PROWSE BROTHERS,
FOR ULSTERS CHEAP.

THE DAILY EXAMINER

DECEMBER 4, 1900.

THE PORK INTEREST.

The pork interest is a highly important one. The production of pork of the best quality is a matter concerning which the farmers of Prince Edward Island may well cooperate. In this connection, the remarks of Mr. James Courtenay before the Stock Breeders' Association are worthy of republication and special consideration. Mr. Courtenay said:

"There were many farmers in Canada that were not raising the best hogs. He had seen soft Canadian bacon in England selling two to four cents under the price of the best Canadian. The farmer who produces the best hogs undoubtedly suffers because of this difference in grades. The difference must come out of the general price paid to the farmers, for the curer has to protect himself. The man who produces the soft pig is robbing his neighbor. In the factory in which he is interested the pigs will be graded and the farmer sending the best will receive the highest price. It is the intention at Brantford to pay for the hog's dead weight, and then the farmer producing the best hog will get the best price, and the farmer who produces the soft will get a soft price—such as he deserves."

It seems to us that the conditions referred to by Mr. Courtenay might be changed by co-operation on the part of our farmers. If the farmers of a locality were to combine to breed and feed upon scientific principles, a low quality of pork would not be produced in that locality. Pork dealers would soon find this out, and the farmers of that locality would receive better prices than those of other localities in which soft pork and hard pork are produced indiscriminately.

MR. ARTHUR PETERS' POSITION.

The attention of the electors of St. Peter's District is respectfully directed to the following extract from the report of the speech of Mr. Arthur Peters on the Draft Address. Mr. Peters said:

"The sum spent each year on education was upwards of \$125,000,—more than the Province could afford. This expenditure must be cut down. There are too many schools, and the people know this. There must be a reduction. THIRTY-SEVEN OR FORTY SCHOOLS IN THIS ISLAND WOULD BE SUFFICIENT. SEVERAL SMALL SCHOOLS might be replaced by ONE LARGE ONE. This would mean a reduction in the number of teachers, and there would be a consequent decrease in the expenditure."

What do the people of St. Peter's, and of Prince Edward Island as a whole, think of this proposal—which Mr. Peters will, of course, have carried into effect if he should become Attorney-General?

NOTES AND COMMENTS.

MR. PATON is canvassing for a "clean election." Honest and independent voters appreciate this. The canvass is telling against the corrupt practices of the government candidates. They feel the pinching of the shoe. Hence the Patriot's attack on Mr. Paton.

ELECTORS are told that one of the reasons why they should vote for a continuance of the same kind of government as we have had is "because the Farquharson government has a record for honest, economical and business-like administration." For how business-like see the Stewart-Farquharson correspondence.

It is reported that the health of Queen Victoria, notwithstanding certain rumors to the contrary, is most excellent. She has borne the strain of the Transvaal war and the grief of personal bereavement in a manner most gratifying to her immediate family and the whole nation. Barring a slight weakening of her eyesight, Her Majesty seems physically as strong as she has ever been. Her intellectual faculties have suffered no impairment, and her will power was never firmer than it has been during the last few months.

At Brudenell, on Tuesday, Nov. 27th, Ronald A. J. McAulay, son of the late Michael McAulay, in the forty-second year of his age, much and deservedly regretted by all for his quiet unassuming character and gentle disposition. May his soul rest in peace.

At North Rustico, on the 17th ult., George Budd, aged 84 years, leaving one daughter. Deceased was a native of Brighton, Eng., and came in 1849 to Fredericton, Prince Edward Island, whence he removed in 1855 to North Rustico. He was the first postmaster of North Rustico, and retained that position till his death.

—Physical development.—I will open my physical development class on Tuesday, Dec. 11th. A few more pupils can be accommodated. Besides giving a thorough course of club swinging, I will develop every muscle in the body with my exercising machines, which I will furnish. Parents of delicate children should send them to this class. Best of management and good results guaranteed. For references apply to Mr. L. B. Miller, and D. A. McKinnon, druggist. Special hours on application. Louis McIntyre, city.—3 ia.

WEDDING BELLS.

Cupid, always on the alert in all places and at all times, did not forget to visit Burke's Road, and after hovering around for some time was at length successful in making four hearts beat as two. The persons whom he caused to form the unions were Prof. Charles Farrell, of Sturgeon, a graduate of the Halifax School of the Blind, and Miss. Mary Gallant, a graduate of Fall River Hospital, U. S. The other contracting parties were Mr. Angus Polycarp foreman of Lincoln's Mills, N. H. and Miss Isabella Thoff, who has recently returned from the Paris Exhibition. The happy events took place at the beautiful church of St. Alex's, Rollo Bay, on Tuesday, Nov. 20th. The nuptial knot was tied by Rev. Dr. Walker, P. P. Prof. Farrell was assisted by Mr. Leo Doucette, School Teacher of New Acadie, and Miss Lourine Liac acted as bridesmaid. The bride was given away by her father, and Mr. John J. Gillis, of Hay River, conducted the Professor to the altar. The bride looked charming dressed in a suit of yellow, with hat to match. The bridesmaid was dressed in red silk trimmed with white. Mr. Polycarp was assisted by Mr. Jerome Gallant, and Miss Martin did honors for the bride. After the ceremony the happy couples drove to the Swallow House, Souris, where dinner was partaken of. At four o'clock they repaired to Burke's Road to the residence of Mr. John Anderson, where they were received by a large number of invited guests. After partaking of supper served in Mrs. Anderson's best style, the sound of the violin called them to the dancing room, and there all tripped the light fantastic to the choice music rendered by Messrs Joseph Christian and Paul Martin. Both couples were the recipients of many costly presents which testified to the high esteem in which they are held. Mr. Polycarp and bride, left Thursday morning for their future home in Lincoln, N. H. The Professor and bride also left the same morning for Montreal and Quebec on their honeymoon. Congratulations.

PARALYSIS CURABLE.

Stricken Ones to be Seen Everywhere—This From of Living. Death Cured by Dodd's Kidney Pills.

The most startling example of human helplessness is the paralytic. The victim excites your commiseration, but resents your pity. He of the palsied hand stiffly pressing the benumbed side is to be seen everywhere we go.

The most convincing proof that this pitiable condition is the outcome of kidney disease is the fact that Dodd's Kidney Pills cure it. Not generally recognized as a kidney disease, it succumbs to kidney treatment.

Did you ever know of a cure? Just think a moment! If you do it must have been the work of Dodd's Kidney Pills, for no other medicine ever yet cured.

Hot milk in coffee is worth twice as much as cream.

A Tonic for Mothers.

The happiness that comes to a house with baby's advent is too frequently shadowed by the ill-health or weakness of the mother. To restore the mother's strength, to bring back vigor and energy, and to sustain her during the nursing period, Dr. Chase's Nerve Food is undoubtedly the most effective preparation obtainable. It makes the blood rich, revitalizes the nerves, and has a wonderful restorative influence on the whole system. 50 cents a box, all dealers.

At a meeting of the British Cabinet no official record of any kind is kept of the proceedings.

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25 cents. E. W. Grove's signature is on each box.

An Honorable Medicine

That appeals to the best judgment of the best people is Dr. Chase's Kidney-Liver Pills, the greatest prescription of Dr. A. W. Chase, the famous Recipe Book author. By acting directly and specifically on the liver, kidneys and bowels, this popular family medicine thoroughly cures liver complaint, biliousness, kidney disease, constipation and the accompanying pains and aches. Dr. Chase's Kidney-Liver Pills act promptly, pleasantly and naturally. One pill is a dose, 25 cents a box.

Stinging Chilblains

As distressing and annoying as are Chilblains they can be immediately relieved by the application of Dr. Chase's Ointment. Try it when you have red red with itching, stinging feet and expect to spend a sleepless night in suffering. Such a trial will convince you that as a cure for Chilblains Dr. Chase's Ointment is the standard of excellence. It is the world's greatest cure for all itching of the skin.
