

MacDonald and MacDonald Retain Council Seats

SUMMERSIDE BUREAU OF THE GUARDIAN
Councilors Leo Wood and D. Alice MacDonnell, representing the West and East wards respectively, were re-elected to office in a close election here yesterday.
Coun. Wood received 21 ballots of the 877 cast in his ward with Denis Dolan, his lone opponent, drawing 233 votes, giving Mr. Wood a majority of 28 since three ballots were spoiled.
Coun. MacDonnell received 21 votes against 179 for his lone opponent, Harold Matthew in that ward, leaving Mr. MacDonnell with 22 votes for his margin of victory, three having been one spoiled ballot.
A total of 63 ballots were entered here. Mr. MacDonnell and Mr. Matthew ran opposite one another in a by-election last June, when Coun. MacDonnell won by a margin of only 29

votes. That election was brought on by the death of Coun. Llewelyn Rogers.
Although this terminates a year of serving on the council for Mr. MacDonnell, he has in effect served only eight months. Yesterday's re-election for him begins a new two-year term.
Coun. Wood is now holding his fourth term of office representing the West Ward. It was the first venture into politics for his opponent, Denis Dolan.
There was no contest in the Centre Ward as Coun. Garret Ross was elected by acclamation on nomination day.
Voting was very light during the election yesterday. There were more than 1,000 eligible voters in the East Ward with only 451 casting their ballots. The West Ward had more than 1,300 eligible voters with 557 exercising their franchise there.

MISS FLORA Ann Campbell, 100-year-old patient at the Sacred Heart Home, was one of some 140 staff members and patients given chest x-rays yesterday with equipment temporarily installed at the home. The service is a winter project of the P.E.I. Tuberculosis League, a

Elderly Inmates Get Chest X-Rays

Patients and staff of the Provincial Home for the Aged, Beach Grove Inn and the Sacred Heart Home will receive chest x-rays during February and March. This service is one of the annual winter projects of the P.E.I. Tuberculosis League.
Late in November 1962, a mobile x-ray apparatus was removed from the van so that during the winter months it could be placed indoors so that old people can be taken by their chair or stretcher for their x-rays, a far greater number of old people can be screened by this method.
In contradistinction to the current impression, tuberculosis now-days affects chiefly those in the older age group. At present there are 12 persons over 70 years of age under treatment at the sanatorium.
"It is mandatory that we keep up a careful search for the presence of active tuberculosis which lurks among the aged, in an effort to prevent spread of the disease, not only to others in their own age group but also to those in the younger age group who are attending them," Dr. Eric F. Found, director of tuberculosis control, stated.
These surveys are under the direction of the division of tuberculosis and are conducted by Miss Blanche Chown, seal sale secretary of the League; Wallace Thompson, senior x-ray technician; and Mrs. J.E. Cook, junior x-ray technician, division of tuberculosis control.
A total of 117 patients at a staff at the Provincial Home for the Aged were x-rayed Feb. 20th and arrangements are being made to carry out a similar survey at Beach Grove later next week.
The annual report shows that 21 patients were admitted for treatment at the sanatorium last year. Ten of these were under nine years of age, 11 in the 10 to 29 years age group, 14 in the 30 to 39 age group, 29 in the 40 to 49 years age group and 17 in the 50 to 90 group.

St. Mary's Convent To Stage Sports, Fancy Dress Carnival

SUMMERSIDE — St. Mary's Convent in Summerside will sponsor a fancy dress carnival and sports program at Summerside Stadium Saturday, March 16, at which prizes will exceed \$200.
In addition to students of local schools, those who kinetically resemble lizards but lack the lizards' scales and claws. Because salamanders are amphibians, as are human beings, the Russians speculated about quick-frozen astronauts. Moscow said it previously had not been believed that vertebrates could survive lengthy hibernation, adding:
"We already know that it will take months, even years, to reach other planets. The crew will need to carry with them vast quantities of food, oxygen and so forth. That in truth will make necessary spacecraft of incredible size."
"However, if the crew members were in a state of analysis (deep hibernation) they would need neither food nor oxygen. What is more the body in such a state is better able to resist the worst infectious diseases than in an ordinary state."
"It is, of course, presumed here that the astronauts will be automatically reanimated at the craft draws near the planet."
CREATURES REVIVED
Dr. Ostrum, assistant curator of vertebrate paleontology at Yale's Peabody Museum, said simple organisms have been frozen and revived. But he knew of no example of a higher animal such as a vertebrate frozen.
The biggest difficulty is that ice around the cells would not melt uniformly. Cells in some critical part of the body might die for lack of nourishment since the animal would have no circulation until fully thawed.
Similarly, Dr. Ryan, chairman of the department of zoology at Columbia, said chances were 1,000,000 to one against the Soviet salamanders having been frozen for 5,000 years.
Successful freezing of a living thing for prolonged periods, he maintained, requires a state of freezing of the entire body, and he found it difficult to believe that this occurred in the salamanders.

Legislature Will Open March 14

Premier Walter R. Shaw announced yesterday that the provincial legislature will open at 2 p.m., Thursday, March 14. He said the decision was reached at yesterday morning's meeting of the cabinet.
In the 30-member house, Premier Shaw's Conservatives hold 19 seats, while Liberals, under Opposition Leader A. W. Matheson, have 11 seats.

Gerald Martin, Halifax, N.S., president of APEC, will meet here March 4, and will speak to the Charlottetown Rotary Club and the Summerside club Monday and Tuesday, it was learned yesterday from William Stewart, APEC vice-president for P.E.I.
Mr. Martin is a past president of the Institute of Chartered Accountants of Nova Scotia and a past president of the Canadian Institute, a governor of King's College and Dalhousie University, and a director of the Canadian Overseas Telecommunication Corporation.

Rev. W.R. Auld Island Native, Dies In Ont.

KENSINGTON — The death of Rev. Walter R. Auld, 75, associate minister at Lindsay, Ont., United Church, occurred suddenly yesterday at Lindsay. A native of Summerside, P.E.I., he was the son of the late Mr. R.A. Auld, his wife, and two sisters and a brother, predeceased him.

The late Mr. Auld was pastor of the United Church, Midland, Ont., for 26 years, which record honored by services by this congregation by dedicating the chapel of their remodelled church in his name.
After graduation from Dalhousie University and Pine Hill Wesleyan Hall, he served at a number of Maritime churches before moving to Ontario.
Mr. Auld had several surviving relatives in Prince Edward Island, including Dr. Eric Found, Albert Stewart, Charlottetown, Robert Schurman, Freeport, Rev. Walkton MacGowan, Summerside, and Everett T. Schurman, Freeport.
Arrangements have been made for a short funeral service at Lindsay, Thursday, followed by services at Midland United Church, Friday, with interment at Midland.

New Battle Over Birth Control

Should birth control knowledge and the means to make it effective be made available to all families who want it? Who in the community should supply the information? Read in March Reader's Digest about the bitter conflict raging over this complex issue.
"A native of Ontario," "barbed at Toronto and the bands," said Philip, who was struck, on the head, bound, and shoved in a closet. Bloodstain is shown in right foreground.

IN THE DOG HOUSE

netted four guinnies \$50,000 in a row. Boy's son Philip, 24, Toronto, told the "Rambler" that he and his brother, "barbed at Toronto and the bands," said Philip, who was struck, on the head, bound, and shoved in a closet. Bloodstain is shown in right foreground.

S'ide Mayor, Deputy Will Travel To Boston

SUMMERSIDE — Summerside's mayor and deputy mayor will travel to Boston next week for the NHL game between the Bruins and Detroit Red Wings. The Summerside team will leave on Sunday night for Boston and return on Friday. Mayor Morrison will be accompanied by his wife, Mrs. Morrison, and Deputy Mayor George A. Key, accompanied by his wife, Mrs. Key. The team will also include a local radio station, WJLB, which will be broadcasting the game. They will accompany the Summerside team to Boston and their motoring excursions to the NHL game between the Boston Bruins and the Detroit Red Wings on Sunday night.
It was learned yesterday that the Summerside team will have additional local support from Mr. and Mrs. Peter Pope who will be motoring to Boston to attend the game. The team will also include a local radio station, WJLB, which will be broadcasting the game. They will accompany the Summerside team to Boston and their motoring excursions to the NHL game between the Boston Bruins and the Detroit Red Wings on Sunday night.

Classroom For Retarded Is Arranged

SUMMERSIDE A meeting of the Summerside branch of the association for Retarded Children was held in the civic building last evening with the president, J. Watson MacNaught, QC, presiding.
Mr. MacNaught told the meeting that preparations were completed for the opening of the classroom for retarded children in the Summerside Elementary School, Monday, April 11. A school committee consisting of Mrs. L. Lewis, Mrs. Earle Corney and Edward Gaudin was appointed to assist the teacher, Mrs. Marjorie Stewart, during the first days.
Mr. MacNaught reported that the drama society of St. Dunstan's University would present

BIRD'S BEST BUDDY PROVIDES FOOD

Romeo Delids, foreman of the suburban Riverside Board of Works, at Windsor, O., has started his own backyard bird sanctuary. For 25 years he has been feeding feathered folk like this female crow. Blacky. This year he spread out 25 ears of corn and 10-15 leaves of bread per week. (CP Wirephoto)

STORM TO HIT THIS MORNING

At midnight last night, the meteorologist at the Charlottetown radio range, reported the temperature had dropped to six degrees above, and winds were blowing from the west-northwest at 5 m.p.h. with no squalls in evidence.
According to the aircraft forecast issued shortly before midnight, the expected northeaster, with its four to six inches of snow, was anticipated to hit this area about dawn today.
For the first few hours, winds with this storm are forecast to be 15 m.p.h. gusting to 25 but as the day progresses it will increase, still from the northeast, 30 m.p.h. gusting to 45 or 50.

S'ide Man Wins Dismissal Appeal

SUMMERSIDE — The appeal of Harold R. Milligan of Summerside against dismissal from the civil service position of deputy probationary of the Supreme Court for Prince County and clerk of the county court of the first circuit of Prince was allowed by the full bench on Friday with Chief Justice Campbell presiding.
The judgment of the court was that the appeal be allowed and the order-in-council of Dec. 20, 1962, for the attempted compulsory dismissal of the appellant under the guise of retirement, be suspended and the appellant be restored as a permanent civil servant in his position as deputy probationary and clerk of county court in Summerside.
Mr. Justice Mark MacGowan and Mr. Justice George Tweedy concurred in the judgment.
R.S. Hinton, QC, was counsel for the appellant. Mr. Milligan and the order-in-council of J.A. McLaughlin acted for the executive council.

Multiple Sclerosis Society Told Of Role Of United Fund

The United Fund can play an important part in providing maximum aid to those fighting incurable diseases, members of the Multiple Sclerosis Society were told at last night's annual meeting in the Charlottetown Hotel.
Guest speaker, Jack Ambler, executive director of the United Fund, said over \$25,000 had been raised in the recent campaign on behalf of health and welfare agencies of the province.

Physical Culture Centre Planned

The Royal Gazette has announced that letters patent have been issued for the incorporation of a physical culture center. The center will be located in the Civic Auditorium, Monday, March 11, in aid of retarded children.
Plans were made for the advance sale of tickets and other matters in connection with the production of this play.
