

THE DAILY EXAMINER

APRIL 8, 1882.

Close of the Session.

At four o'clock this afternoon His Honor the Lieutenant Governor prorogued the Legislature.

The Guard of Honor was composed of a detachment of the Charlottetown Engineers and detachments from Nos. 1, 2, 3 and 4 Companies of the 82nd Battalion, headed by the Battalion Band, under command of Capt. Francis Dougherty; and the salute was fired by a detachment of Garrison Artillery, under command of Capt. Irving.

The following is the Speech with which His Honor the Lieut. Governor closed the Session:—

Mr. President and Honorable Gentlemen of the Legislative Council.

Mr. Speaker and Gentlemen of the House of Assembly.

I cannot relieve you from your attendance in General Assembly without thanking you for the assiduity and zeal by which, during an unusually short session, you have been enabled to bring your onerous duties to a close.

The Session has been fruitful of measures of considerable public importance.

It is much to be regretted, in the interest of morality, that the Bill submitted respecting seduction failed to become law.

Mr. Speaker and Gentlemen of the House of Assembly:

I thank you for the very liberal supplies which you have voted for the use of the public service, and assure you that it will be the aim of my Government to dispense them with due economy.

Mr. President and Honorable Gentlemen of the Legislative Council:

Mr. Speaker and Gentlemen of the House of Assembly:

In now concluding the Session, I have to express the hope that under the Divine blessing you, labors will conduce to the prosperity and happiness of the people of this Province.

The product of the Session is twenty-nine Bills—the Legislative Council having thrown out five, viz.—the Seduction Act, the Act authorizing the sale of Lands in Princetown, the Act to Abolish the Legislative Council, the Cardigan Ferry Act, and the Act to expedite trials. Editorial Extraordinary.

THE MINISTER OF RAILWAYS DEMOLISHED.

"To roar out false statements of fact in public has become with him a confirmed habit, &c. Without knowing the fact, we instanced Massachusetts as really having the position he assigned to this Island, &c., that State having at the present time one mile of railway for nearly every man, woman and child, having no less than 2,675,807 miles, &c."—Summerside Journal, March 30.

"In noticing a small discovery of identity in authorship which we have made and alluded to last week, the Charlottetown EXAMINER'S Manager, if it is he who does so in that journal of 24th inst., &c. Unlike the EXAMINER, the Journal has an Editor whose identity is well known—and when necessary can be made known to others, &c."—Summerside Journal.

Well, well, this style of Editorial composition beats anything that we have ever read. There is nothing like it in literature, unless it be the following lucid and entertaining composition:—

"Once there was an old woman went into the garden to get some cabbage to make an apple pie. Just then a great she bear comes up and pops his head into the shop. 'What, no soap?' So he died, and she married the lemming, and there was present at the wedding the Panjandrum, and the Pinnies, and the grand Panjandrum himself, with the little round button, and they all fell to playing the game of 'catch as catch can,' till the gunpowder ran out of the heels of their boots."

The Mails.

OWING to successive storms, the mails have been greatly delayed this winter; and the people justly complain that when the trains were stopped, sleighs were not put on. Should we ever again have such a winter as the present one, the Government ought to provide the necessary means for carrying the mails as rapidly and promptly as possible.

Montague Notes.

A sleigh load of liquor was in danger of getting too much water one evening last week in its transit from Georgetown to Montague. The horse, etc., with the attendants, went through the upper ice into a pond on Montague River. Fortunately the men escaped with a wetting. The liquor was recovered. Saturday night proved this. The question was asked, Did you meet a sober man on the road?

A man driving in the direction of Georgetown Road, on Saturday evening, was thrown from his sleigh and badly cut about the face. To say he came from Montague explained the matter. He drove a grey horse.

On Tuesday, whilst crossing the bridge over McDonald and McKenzie's pond, near Montague Bridge, a horse belonging to a poor man from Dundee Settlement stepped upon a decayed plank, broke through, fell and broke his leg and had to be shot.

Irish Land League at Monaghan Road.

THE regular meeting of the Fort Augustus Branch of the Irish National Land League, was held at Monaghan Road Schoolhouse, The President, Mr. James Lynn, presided. There was quite a large attendance of both ladies and gentlemen. A large number of new members were enrolled.

Several gentlemen present made excellent and telling addresses. Mr. Thomas J. Cumisky, Teacher, gave a very fine address. Mr. James E. Lavery also offered some very appropriate remarks. Sole readings were given by Mr. Lucius O. Kelly and Michael Lavery. The meeting was interesting and enthusiastic throughout, and perfect order and decorum maintained.

It was unanimously agreed to invite Messrs. P. R. Bowers and Jas. W. Mullally to address the next meeting, which will be held at Monaghan Schoolhouse, on Tuesday evening, next, 11th April, at 4 o'clock.

INDEED I have to ascribe thanks to the miraculous power of St. Jacobs Oil, writes Mr. Theo. Schulze, 601 St. Claude Street, New Orleans, La., that I am to-day among the living. That dreaded disease, rheumatism, is an inherited ailment in our family. I lost a brother in 1868 by it. I also have had this painful malady five or six times, each attack lasting from six to ten weeks, and so severe as to entirely disable me and prevent me from performing the slightest service. The many remedies which I used, and the doctors whom I consulted, failed to cure or even so much as relieve my pains. In the month of October, I was again attacked by the disease, which confined me to bed, and almost crazed me with the severe pains, and no help at hand or promise or hope of any relief. I had often heard of St. Jacobs Oil, but had about as much confidence in it as in the other remedies, which was very little. Impartured by friends, I concluded to try the Great German Remedy, and would thankfully say that it brought instant relief. In a short time I was able to sit up, my appetite returned, and the pain vanished. In a short time I was cured. Since that time I have held the St. Jacobs Oil in highest esteem, and recommend it whenever I can find the opportunity. Thanks to those who introduced to the world this blessing to suffering mankind. Without it what would be the condition of the world to-day?

The Stock Farm and the Hospital for the Insane.

To the Editor of the Examiner.

SIR,—I visited the Stock Farm yesterday, and was greatly pleased with the condition of the stock, and the thrifty way in which the farm seems to be managed. With regard to the new buildings, they are certainly a very great improvement; but I think a mistake was made in not having them shingled instead of batted. The management of the buildings is, in my opinion, excellent; and the men in charge are evidently the right men in the right place.

I also visited the Hospital for the Insane. The Institution is in the best of order; and Dr. Blanchard deserves great credit for his excellent management. Mr. McPhail I have known for years; and I am confident that he will do, to the best of his good abilities, that which is right with respect to the unfortunate patients and to the country, whose efficient servant he is.

I am yours truly, DUNCAN MUNN.

April 6th, 1882.

Bank of Prince Edward Island.

To the Editor of the Examiner.

It is gratifying to know that at the adjourned meeting, on Thursday last, a proposition to raise by donations a sufficient sum to enable the Bank to resume business was made and acted upon. Those who projected the scheme deserve much praise, and prove conclusively on their part at least, a desire to ward off liquidation.

The ominous silence of a number of the Directors cannot be overlooked. While a few of them expressed their willingness to advance large amounts, the balance of the Board remained quite mute. It may be, however, they were considering, and had not fully decided upon the sums required of them. We cannot think that in the present emergency they would withhold any assistance they can render. Others among the Shareholders and Depositors who also volunteered aid, acted manfully. If having taken the initiative in the matter, they form themselves into a Committee and wait upon the moneyed men of the Institution, the required amount would be raised.

Gratifying rumors were in circulation several days ago to the effect that the sons of several of our wealthy citizens (not disinterested) had requested that their portion be placed at the service of the Bank. These amounts supplemented by other liberal donations, would bring about resumption and gladden our people. If a determined effort be made, and the above mentioned end sought, I am not at all fearful of the result.

Yours truly, DETERMINATION.

Ch'town, April 8, 1882.

Bank of P. E. Island.

To the Editor of the Examiner.

SIR,—A number of meetings of the Directors and Shareholders of the Bank of P. E. Island have been held, yet their deliberations are kept profoundly secret, or nearly so. Would it not be well for our people to know the business transacted? Surely others than the Directors and Shareholders are interested. I would like to see a full report published, and to that end would suggest that for the future a representative of your enterprising paper be allowed admission.

By this means many suspicions would be dispelled, and all the transactions recognized as ABOVE BOARD.

Ch'town, April 6, 1882.

To the Editor of the Examiner.

DEAR SIR,—Will you kindly permit me through the columns of your paper to ask the Managing Committee of the Young Men's Christian Association if they ever intend to complete the gymnasium in connection with that institution. Early last winter they induced a number of young men to purchase tickets for it by promising to have a first class rowing-machine constructed, which promise they have never fulfilled. This gymnasium would have been quite a success, not only financially for the institution under whose control it was, but also as a means for affording young men a healthy and innocent recreation, had the Committee acted fairly by providing even a few of the things they promised.

Yours, etc., A MEMBER.
