THE Duke of Connaught has been appointed commander of the forces in Bombay. A VERY fine lot of ladies' woolen goods of extra good value can be had at A. L. Brown's. WHEN in want of woolen underclothing you will do well to see the assortment A. L. Brown is showing. THE steamer Bonavista, with a general cargo, arrived this morning. She sails again this afternoon. Two cases Gents' Liners and Drawers received at James Paton & Co's, and will be sold cheap for cash only. DR. FRASER, M. L. C., St. Peter's and H.L. Macdonald, M. P. P., Cardigan, are in the city and are at the Osborne. COCONUT Cream Pie, Custard Pie, Charlotte Russe, fresh, to-morrow, Saturday, at City Steam Bakery.—J. Quirk. THE total number of persons condemned to imprisonment for life for participating in the recent revolution in Madrid is 230. THERE are five entries for the boys 25-lap race at the Roller Rink on Monday evening next. Don't fail to witness the race. GLACE BAY COAL.—By auction, on Lord's Wharf, to-morrow at 11 o'clock, 150 tons round coal.—G. M. Harris, Auctioneer. MR. N. CAMPBELL, station master at North Wiltshire, arrived home last evening from a brief holiday trip to the United States. MR. WELLINGTON McLEOD, formerly of the P. E. Island Railway, but now a contractor on the C. P. R., arrived in the city last evening. At the Stipendiary Magistrate's Court this forenoon a drunk was fined \$1, and two cases—one assault and one nuisance—were postponed. THE Y. M. C. Association acknowledges, with thanks, the receipt of a copy of the valuable City Directory, published by Mr. C. D. Alpine. THE sacred concert to be given on the 22nd, in aid of the Y. M. C. A. promises, judging from the programme being prepared, to be one of the best ever given in our city. CHIEF ENGINEER LARBE, who is always on the look out for something good and big, purchased a monster goose in the market to-day, which tipped the scale at 17 1/2 lbs. Who is going to beat this? WOUNDING pigeons with darts fired from a gun is said to be the favorite pastime of a well known resident of Upper Queen Street. It is a very cruel amusement and should be stopped at once. An address will be presented to the United States Consul in the Legislative Council Chamber at 2 o'clock to-morrow. Mr. Keim and Mrs. Keim leave for their home in Pennsylvania on Monday next. DETECTIVE SKEFFINGTON, who visited the Island shortly after the Callaghan murder and worked on the case for some time, has been re-appointed to his former position as Inspector of the Detective Department of the Intercolonial Railway. THE steamer Worcester, Capt. Allen, sailed for Boston at four o'clock yesterday afternoon with a cargo consisting of potatoes, eggs, mackerel, and the usual sundry merchandise. She also had the following passengers:—Mr. R. Brehaut, Mr. Donald McPhee, Mrs. McDonald, Mrs. McLeod and Mr. E. Dennewee. ST. JOSEPH'S BAZAAR still continues to draw. The Lyceum was crowded again last evening. The fancy and refreshment tables are still well patronized, the lotteries are booming right straight ahead, and the post office, if the rush continues, will certainly require some additional clerks. Be sure and attend to-night. "If the \$230,000,000 paid to policy-holders by the Mutual Life since its organization, had been counted out in one dollar bills at the rate of one a second for seven hours on each working day, it would have taken one man more than thirty years to perform the task." Mr. MacEachern represents this greatest Life Company of the world. A CAREFUL census of the church-goers of London shows that 460,000 persons attend the morning, 410,000 the evening services. Allowing that one half of those who attend in the evening do so in the morning also, it would appear that 665,000 represents the average attendance, equal to about 13 per cent. of the entire population. This is a very small proportion. For the past few days some young lads at the northern end of the city have been amusing themselves shooting cats. The people of the neighborhood in which the shooting took place became alarmed lest the bullets should find some lodging place other than that intended, and confiscated the "gun," which has been handed over to the Police. The boys should have been handed over as well. THE election to decide which of the two party leaders—Sir John A. Macdonald or Hon. Edward Blake—is the most popular, was commenced at St. Joseph's Bazaar last evening. The voting was quite lively, and when the poll closed for the night Hon. Mr. Blake was leading. The election continues to-night, when it is expected there will be a general turnout of politicians and a consequent boom in voting. MR. THOMAS HAYTHORNE, B. A., M. D., C. M., of McGill College, Montreal, after five months' study in the Old Country, has succeeded in passing before the examining boards of the Royal College of Physicians, Edinburgh, and the Faculty of Physicians and Surgeons, Glasgow. Mr. Haythorne may now draw even more liberally on alphabetical symbols, and we wish him a successful and honorable professional career.

THE PRESENT

IS A GOOD TIME TO BUY Silver-Plated Ware. Prices are Likely to Go Up. The following is contained in a letter just received by us from a manufacturer: "There is a regular boom in trade. Cannot send travellers out, have to keep them home to help to get out orders. Everyone crazy about goods. The whole world is in a ferment and prices are going to be higher, as it is utterly impossible to make the goods required." The above state of the trade is in a great measure due to the fine exhibits of silver ware made at the Colonial Exhibition in London, and the consequent popularity and demand for Canadian goods. We have a splendid show of Sugar, Butter and Cream Dishes, Cups and Mugs, Ice Pitchers, Pickle Dishes (colored and plain), Castors, Napkin Rings, Spoons, and all kinds of goods.
