The steamer Princess of Wales did not make her regular trip here on Tuesday night. The steamer Belle passed on her way to Shediac on Tuesday, without calling at this port. This caused a great excitement among the persons intending to cross over. Returning she called here, discharged her freight and passengers, and left again immediately for Shediac, with the passengers and freight waiting. We do not know the exact reason of this confusion, but we must say it was not a very wise or profitable move for the company.

BOSTONITE. This is the name given to a new material manufactured by Messrs. Perry & Co. of London. It is made of slates, Memorandum Books, Diaries, &c., and is an excellent cheap substitute for Ivory in the above named articles, as writing with a lead or colored pencil is easily erased with moisture. Messrs P. & Co. are also manufacturers and patentees of an almost endless variety of useful articles in the Stationery and Fancy Goods line. A very nice assortment of their Goods is on sale at Mrs. Bremner's Book and Stationery Store in Prince Street.

We would wish that all advertisements would be sent in on Wednesday. We are obliged this morning to omit a number.
