

Parental Injustice.

Marion Harland, in Harper's Bazaar.

No worse preface to the story of a human life can be devised than the fixed conviction in a child's mind that he is of no especial consequence in the world.

I greatly favor the hackneyed phrase—albeit often spoken lightly—"His father's (or his mother's) heart is bound up in that child."

Someone said quaintly of an all-round woman that "she lived all the time in the middle of her pasture."

How to Make Money.

The following statistics, gathered from reliable sources, are both interesting and instructive, and will be turned to money, so to speak, by farmers and poultry-raisers.

State. Doz. State. Doz. State. Doz. Me., 7.5 Penn., 5.3 Ohio, 4.0 Mass., 7.2 N. Y., 5.0 Ill., 3.6 Conn., 7.1 Ind., 5.0 N. C., 3.6 N. H., 6.7 Tenn., 4.7 Ala., 3.2 R. I., 5.4 Ky., 4.4 S. C., 3.1 Vt., 5.9 Iowa, 4.3 La., 3.0

It will be noticed that the average number of eggs laid per hen per year ranges from three dozen to over seven dozen and that those states which reported the largest number of hens did not make the most money, because, as the figures show, they only got an average of four to five dozen eggs per hen per year.

Louisiana has not gone behind but the Northern States have gone ahead. There is no doubt at all that what the extensive use of Sheridan's Powder to make hens lay and for the improvement of poultry has boosted the poultry industry more than all other influences put together.

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth.

The Fair Trade Club, of London, England, with Lord Masham as its chairman, is inaugurating a vigorous educational campaign against free trade.

SKODA'S DISCOVERY, the Great German Remedy for Heart, Nerves, Liver, Kidneys, Blood. Guaranteed contract with every bottle.

It is said that Argentine Republic and Peru have allied themselves for war against Chile.

A Clean, delicious table drinking water is the Wilmet Spa Water, yet it cures many forms of stomach diseases.

The harvest in southern Bessarabia is a complete failure.

Floods are again causing much damage in the south of France.

For the nobilit and most children's ailments, suits, ulcers, overcasts and referer, come to the McKay Woolen Mills.

P. E. ISLAND.

Parties using the Telephones would find talking much more satisfactory if they would observe the following rules:—

1st. Speak with the mouth about four inches from the transmitter.

2nd. Speak in a moderate tone of voice, not too loud and distinct.

3rd. Place the telephone so as to cover the ear just as if you wished to shut out all other sounds.

4th. Do not press too hard on the transmitter.

5th. It is possible to talk and be heard when standing back two or three feet from the transmitter, if you speak loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice.
