MECHANICS' INSTITUTE.—Last evening, the Hon. Charles Young, the President, delivered a Lecture on "Physiognomy." He divided his interesting subject into the four following propositions:—

1st, What is Physiognomy?
2d, What is its nature?
3d, How do we know that it exists?
And 4th, Are we not, in our intercourse with society, involuntarily guided by this art?

He then elucidated each question in a very elaborate manner, and interspersed his lecture with some appropriate anecdotes. James D. Haszard, Esq., the Vice Patron, presided, and invited a discussion, which was sustained with much animation, by different speakers.

On Tuesday evening next, John G. Daly, Esquire, will deliver a Lecture "on the Reign of George the Third." As Mr. Daly is a young gentleman of much promise, we trust he will be encouraged in his effort, by giving him a *bumper house*.

On the 20th, William M. Howe, Esq., has promised to lecture. Subject will be hereafter announced; and on the 27th inst., T. Heath Haviland, Esq., may be expected to lecture upon "Magna Charta."—*Com.*

PUBLIC TEMPERANCE MEETING.—On Thursday evening next, the 8th inst., the Third of the series of Meetings will be held. Chair to be taken at 8 o'clock. John Lawson Esq., and Mr. George Millner, will address the meeting. The Choir have in course of practice some new pieces for the occasion. Instrumental music will also be in attendance. A Collection will be taken to defray incidental expenses and to purchase Tracts.

The Courier arrived in town on Monday morning with the bags of English papers left behind from the last mail, having crossed over on Sunday. The Britih mails would be at the Capes on Monday morning. We have heard that the Couriers crossed on Monday, but they have not yet returned.

By Telegraph to the St. John, N. B., News Room.

ARRIVAL OF THE "PACIFIC."

New York, January 25, 1855.

The "Pacific" arrived at New York this morning. The news is important.

The eastern question has assumed an entirely new and most important aspect.

The Czar has accepted not only the four points of guarantee, but also the interpretation thereof, as explained by England, France and Austria; but no armistice is granted, consequently hostilities continue without abatement.

Siege of Sebastopol continues without change up to the 2d.

A terrible inundation had occurred at Hamburg. The Pacific ran into and sunk brig Corinthian in the Mersey. Cargo valued at £20,000. The ship George Canning, from New York, had been lost with, it is supposed, 160 passengers.

MARKETS.—Breadstuffs dull at former quotations. Consols 91⅞.

SECOND DESPATCH.

A second despatch to the St. John News Room says—It is yet doubtful whether Russia's acceptance of the four points is unconditional or with important explanations. The immediate effect of this new phase of affairs was the rise of 2 per cent., but they afterwards fell off.

Prussia claims to take part in the negotiations but declines at present to increase her army.

The Russians have recrossed the Danube, invaded the Dobrudscha and retaken the cities Juntchesa and Kidach.

LATEST—Reported invasion of the Dobrudscha by the Russians doubtful.

The Liverpool cotton market had fluctuated. All circulars quote ⅛d. advance.

DERANGEMENT OF THE LIVER

Is one of the most common, as well as the most formidable of diseases known to American Physicians. It had for years attracted the closest attention of the medical faculty in the United States, and yet up to the time of the discovery of Dr. M'Lane's great Specific, it was almost beyond the reach of medical skil. Thousands had perished without even a hope of relief, and although thousands may yet be destined to feel the direful effects of this most complicated disease it is now, thanks to the research of Dr. M'Lane, most completely brought within the scope of medical control. The proprietors of the Liver Pills feel confident that they offer a remedy which has been fully tested by time, and which has never failed of success when fairly tried.

☞ Purchasers will be careful to ask for *Dr. M'Lane's Celebrated Liver Pills*, and take none else. There are other Pills purporting to be Liver Pills, now before the public. Dr. M'Lane's Liver Pills, also his Celebrated Vermifuge, can now be had at all respectable Drug Stores in the United States and Canada.

There are few things which afford us greater pleasure than sitting down to a notice of the celebrated Hoofland German Bitters, because we are fully conscious we are conferring a public benefit, and our heart tells us that by our notices many have been induced to take these Bitters, and been rescued from death by dyspepsia, liver complaint, &c., for the cure of which it is certain. It is prepared and sold only by Dr. C. M. Jackson, at the German Medicine Store, No. 120 Arch Street, Philadelphia.—Exchange—See advertisement.

☞ THE CHEST. ☜

SIR ASTLEY COOPER, BART., M. D., the eminent Medical Practitioner, has left a valuable legacy to the world, in his GREAT PREVENTIVE OF CONSUMPTION, and *unfailing cure for Pulmonary Diseases*, without the use of Medicine.

Sir A. C. Bart., invented and advised the use of the MEDICATED FUR CHEST PROTECTOR to all persons of all ages and conditions, as a certain and safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, *according to fashion*, and the continual changes of our climate.

"The Protector" is simply a chemically-prepared fur, lined with silk and padded, which, suspended from the neck, covers the chest in so agreeable a manner, that, once worn, it becomes a *necessity* and a *comfort*.

"The Protector," although but recently introduced into America, is making rapid progress through the United States, the Canadas, South America, and the West Indies. It has for a long time been a staple article in England, and on the Continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts, enquire of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, WITHOUT RECOURSE TO DOCTORING of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co., of London, and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the lamented Dr. Cooper, and continue to mafacture according to *his original* instructions, and therefore recommend those who would wear "The Protectors," to see to their being genuine.
