday when the car in which they were riding collided with a brewery truck about 17 miles west of here were Mrs. Thomas Jilings, 22, and Jean Winger, 9.

Still in hospital are George McCaggart driver of the car, Gary Winger, 15, and Gary Jilings, 5.

### Ike Commutes Death Sentence

LOS ANGELES (AP)—President Eisenhower has saved Tomoya Kawakita from death in the San Quentin prison gas chamber. It was disclosed here Monday.

The American-born Japanese was convicted of treason by a jury that heard testimony of sadistic brutality on American prisoners in a Second World War Japanese prisoner-of-war camp. Kawakita served as an interpreter and foreman.

President Eisenhower acted after 10 months deliberation. He commuted the death penalty to life imprisonment and a fine of \$10,000.

### Manslaughter Conviction In Bus Accident Case

CORNWALL, Ont. (CP)—Max Roodman, 40-year-old truck driver, was convicted of manslaughter Monday night in connection with an accident July 31 in which a loaded bus plunged into the Williamsburg canal near Morrisburg, killing 20 passengers.

Roodman will be sentenced today by Mr. Justice F. H. Barlow. An all-male jury deliberated an hour and 20 minutes before returning the verdict.

Earlier Monday bus driver Lorne Chesbrough testified his bus hit Roodman's unlighted truck "angled across the road" before both vehicles crashed into the canal. Chesbrough, from Kingston was acquitted 10 days ago on a charge of manslaughter in the accident.

Chesbrough said he first saw an object on the road about 125 feet ahead of him when he was travelling about 45 miles an hour in early-morning darkness July 31. The object had no lights, and was "angled across the road with the left front wheel about one foot across the centre line."

"When I was 75 or 100 feet away from it, I realized it was a vehicle of some kind," Chesbrough said.

"I started to coast as soon as I saw it, and applied my brakes. I was going to go around it on the right side but I was afraid of going into the canal so I swung to the north side to pass. That's when I hit it."

Roodman was charged specifically in the death of Ordinary Seaman John Fanya of Hamilton and Churchill, Man., one of the bus passengers.

### Major Hereford Honors Go To Sanderson-Borden Herd

AMHERST (Special) Nov. 2.—The Sanderson-Borden herd of Herefords took the major share of the honors at the Maritime Winter Fair here today. They took three firsts out of five in the male classes and both reserve championships and completely dominated the female classes. Their Triumph in the ring with their entries was so complete that they had all but one of the first places and cleaned up all of the female championship ribbons.

On top of that they took three of the five herd and group classes and took first and second on one of them.

The main opposition came from the herd of E. H. Himmelman who operated the Nova Hereford farm at LaHave, Nova Scotia. His Compress Lad 3E repeated the senior and grand championship he scored a year ago and his Nova Bruce, a senior calf went Junior Male Champion. The Sanderson-Borden herd's Elatonette Ruling Star was reserve junior and their count lionheart Tone 64D was reserve senior and reserve grand Skye Standard IH, a junior calf was the other male red ribbon winner for the S-B herd from North River.

Real Princess Stanway 3D went senior and grand female champion for the S-B herd. She was imported from Ontario where she was second in a class of twenty at Royal Winter Fair several years ago. Reserve senior and reserve grand was Proud Mixer Princess 12F, a two year old heifer that has been very successful in show rings since she came to the Province.

The junior champion female was Bambi's Dandy Domino, the top senior yearling heifer. Reserve junior champion was Miss Royal Lady W.H.F.

Judge W. D. Davies, assistant chief Department of Agriculture, Ottawa liked what he saw in the

### New Way Of Passing Exams

TORONTO, (CP)—Dr. C. F. Cannon, deputy minister of the Ontario department of education, said Monday the department will start an investigation of reports of switching of a pupil's examination marks if it is told the names of persons involved.

John Stubbs of Sault Ste. Marie, Ont., past president of the Ontario secondary school teachers' federation, said at London, Ont., Saturday the department switched marks on a fifth-form pupil's examination papers to allow him to enter a university course.

Mr. Stubbs said the pupil failed a language paper required for entrance to the university course but had a pass mark in a mathematics paper not required for entrance. The marks were switched, Mr. Stubbs said.

### Criticizes Ill-Founded Gossip About Royalty

NORWICH, Eng. (Reuters)—The Anglican bishop of Norwich, Dr. P. M. Herbert, Monday criticized some British newspapers for "ill-founded gossip" about the Royal Family.

He told a diocesan conference that Queen Elizabeth and the Duke of Edinburgh had made a special place for themselves in the hearts of the people. He praised them and their predecessors for their service to the nation.

"But although all this is so widely understood and appreciated, it does not preserve the Royal Family from criticism and, sometimes, from ill-founded gossip by a section of the public press, which makes one's blood boil," he said.

"The freedom of the press in a democratic age is not a right but a privilege gladly conceded, but dependent on restraint and decency and a respect for private life."

"Fierce indeed is the light that beats upon a throne, but it ought to be a light of sympathy and kindness, not one of sensation-mongering and cruel gossip."

### Major Hereford Honors Go To Sanderson-Borden Herd

beef ring in the Bailey arena. He also judged the Shorthorns today but in several cases he complained of overfiness in the latter breed and said he had to penalize animals because of that tendency.

Elatonette's Sky Queen and Lassy Tone 2F were tops in the junior calf class for the S-B combination. Haztone Laure 7th and Skye Lass 3G were tops in the senior calf class. Beatrice Standard took the four year old cow class for the Island showmen.

The only female class the S-B animals did not win was the mature cow class which the Himmelman's Waterville Silver Belle took.

The Island herd took first in the senior herd, first and second in the junior herd and first and second in the progeny of dam class.

The Himmelmans took the junior get of sire with an entry that was headed by their junior male champion Nova Bruce. They also

### Forbids Display Of National Flags In Trieste

TRIESTE, (Reuters)—Gen. Sir John Winteron, British commander of the Anglo-American zone A, Monday night forbade Italian parties to display national flags during the next two days of expected tension in Trieste.

He also ordered the pro-Italian mayor, Gianni Bartolotti, to cancel the customary radio speech Wednesday—35th anniversary of the day when Italy formally took over Trieste from the Austrians after the First World War.

Armed as a special precaution, 6,000 local policemen are standing by in case of anti-Allied demonstrations. Pro-Yugoslav groups who oppose returning zone A to Italy, caused no incidents.

It was thought first trouble might come Monday when wreaths and white flowers were placed at the foot of the Italian war memorials as part of the three-day observance of All Souls Day. But the ceremonies were restricted to brief prayers.

It is 35 years today since the Italian Bersaglieri Light Infantry entered the city with bugles blowing to plant their flag.

### Archbishop Roy Visits Korea

OTTAWA, (CP)—Most Rev. M. L. Roy, Archbishop of Quebec, has arrived in Korea for his second visit there with Canadian troops.

Word reaching defence headquarters said Archbishop Roy, who is bishop ordinary to the Canadian armed forces, reached Tokyo last Friday and proceeded to Korea over the week-end. He was accompanied by Col. C. E. Beaudry, director of the Royal Canadian Army Chaplain Corps Roman Catholic.

The army quoted the archbishop as saying the troops "are still performing a difficult job in a fine manner."

### Nag Husbands To Physicians

NEW YORK, (AP)—Women were told Monday they could cut the "frightening tide" of lung cancer deaths among men "with measured doses of enlightened nagging."

Frank Kramer, director of field relations for the American Cancer Society, made the suggestion at the opening of a five-day meeting of the society.

"We would like to see women—history's most effective medium of communication—turn their talents to saving their husbands from early death by lung cancer," Kramer said.

"They should insist that men with persistent coughs go see the doctor. Because most men are notoriously insensitive to seemingly minor symptoms, the job will not be an easy one. In most cases it may entail some nagging but I believe most women will agree that it is better to have a live and healthy husband, however harassed he may be."

### Red Party Writer Gets Twenty Years

PITTSBURGH, (AP)—James Dolsen, Communist party writer, was sentenced to 20 years and fined \$10,000 Monday for violating the state's seditious law.

Shouting defiance at the court upon hearing his sentence, the 68-year-old former writer for the Communist Daily Worker said:

"I speak with great heat. It is my life that is at stake. I stand now for the things I said and have done, and I have no apologies to make to anyone. I am not going to appeal for mercy to this court, because in years to come, we will be vindicated."

Andrew Onda, who was convicted with Dolsen in August, 1951, for advocating to teach the violent overthrow of the government, failed to appear for sentence. Counsel said Onda is confined to Brooklyn, N. Y., with a heart condition.

### Ministers Get Glance At Speech From Throne

By FRASER WIGHTON  
LONDON, (Reuters)—Seventy men and a woman, all in evening clothes, Monday night filed into 10 Downing street for dinner with Sir Winston Churchill and a peek at the government's legislative program for the next year.

Most of the guests were government ministers to compete with the present monopoly of the BBC.

3. A bill to provide for greater control, to cut down present road casualties.

4. Proposals to ease rent restrictions by which rents on millions of homes are frozen at pre-war levels.

5. A bill to return the cotton trade to private hands.

The Queen and the Duke of Edinburgh will ride to Parliament for the state opening in the Irish state coach that Queen Victoria bought in Dublin more than 100 years ago.

### Atomic Furnace Next on List

TORONTO, (CP)—William J. Bennett, Canada's new atomic chief, said today that the next stage in Canada's atomic program must be the design of a furnace built expressly for producing electrical energy and predicted that eventually atomic electrical power will be used in Ontario.

Electricity produced through atoms involved higher costs but even at this early stage, "the estimated cost of nuclear power is within striking distance of the cost of power produced from other fuels," the new head of Atomic Energy of Canada Ltd. said in a speech prepared for delivery before the Toronto Canadian Club.

### New Ideas For Home-Makers

More than 600 Charlottetown ladies packed Prince of Wales College last evening to watch food expert, Miss Sue Daye demonstrate how to put variety and appeal into meals. The Free Cooking School presented by the Co-op Super Market in conjunction with R. T. Holman Ltd., opened last night to begin a week's classes.

Miss Daye, introduced by Mr. Mitchell MacLane, showed the ladies how to bake Island sea fish on tomatoes and how to make a meal in one container. She cooked cabbage, onions and carrots each wrapped in aluminium foil and she introduced new recipes such as golden harvest pie and daisy coffee cake.

A set of scales donated by R.T. Holman Ltd. were won by Mrs. Beatrice Reeves and Mrs. Frances Whitlock.

The leek, national emblem of the Welsh, is a biennial plant largely grown for food.

HALIFAX, (CP)—The Weather Office says a disturbance moving rapidly eastward from northern Ontario will cause more snow in northern New Brunswick Tuesday and rain in southern New Brunswick and Prince Edward Island. It will be cloudy in Nova Scotia.

Regional forecasts:

Prince Edward Island, eastern N. B. counties, lower St. John river valley: Cloudy with a few clear intervals, then overcast, occasional rain Tuesday evening; not much change in temperature; light winds; low-high at Charlottetown 35 and 45, Moncton, Fredericton, Saint John 32 and 45.

High tide today at Charlottetown at 8:29 A. M. and 8:34 P. M. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 6:53 A. M. and sets at 4:50 P. M.
