Sense and Nonsense.

It is the cause and not the death that makes the martyr.

A punctual man can always find time, a negligent one never.

Have habits of order, system, regularity, and also promptness.

Openness of heart and gentleness of manner are always engaging.

A penitent's tear is an undeniable ambassador and never returns from the throne of grace unsatisfied.

Whatever stress some may lay upon it, a death-bed repentance is but a weak and slender plank to trust our all upon.

In all worldly things that a man pursues with the greatest eagerness and intention of mind imaginable, he finds not half the pleasure in the actual possession of them as he proposed to himself in the expectation.

On one occasion when the celebrated comedian, John Bannister, was presented to an English woman proud of her ancestry, she inquired of a wit of the day standing at her side, "Who are the Bannisters, are they a good family?" "Yes," replied the wit, "very good indeed. They are closely connected with the Stairs."

A watchmaker in Newcastle, is said to have completed a set of three gold shirt-studs, in one of which is a watch that keeps excellant time, the dial being about three-eights of an inch in diameter. The three studs are connected by a strip of silver inside the shirt bosom; and the watch contained the middle one is wound up by turning the stud above, and the hands are set by turning the one below.

A couple of Days after the Revised edition of the Old Testament was issued, a colored purchaser inquired for a Bible in one of the leading Hartford bookstores, and was shown a number of styles. After looking them over, he selected one, inquiring by the way if it was the Revised edition. "No, sir; it is not," replied the proprietor. "It is the old book." "Well," continued the colored purchaser, "I don't want the Revised edition. The old one is good enough for me."

"Day," as a surname has led to many a joke besides those of the New Hampshire deacon and his six week days and one Son Day. A Rev. Mr. Day, six feet three high, wedded a cousin 5 foot nothing, upon which it was remarked by a man never before known to be guilty of a joke: "The age of miracles has not ceased. "Here is the longest Day and the shortest Day come together."

A member of the same family used to boast she could spell her christian and surname both in two letters—her name was Ellen Day—"L & D."

Another declared—he was never "in the dark"—he enjoyed "perpetual Day."

NOTES.

Not the promissory, but *facts* about WELCOME SOAP, an article that *does not* contain one particle of the adulterations used to reduce the cost of "Pure Goods," but does possess the value of legitimate Washing Qualities, the demand for which proves the advantage gained by the use of the genuine over Soaps of doubtful character. None should be deceived even by Red and Yellow Wrappers, or any of the imitations of the WELCOME, as a pair of clasped hands is stamped on every bar. Made by CURTIS, DAVIS & CO.

HALL'S

HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: *the entire fulfilment of its promises.*

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.
