## N. B. CONSIDERS PLANS TO CONTROL SERIOUS OUTBREAKS OF ARMY WORMS

HARTLAND, N.B. (CP) — Provincial agriculture officials and the New Brunswick Seed Growers Cooperative met Saturday to discuss methods of stopping the infestation of army worms that is sweeping through the province's crops, causing thousands of dollars damage.

The newest outbreak is centred near Millville, 30 miles north-west of Fredericton where residents say the ground is almost moving with worms.

Douglas Pond of the entomological laboratory at Fredericton said the worms could destroy 15 acres of grain in one evening. He said the last serious outbreak was in 1927, and by 1928 the insects were practically non-existent.

The possibility of aerial spraying was suggested but later disapproved by E. M. Taylor, of the provincial agriculture department, who pointed out that many of the grain fields were not suitable for spraying. He said there were many dangers involved in air operations. The group decided to appoint a committee to investigate the best methods of stopping the horde.

PICTOU, N.S. (CP) — Three new Pictou county farming districts reported crops destruction during the week-end by an epidemic of army worms and farmers feared the pest would spread even further.

## Six Drowned In Maine Lake

HOULTON, Me. (AP) — Six persons drowned Saturday night when a canoe capsized during a rain-storm on Drews lake, about 12 miles north of this Aroostook county community. Three other persons in the canoe were rescued.

An expectant mother, her four children and their grandfather died. They were: Henry Fanjoy, 71, of Houlton, his 24-year-old daughter in law, Mrs. Earl Fanjoy of Haynesville, and the latter's children, Joyce, 7, Raymond, 5, William, 4 and Dale, 2.

It was the worst small boat accident in Maine's history.

## Alberta Oil Production Down

CALGARY (CP) — Alberta's crude oil wells produced at a daily average rate of 231,761 barrels during the week ended Aug. 2, a decrease of 51,705 barrels daily from the week previous. The decrease is believed due to producers cutting back wells to keep in line with allowable production set by the Alberta petroleum and natural gas conservation board for July.

## Coming Events

\*Dance, Fort Augustus Hall, Wednesday. Burke's Orchestra.

\*Dance Cardigan Head school, Monday, August 9th.

\*Regular dance Morell Hall tonight Burns orchestra.

\*Dance, Fortune Hall, every Tuesday night.

\*Reserve Aug. 17 for ice cream festival at Wheatley River.

\*Regular Dance Crapaud Rink, Wednesday night.

\*Regular Dance, Bonshaw Inn, Tuesday night.

\*New Zealand picnic Tuesday, Aug. 10. Meals served from 4 to 8. Dance after.

\*Dance Cardigan hall, Monday August 9. Turner's Orchestra. Auspices C.Y.C.

\*For Custom Combining Grain list your name now. E. J. MacDougal, Vernon.

\*In stock, Dithane, and all kinds potato sprays, fly sprays and binder twine. Dillon & Spillet.

\*Crapaud Exhibition and Livestock Show on Rink grounds, August 25th.

\*Regular Monday night dance in Emerald Hall cancelled due to a death.

\*Dance, Iona Hall, Monday, August 9th. Morrissey and MacDonald Orchestra.

\*Come to the Rose Valley School for Ice Cream Social August 16th. Auspices W. I.

\*Treat your family to a delicious home cooked meal at "The Woodshed Restaurant", Hunter River.

\*Dance in town hall, Georgetown, Fraser's Orchestra. Sponsored by Community Welfare League, Monday, August 9.

\*World Famous Capital recording artists, the Four Kings, appearing Tuesday, August 10th, at 8.00 p.m. at the Rollaway Club. Admission \$1.00. Dancing from 10.15 p.m. until 2.15 a.m., following the performance. Admission \$1.50.

\*Notice—There will be a special meeting of Emerald Branch B.I.S. tonight at 8 o'clock. All members urged to attend to make arrangements for funeral of former member, J. J. White, president.

# Child Killed, 11 Persons Injured In Car Accident At Saint John

## NEW CONTESTANTS THIS YEAR FOR BREEDERS' HONORS AT EXHIBITION

One of the most encouraging features of this year's livestock exhibition is the presence of a large number of new exhibitors. Almost every breed will have breeders who will be making their appearance for the first time in the show ring.

Everything is in readiness for the opening of the Exhibition and Old Home Week which takes place tonight at 7:00 Standard Time.

The big Fair, which is now recognized as the largest in Canada east of Toronto, will be officially opened by Mr. Cyrus Eaton of Ohio. Opening remarks will be heard from the President of the Exhibition Association, Dr. J. P. Lantz, His Honor Lieutenant Governor T. W. L. Prowse, Hon. A. W. Matheson, Premier, His Worship Mayor J. D. Stewart of Charlottetown and Mr. W. R. Shaw, former Deputy Minister of Agriculture.

Wendell Rodd from Brookfield will be one of the new exhibitors in the Holstein breed and will compete with such veterans as Lewis Bros., from York, with 24 in their herd, R. A. Proffitt, Freetown, Cyril Jones, Bunbury, Oswald Newton and Son, Kingston, and Colby Lewis, Freetown.

Newcomers to the Jersey showmen are John Clark, William Easter and James Berrigan of North Westshire and John Docherty of Kingston. The Edison Mutch herd has the largest entry in this breed with 22 head of cattle along with George MacMillan, Cornwall, James Vickers, North River, Bruce MacDonald, North Westshire, Albert Stetson, Kinkora, A. J. Boswell, Marshfield, Clark Bros., North Westshire, Henderson Bros., North Westshire, Douglas Matheson, Dundas, and Fred Kitson, Hampshire.

## Guernsey Exhibitors

Alton Bell, Kensington, and Edward Murray, Brackley Beach, will be making their appearance in the Guernsey class which includes the herd of Eric Hurry with 28. Mr. Hurry from West Royalty has been making some outstanding records in milk production with his herd. The King of Island Guernsey breeders, Guy Rodd will be entered but not in such numbers as with his pleasure in years past. Ernest Coles & Son of Milton and Harold Balmer of Kensington will complete the list of Guernsey exhibitors.

Members of the Guernsey breeders will regret the absence of Dan MacLean of Milton who has during the past few years been taking his share of honors at the show. Mr. MacLean suffered from an accident while hauling and as a result has been unable to get his herd into shape.

## See Giant Red Sword Dangling Over Happy Little Kingdom of Thailand

By FRED HAMPSON

HONG KONG (AP)—From this Far East vantage point it looks as if a giant Damocles sword, hanging by the thread of "peaceful co-existence", dangles over the happy little kingdom of Thailand.

The question was: what instrument would the Reds use on Thailand, a country that has never been a cold war hotbed. Thailand is generally prosperous, is cordial to the West, and has outlawed communism?

ANOTHER HO

The answer came quickly in the person of Pridi Phanomyong. Who is Pridi Phanomyong?

If you combed through Thailand's leftwing nationalists for a counterpart of Indo-China's Mao, you would come up with Pridi.

Pridi, educated in France, has been a Thailand socialist for 25 years. He assumed much direct power after participating in one of Thailand's many coup d'etates in the early 1930s.

Pridi became premier for a while after the war. He stepped out in favor of friends and followers because he preferred to wield his power from behind the scenes. A coup d'etat in the late 1940s drove him underground. Many sincere people thought it a great tragedy.

NATIVE SPEARHEAD

Then came Geneva, bringing the Communists into Southeast Asia. The Red river delta in Viet Nam became the advance post for propaganda, infiltration and con-

spiracy. Thailand must be softened up. Who appeared on the scene? Pridi. He had been in Red China all the time.

Using all the stock Red cliches, Pridi reappeared by acclaiming in the Peiping People's Daily and on Peiping radio—the "great victory of Geneva."

"Only by peaceful co-existence with the world's democracies can Thailand hope to maintain her independence and integrity. In order to counteract the tension and misunderstanding created by U. S. imperialism, Thailand must befriend the Chinese People's Republic and Viet Nam democratic republics and peoples democracies everywhere."

Thus spoke the new Pridi, who still commands a following in Thailand among solid citizens.

## Child Killed, 11 Persons Injured In Car Accident At Saint John

SAINT JOHN, N. B. (CP)—A four-year-old girl was killed and eleven persons were injured Saturday night when an automobile careened out of control and smashed into a group of people holding an outdoor street-corner religious service.

Dead is Judith Ann Brooks of Saint John who was hurled against the side of a building and crushed by the front of the car. She died shortly after being taken to hospital.

Police said the accident occurred when a car driven by Miss Heather Williams, 19, went out of control while making a turn. The car swerved almost a semi-circle and ploughed into the hymn-singing gathering, knocking bystanders in all directions. There were about 18 persons in the group.

Most seriously injured are Lorne Green, 9, of Saint John, with undetermined injuries; Mrs. G. W. Driscoll, 52, both legs fractured; Mr. Driscoll, 54, fractured leg; and Aircraftman Felipe Babauta, 22, of the U. S. Air Force base at Limestone, Maine, head injuries and lacerations.

An inquest will be held Tuesday.

## Severe Electric, Hail Storm In N.B.

GRAND FALLS, N. B. (CP)—A severe electric and hail storm Saturday night hit the Grand Falls area, 110 miles northwest of Fredericton, causing damage to crops and destroying several farm buildings.

Haviest hit was the farm of Fernand Deschene of Drummond where three barns and some farm machinery were destroyed. Damage was estimated at about \$8,000.

## Doctor Reports On Cause Of Emilie's Death

MONTREAL (CP)—The body of Emilie Dionne went back Saturday to the home she left less than two months ago to help nurse the aged residents of a hotel at St. Agathe in the Quebec Laurentians.

There, waiting for her, were her four quintuplet sisters who amazed the medical world and made the little village of Callander, Ont., famous 30 years ago when they survived their rare birth.

The body left Montreal early Saturday afternoon, about two hours after Dr. Rosario Fontaine, a provincial medical-legal expert, brought on by glandular disorders that created a congestion of the lungs.

He also revealed that Emilie was subject to epileptic attacks for "some time," although it was a closely-guarded secret until her death. He said it was not unusual for persons Emilie's age to die from the illness.

## PHONED PARENTS—

Emilie's sister, Rose — Mrs. Maurice Girouard — and her husband waited in a room in the dreary morgue while the autopsy was performed in the basement.

The body was then moved to a private funeral home for embalming while Mr. Girouard telephoned Emilie's parents and sisters to inform them of the results of the autopsy.

After the body was placed in a coffin the lid was left open until Mr. and Mrs. Girouard had looked at it. Then it was carried to a hearse for the trip of more than 300 miles to Callander.

About 30 persons standing outside the funeral home watched the departure of the hearse and the Girouards in an automobile following it.

## SEEMED HAPPY

The quintuplets were practically inseparable through the first 19 years of their lives. But when Emilie died at St. Agathe, 45 miles northwest of Montreal, none of her sisters were near.

## To Sign Balkan Pact Today

BLUED, Yugoslavia (Reuters)—The foreign ministers of Greece, Turkey and Yugoslavia Saturday approved the final text of the Balkan military pact which will weld together a potential 95 divisions of the world's toughest fighting men.

The ministers—Stephan Stephanopoulos of Greece, Foca Koprulu of Turkey and Kuc Popovic of Yugoslavia—will sign the alliance today.

Walter L. Reid, 45, of Springfield, was killed Sunday when crushed under his heavy bulldozer near Gagetown, Dawson Hall, 49, of Canterbury, drowned Sunday while swimming in Davidson lake, near Woodstock.

Kenneth McLeod, 17, of Atholville, drowned Friday while swimming in the Restigouche river at Campbellton. Four-year-old Judith Brooks of Saint John died in hospital Saturday night after being crushed against a building by a wildly-careening automobile.

## Reds Seen Only Ones Losing As Quarrels Settled

By TOM WHITNEY  
AP Foreign Staff

Only the Communists lost from the settlement in the last two weeks of hotly-disputed international questions—Iranian oil and the Suez canal occupation.

The solutions reached are a victory for U. S. diplomacy and for the entire non-Communist world.

Another important blow to the Reds may be dealt in the near future—the Trieste conflict between Italy and Yugoslavia can be ended. Diplomats close to these negotiations have reported a settlement of this troublesome question is nearer than it has ever been before.

Conflicts between nations of the non-Communist world are fuel for the Kremlin in its aim of splitting its enemies and keeping them so busy quarrelling among themselves that they will not notice the Red danger. The Kremlin always does everything in two disputes where the West and prevent their settlement. Where they do not exist, the Russians do their best to help create them.

## REDS DISAPPOINTED

Thus when Britain agreed finally to evacuate troops from the Suez canal the Communists were disappointed. They showed it in their press.

"The agreement in Egypt threatens the independence of the Arabs," headlined Izvestia. The headline was typical of comment published in Moscow papers and magazines on the British-Egyptian agreement.

Commenting on the oil agreement finally ending the long quarrel between Britain and Iran over nationalization of Iranian properties of the Anglo-Iranian Oil Company, Pravda said:

"The United States is pushing along a dangerous path."

In Trieste, the powerful Italian Communist party is waging a campaign charging the Italian government with preparing to sell out Italian national interests.

## PRIEST DIES

SUDBURY, Ont. (CP) — Rev. Louis Joseph Roy, 68, assistant priest at St. Anne's Roman Catholic church here for the last three years, died Friday night. Father Roy received his early education in the United States and was graduated from Laval University in Quebec City. He entered the Jesuit order in 1910.

## 5,000 Pay Respects As Emilie Dionne's Body Lies In State At Callander

By C. M. FELLMAN  
Canadian Press Correspondent  
CALLANDER, Ont. (CP)—It was like those famous old years all over again — but with solemn, tragic overtones.

Crowds stretched in long lines in front of the Dionne home Sunday just as they did in the 1930s. They spilled out onto the grey asphalt parking grounds where cars stood row upon glistering row.

This August afternoon in 1934 was typical of a warm Sunday afternoon from 1934 to 1940 when the Dionne quintuplets were on display.

It took death to revive that old familiar scene.

Sunday there were no impish children on exhibition behind huge one-way-view windows in the public pavilion. Instead, the long lines of men and women turned left to an imposing yellow brick Georgian mansion where the body of Emilie, fourth-born of the famous five, lay in state.

## Three Brothers Ordained As Catholic Priests

LASARDE, Que. (CP) — Three brothers were ordained as Roman Catholic priests Saturday in a single ceremony believed the first of its kind in Canada and possibly in North America.

Msr. J. A. Desmarais, bishop of Amos, officiated at the ordination in St. Andre-de-LasRasse church.

The new priests are Rev. Michael Plourde, 23, Rev. Philippe Plourde, 24, and Rev. Antonin Marie Plourde, 26. They are the sons of Leonard E. Plourde, station-master in this little community 100 miles northeast of Kirkland Lake, and of the late Mrs. Plourde.

Pope Pius XII gave special permission for the youngest brother to be ordained at 23. Church regulations say candidates must be 24.

The brothers received their education in Hearst, Ont., Joliette, Que., and Ottawa.

Father Philippe and Father Michael were scheduled to say their first mass at 7 a.m. Sunday in the LaSarre parish church. Rev. R. P. Lucien Dorais, secretary of the apostolic delegation at Ottawa was to preach the sermon. Two hours later, Father Antonin was to say his first solemn mass, assisted by his brothers and by Rev. Victor Cormier of LaSarre, with Rev. Eugene Dumontier, director of Catholic action for Quebec, preaching the sermon.

## BIG FAIR OPENS

FORT WILLIAM (CP)—The 64th Canadian Lakeland Exhibition—the show window of Thunder Bay—opens Monday for a week-long series of exhibits, livestock shows, grandstand performances and a midway. Secretary-manager, Wilfred Walker said he believes attendance will better last year's figure of 145,747. About 6,000 entries have been listed in competition in farm produce, livestock, domestic science and handicrafts.

## Next Four Months To Decide Role Of Television In Canadian Politics

OTTAWA (CP)—The role Canadian television will play in the field of politics may be decided in the next few months.

Talks on the possible use of TV for political broadcasting are expected to open here late this fall. They will be attended by representatives of the Liberal, Progressive Conservative, CCF and Social Credit parties and the CBC.

Discussions likely will decide whether the country's political parties are prepared to use TV to make their views known to the public and whether the CBC thinks the time is ripe for this new broadcasting venture.

If the decision is to use TV for political broadcasting, time will be allotted on CBC stations for speeches by members of the four main political parties.

## 61-Foot Boat Claims Record

DARTMOUTH, Eng. (Reuters)—A 61-foot converted lifeboat anchored here Saturday and claimed the title of being the first small powered craft to make a two-way crossing of the Atlantic without a sail.

The four-man crew of the Ariels sailed from New York to England in 19 days.

Captain and owner Cecil H. Smith told of encountering bad weather on the trip:

"When we were 500 miles off Nantucket, Mass., we ran into a southeasterly gale with winds up to 70 miles an hour. The sea rose up around us like a solid green wall, but the Ariels rode the huge waves like a cork. We didn't ship a single drop of water anytime during the voyage."

On the trip to New York, the British lifeboat carried greetings from King and Queen to Thames to Kingston-on-Hudson, where they were received by the mayor.

## Liberal M. P. Dies At Winnipeg

WINNIPEG (CP) — Robert J. Wood, Liberal member of Parliament for Selkirk, died Sunday following a heart attack in Winnipeg General Hospital.

## NOW AMBULANCE-CHASING

MONTREAL (CP)—A new set of by-laws for the bar Quebec, designed to prevent lawyers from soliciting business, will go into effect Sept. 1, officials of the bar said Saturday. One spokesman said the by-laws will be aimed at lawyers who accept prospective clients in courthouse corridors. The general council of the bar is empowered to suspend lawyers guilty of unprofessional conduct.

ST. THOMAS, Ont. (CP)—Hon. Mr. Justice H. W. Newlands, former Lieutenant-Governor of Saskatchewan and a retired member of the Saskatchewan supreme Court died here Friday after a brief illness. The funeral will be held Monday at London, Ont., with burial in Oak Bay cemetery, Victoria, B. C.

It was decided not to use TV during the election campaign.

Since that time the parties have been giving considerable thought to televised political speeches and now are interested in talking the matter over with the CBC.

If it is decided to use TV for political broadcasting, it is expected the CBC will adopt a pattern similar to that followed in the allotment of radio time to the parties.

Free air time is granted to the federal political groups on the CBC's trans-Canada network on the basis of party representation in the House of Commons. The parties air their political views on the program "The Nation's Business."

The 15-minute program this year ran from Feb. 2 to June with the Liberals making eight broadcasts, the Progressive Conservatives six, the CCF four and the Social Credit two. Talks among the parties and the CBC on a new program series are scheduled to open early in the fall.

## 5,000 Pay Respects As Emilie Dionne's Body Lies In State At Callander

Callander will be four brothers and two brothers-in-law of Emilie—Ernest, Daniel, Victor and Oliva, Jr., Maurice Girouard of Waterloo, Que., and Thomas Callander of Espanola, Ont.

For two hours in the afternoon a stream of 5,000 persons flowed in and out of the quiet Dionne living room where the opened casket was placed.

Outside, the gate of the iron fence surrounding the Dionne property had been flung open to the public for the first time in 14 years. Not since the public viewing of the girls was discontinued in 1940 had a public visit been permitted by the publicity-shy Dionne family.

The four grief-stricken quintuplet survivors—Yvonne, Annette, Cecilia and Marie—sat beside Emilie's body from the time of its arrival from Montreal at 9:10 p.m. Saturday until 2 a.m. Sunday.

They rose again shortly after dawn and resumed their weeping vigil.

## TO-DAY YOU GUESS WITH THE WEATHER MAN; RAIN OR NO RAIN

TO-MORROW (CP)—Minimum and maximum temperatures:

	Min.	Max.
Dawson	—	82
Vancouver	53	65
Edmonton	51	72
Calgary	46	72
Regina	53	73
Winnipeg	54	77
Toronto	61	76
Ottawa	47	70
Montreal	55	70
Quebec	48	66
Saint John	54	74
Moncton	55	73
Halifax	55	76
Charlottetown	55	70
Sydney	55	73
Yarmouth	56	65
St. John's	54	69

HALIFAX (CP) — The weather office says sunny weather is forecast for the Maritimes and eastern Quebec on Monday. However, showers are again expected to develop at intervals, scattered locally late in the day.

Regional forecasts  
Prince Edward Island: Sunny except for a few cloudy intervals and showers in widely scattered localities in the afternoon and early evening; little change in temperature; light winds; low high at Charlottetown 55 and 75, Moncton and Fredericton 55 and 75, Saint John 55 and 75, Edmundston and Campbellton 55 and 70.

High tide today at Charlottetown at 4:42 a.m. and 7:31 p.m.  
Summerside tide eighteen minutes later than Charlottetown.  
High tide today at the North Shore at 12:39 a.m.  
Sun rises today at 5:07 a.m. and sets at 7:29 p.m.  
(The time is Atlantic Standard.)
