St. Mary's Convent Holds Closing Exercises

Last evening, in St. Paul's Church, Summerside, the closing exercises of St. Mary's Convent were held in the presence of a large number of the parishioners. Prizes were awarded to the children from grade five to grade ten by Rt. Rev. G. J. MacLellan, V.G., who in his address to the students congratulated them on the work they had done during the year and in a special manner those who had won prizes and those who had put forth an honest effort.
"Not everyone can be first," he said. "You have been given different talents and you must use those talents to the best of your ability." Monsignor MacLellan paid high tribute to the Sisters of the Convent who by their unselfish efforts have given a good Christian education to the children under their charge.
"We owe a great deal to them," he reminded the parents; "and all that we can give them in return is our thanks and our gratitude. They have had great success because their efforts have been directed towards your own good, the Christian foundation of your character."
In conclusion he pointed out that there is no royal road to learning. Ambition and industry are the essential requirements and parents should endeavor, he said, to instill these virtues in their children.
Congratulations were also extended by Rev. Father MacLeod and Rev. Father LeClair who expressed the hope that the students would have a pleasant holiday and be back again to resume their studies at the beginning of the school term in the fall.
Those who received graduation diplomas in grade ten were as follows: Marie Doris Poirer, Marie Evelyn Peters, Mary Leah DesRoches, Lorrinda Ann Gallant, Mary Audrey Graham.
The exercises closed with the Rosary and the Benediction of the Blessed Sacrament with the Girls Choir in attendance.—S

Mr. D. O. Stewart was chairman, and paid tribute to the supervisor and teaching staff, the Summerside service clubs, and the Department of Education for their efforts and interests on behalf of the school and its students.
Mr. Clarence Mercer, supervisor of the High School, announced that the certificates were being presented to the first class of graduates from the two year commercial training course.

Pearson Tells Of New Approach In Korean Talks

OTTAWA, June 20.—(CP)—External Affairs Minister Pearson said today a new approach to the key prisoner-of-war issue is under consideration and that it might conceivably solve the Korean truce-talks impasse.
It involves an international screening of Red prisoners.
At the same time, speaking in a common foreign-policy debate, he hinted that the U. N. members would not hobble themselves in meeting a new Communist aggression in Korea as they did in meeting the first—when they confined their counter-blow to the peninsula itself.
The debate followed an unusual degree on the Far East but George Drew, Progressive Conservative leader, emphasized the vital importance of Europe in arguing that nothing less than the full and effective use of the strength of the Western world will prevent another general war.
Mr. Drew expressed concern that the cabinet is not keeping the public informed on the true perils of the day and said the house was discussing nothing less than survival itself in an atmosphere of complete unreality.
Mr. Pearson estimated the chances for a Korean truce at 50-50.
