

Before the Leaves Fall. I wonder if oak and maple, Willow and elm and all, Are stirred at heart by the coming Of the day their leaves must fall!

The Work Young Girls Might Do. I wish it were in my power to persuade young girls who wonder what they shall do to earn their living, that it is really better to choose some business that is in the line of a woman's natural work.

The Right Moment. "Who grasps the moment as it flies, he is the real man." There is a good deal of food for thought in this sentence for every wife and mother who reads this column.

Old clothes have always been regarded as excellent vehicles of disease, and now new clothes are considered as dangerous sources of contagion. The reason assigned is the fact that new clothes are ordinarily made by the tailors and dress-makers who give out work to poor families, and that textile fabrics of all kinds absorb the germs of diseases which ordinarily prevail in tenement homes.

A LONDON Druggist says: "during the many years I have been in the drug business, I have never had a medicine that gave such general satisfaction, or for which there was such a large sale, as there is for Mack's Magnetic Medicine, advertised in another column of your paper." Sold in Charlottetown at Apothecaries Hall.

HAIR VIGOR

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp.

MR. C. P. BRICHER writes from Kirby, O., July 3, 1882: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used a bottle of a bottle of AVER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the McArthur (Ohio) Enquirer, says: "AVER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. It promotes the growth of new hair, and makes it glossy and soft. The Vigor is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGELO FARBAIRE, leader of the celebrated "Fairhair Family" of Scottish Vocalists, writes from Boston, Mass., Feb. 6, 1880: "Ever since my hair began to give silvery evidence of the change which fleeting time procureth, I have used AVER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESOTT, writing from 18 Elm St., Charlestown, Mass., April 14, 1882, says: "Two years ago about two-thirds of my hair came off. It did not grow again, and I was fast growing bald. On using AVER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly use but one bottle of the Vigor, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AVER'S HAIR VIGOR. It needs but a trial to convince the most skeptical of its value.
