

Big Potato Found Near Summerside

Mr. Nelson Compton, Summerside, R.R. 1, while harvesting his potato crop last week unearthed one of the largest potatoes to be seen in this part of the country in a long time. When weighed the big spud tipped the scales at 2 pounds, 6 ounces and while he admits that this was some potato he claims that another, somewhat larger was found in the same field the same day. However, this one could not be produced as evidence so it must be assumed that that one was one "that got away." —S.

School Parade Program Proves Most Delightful

A very delightful and entertaining program, Schurman's School Parade, was presented last Friday evening over radio station CJRW by the M. F. Schurman Co. Ltd.

This was its first program of the fall series and celebrated the sixth consecutive year the program has been on the air. Last Friday's program consisted of ten talent numbers from the Carleton School and Summerside High School.

These boys and girls gave readings, vocal solos, piano solos, selections in public speaking, and group singing numbers. The always enjoyable inter-scholastic quiz contest brought together the Air Marshal Johnson School and the Summerside High School teams.

After a slow start the A.V.M. Johnson School almost overcame a commanding lead held by the Summerside High School during the first two rounds of play, however, the S.H.S. team were the victors, and will now compete with another four and over classroom school in the near future. Schurman's School Parade is heard each Friday evening at 7.30 p.m. and school children from many parts of the Island take part.

Mr. and Mrs. Alfred Gillis, Alberton, spent the week-end with their parents, Mr. and Mrs. Ernest Larkin of St. Peter's, both students at St. Dunstan's, spent Thanksgiving holiday with the former's parents, Mr. and Mrs. Joseph Callaghan, Alberton.

Mr. and Mrs. Preston Clark and family of Saint John, N. B., spent Thanksgiving with relatives in Alma and Montrose. Mr. Cyril Bernard, Charlottetown, was a week-end guest of his parents, Mr. and Mrs. A. J. Bernard, Alberton.

Mr. M. J. Gallant of the Canadian Bank of Commerce staff at Alberton spent the holidays in Souris. Mr. Ray Callbeck, who is employed at West Prince Dry Cleaners, spent the week-end in Summerside.

Mr. and Mrs. David Hodgson, Alberton, had as welcome week-end guests their nephew and niece, Mr. and Mrs. George Dewar, of Moncton. Dr. and Mrs. Stanley Donald, Moncton, were week-end guests at the home of Mr. G. M. Donald, Alberton.

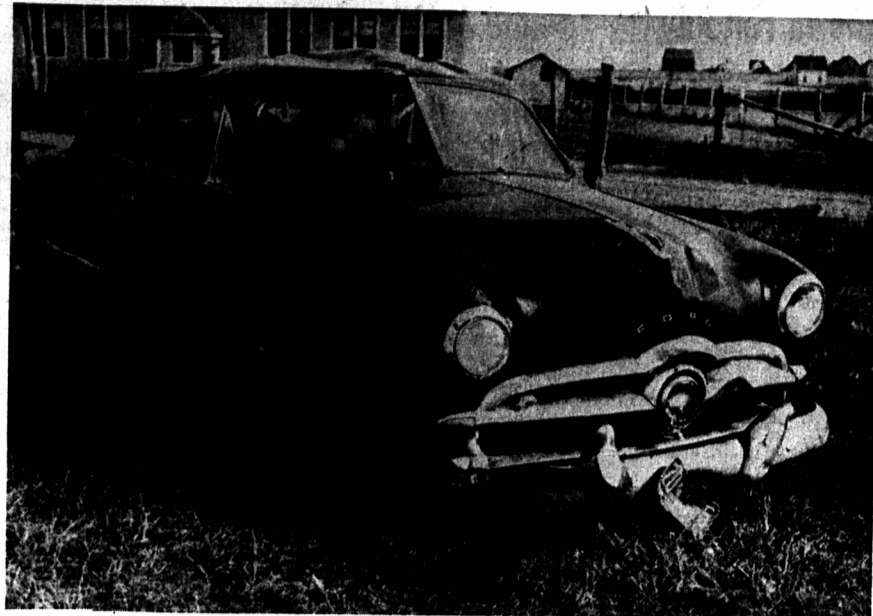

Mr. and Mrs. Gardner Marks, Summerside, spent Thanksgiving with Mr. and Mrs. F. P. Fraser, Alberton. Mr. Lemuel Arsenault spent the week-end at his home in Alberton.

Car In Which Four Men Died

The Black Ford coach in which four men drowned is seen after being hauled from the Little Tignish River into which it plunged late Sunday afternoon, causing the deaths of two brothers, their brother-in-law, and a fourth man, also from Tignish. The right part of the front bumper is twisted away, the right front tire is flat, considerable damage is done to the body, and most of the glass in the car is smashed out. (Photo by Wotton).

Residence At Schurman's Shore Destroyed By Fire

The residence of Mr. Frank C. Bowness at Schurman's Shore, across the Wilmot River from Summerside, was completely destroyed by fire which was discovered about 9:15 on Saturday evening.

There was no insurance on either house or furnishings. The house was located very close to the shore, and only the direction of the strong breeze that fanned the flames towards the harbor water prevented the loss of a nearby cabin belonging to Mr. W. C. Schurman.

The origin of the fire is unknown, as Mr. Bowness left no lights burning and had placed only one stick of wood in the stove before leaving the house. —S.

Ford Plant In Windsor Closed

WINDSOR, Ont. (CP)—Picketing at the sprawling Ford Motor Company of Canada continued peacefully throughout Thanksgiving Day.

About 400 strikers, members of Local 200, United Automobile Workers CIO-CCL, gathered at 22 gates early Monday to relieve the picketers who closed down the giant automotive plant at 10 p.m. EST Sunday night.

The strike started Sunday night in spite of last minute efforts by Ontario Labor Minister Daley and his chief conciliations officer Louis Fine, to find some compromise acceptable to both parties in the dispute.

United Nations, N.Y. (AP)—United Nations employees were told today to put loyalty to the UN above loyalty to their own countries.

They were warned at the same time to steer clear of revolutionary activity aimed at the forcible overthrow of any government—and even of "active criticism of a government."

The advice was given in a new 16-page handbook on behavior titled, "report on standard con-

duct in the international civil service." The report came from the nine-member international civil service advisory board, a permanent body created by the 1946 general assembly.

It was directed at the 5,187 employees of the UN here and abroad and the 5,000 or so employees of 10 affiliated specialized agencies in Washington, Montreal, Paris, Rome, Geneva and Bern.

In case of any conflict between national and international loyalties, the report said, "the conduct of the international civil servant must clearly reflect his obligation to the international organization."

RELIGIOUS MUSIC TROIS-RIVIERES, Que. (CP)—More than 200 persons signed up for courses here and at Shawinigan Falls in Gregorian chant—the choral music used in some Roman Catholic religious services. The two-year course is directed by Claude Tessier of Laval University, Quebec.

Good Shooting Reported From West Prince

—Geese and ducks were more plentiful in the West Prince area than for many years and many gunners obtained the bag limit of eight ducks on Saturday, the opening day of the hunting season. A large number of sportsmen who have been hunting for years bagged their first goose during the holiday week-end. Black ducks were present in good numbers and some mallards. No brant and green wing teal were reported. Apparently hunters concentrated on the ducks and geese and left the upland game birds for a later date as no reports were received on the native and Hungarian partridge population.

To Pull Troops From China Port

LONDON (AP)—Russia has agreed to pull its troops out of Port Arthur, big Chinese naval base in Manchuria, by next June and to extend further credit to Red China, Moscow radio announced Monday night.

A Chinese-Soviet communique said the two countries have agreed to "joint use" of the port, where Russia has been a dominant force since the end of the Second World War. It said Moscow was granting the Peiping regime a long-term loan of 520,000,000 rubles (\$130,000,000 at the Russian-fixed value of the ruble). The Soviets also will furnish technical assistance in building "a further 15 enterprises," the nature of which was not disclosed.

Mr. Smallman On Buying Trip To Montreal

—Mr. W. E. Smallman left over the holiday weekend for Montreal on a buying trip for the store bargain basement. Mr. Smallman said before leaving, that "on the spot buying is your best assurance of genuine good buys, and that where a policy of selling only good quality merchandise as obtains in the new bargain basement set up, you just can't afford not to be particular.

"But," he continued, "you must also buy at the right price, for after all the price is the added incentive for the quick turnover required in a bargain basement operation."

Drop Blood And Plasma To Ship

ST. JOHN'S, Nfld. (CP)—The RCAF Monday successfully dropped blood and plasma to a seriously ill crew member aboard a Panamanian freighter in the gulf of St. Lawrence.

A Lancaster flew through dense fog with medical supplies. A message from the freighter Columbia said a container, dropped by parachute, was easily located.

A similar drop was tried Sunday night but the ship couldn't find the container in dark, choppy seas. The Columbia is bound for Quebec.

Happy Hunting At Smallman's

"A hunting we will go". The hunting season opened with a bang in Smallman's bargain basement on Saturday morning. The cameraman got his first shot a few minutes after ten o'clock as happy bargain hunters crowded the basement aisles—bagging their full quota of value-packed merchandise. "It is conclusive evidence," said Mr. Smallman, "that good quality merchandise, bought right and sold at the right price, is the desired requisite for the operation of a successful bargain basement."
