NEW YORK

NEW YORK (AP) - The stock market continued its rally Thursday, holding a fairly good gain on average despite unsettling international news and the threat of an airline strike

Volume was 7,210,000 shares compared with 6,870,000 Wednesday

The Dow Jones industrial average rose 2 7/8 to 891.64. This was insignificant compared with its upsurge of 13.59 Wednesday, but the fact that the market was able to end on the plus side was the important thing

The Associated Press average of 60 stocks advanced 2 1/2 to 822.9

Standard and Poor's 500-stock index rose 32 to 87.38

AMPEX TRADES HEAVILY

Amplex was the most active stock, losing 1/2 at 25 1/2 on 220,000 shares as profits were taken on its rise of 1 1/2 Wednesday when it was second most active stock

The company's predictions of higher sales and earnings have pulled it into the spotlight

Profit taking among many of the "swinging" issues, however, was a predominant feature of the session. This was illustrated by the fact that nine of the 15 most active stocks fell while only five rose

Among Canadian issues traded, McIntyre Porcupine jumped 2 1/2 points, Canadian Pacific 1/2 and Granite Mining and Hudson Bay Mining fell

Walker Seedgrains fell 1/2 and Distillers' Goods rose 1/2

Prices were mostly higher on the American exchange. Scurry Rainbow Oil dropped 1/2 and Canadian Javelin 1/2

TORONTO (CP) - Uranium continued to attract investor interest

on the Toronto Stock Exchange Thursday while banks turned downward in profit taking

Analysis say uranium are being bought for long-term investments in expectation of greater sales in the early 1970s to supply the increased number of nuclear reactors being built in the United States

Denison passed the group, climbing 1 1/2 to 57 1/2 after it had reached a 1966 high of 58 1/2. Rio Algom added 1/2 at 26 1/2
