MOFFAT'S

VEGETABLE LIFE PILLS AND PHOENIX BITTERS

THESE superlative Family Medicines have long since acquired an established reputation for direct and invariable efficacy in all the prevalent and ordinary diseases, as well as in many others of a peculiar and aggravated character. Their virtues are proved by the voluntary testimonials of the persons they have cured, and who accompany their certificates with their names and places of residence. These certificates now amount to thousands, being hundreds to each particular kind of disease. They embrace the most frightful and inveterate cases of *Scrofula*, *Piles*, *Dyspepsia*, *Jaundice*, *Bilious* and *Liver affections*, *acute and chronic Rheumatism*, *Asthma*, *Bronchitis*, *Scrofula* as well as *Mucous Consumption*, *habitual Constipation*, *Worms*, *Stomach and Bowel complaints* of all kinds, headache, giddiness and nervous debility, *eruptive diseases*, and the clouded, sallow, unhealthy appearance of the skin, arising from various causes of ill health, *Fever* and *Ague* of every variety, settled pains in the side, back, organs and limbs, humors, ulcers, *fool breath* and *inward fever*, night sweats, and general weakness and *loss of appetite*, the *mumps*, *swollen face* and *gums*, affections of the *bladder*, *kidney*, *spleen* and *pleura*, and the *sickness incidental to females*, together with very many other maladies which cannot be here enumerated. The certificates of cure in all these diseases are innumerable, and clear, direct and explicit in description, and coming as they do, in every case, from the persons cured, they are indisputable and conclusive in authority. These inestimable medicines should therefore be kept by every family and grown person in the Union, as they will be found to be not only the best remedies for disease, but also its most certain preventatives, and the surest renovators of sound, cheerful and elastic health. They are singularly mild and agreeable in their operation, and though perfectly effectual, never occasion even the temporary prostration and nausea which always follow the use of coarse drastic purges and the use of calomel. Prepared wholesale and retail by Dr. Wm. B. Moffat, 375 Broadway, New York. For sale also by the agents.—New York, May 30.

THE FAMILY LIFE MEDICINES.

THE celebrated *Life Pills* and *Phoenix Bitters*, prepared and sold by Dr. Wm. B. Moffat, 375, Broadway, New York, may now be said to be the most respectfully established and extensively adopted family medicines in the United States. They have not only won the sanction and recommendation of all the candid and philanthropic portion of the medical profession, who have observed their invariable efficacy in general derangements of the stomach and bowels, and their astonishing effects in many varieties of acute and chronic disease, but what is far better, these medicines have recommended themselves, and fully and fairly achieved the distinguished and now certainly pre-eminent position which they now occupy in public and domestic estimation. They are proved by their works, and make no appeals to vulgar credulity. If the proprietor were disposed to make an invidious comparison between these self-established medicines and any others, he might confidently assert and challenge contradiction that there is no medicine known to the medical profession, or named in their books, concerning which so many clear, unquestionable and conclusive evidences of usefulness and remarkable cures are recorded, as those which he can adduce concerning the *Life Pills* and *Phoenix Bitters*. It is admitted that sufferers are the best judges as to whether a remedy has relieved them and restored them to health and strength, then is the evidence in behalf of these medicines decisive and irresistible. Dr. Moffat is in possession of an immense accumulation of voluntary testimonials from respectable persons and families in all parts of the Union, far and near, who give their names and residence to the unsolicited statement that they have been completely and speedily cured of the following diseases, and of many others not here enumerated, by these Life Medicines alone, when other medicines had been long employed in vain, viz: *Scrofula*, in its most dreadfully advanced and destructive stages, when large portions of the flesh and bones of the face had been destroyed; *Piles* of five, ten, twenty, thirty and even thirty-five years standing; *Rheumatism*, both acute and chronic, of the most hopeless character; *Turgescence of the Liver*, and various other liver complaints; *Bilious Cholice*, and every conceivable variety of bilious affections; *Marasmus Tabes*, or *Decline*, and *Marasmus Phthisis*, or *Consumption*, in more advanced stages than any on record; *Dyspepsia*, in all its chronic and acute varieties, with its frightful and distressing symptoms; *Worms* of all kinds, both in children and grown persons. *Diarrhoea*, both serious and bilious; *Constipation*, both habitual and occasional; *Fever* and *Ague*, in its three principal varieties, and intermittent and remittent fevers, of all kinds; *Hypochondriasis*, and other extremely complicated nervous affections, with nervous debility in general; *Salt Rheum*, *Running Scald*, and *eruptive diseases* generally, including *Eosanthesis*, *Erysipelas* or *St. Anthony's fire*, and *sallow*, *unhealthy complexion*; *Palpitation of the heart*, and *Determination of blood to the head*, settled pains in the organs, limbs, back, head and side; affections of the bladder, kidneys, spleen, throat, and pleura; jaundice, dropsy and gout; together with those general affections of the system which arise from complicated causes.

The certificates of these cures are in the proprietor's possession, and will readily be shown to all who desire to see them. A small selection from them have been published in Moffat's Medical Manual, of which a new and enlarged edition is preparing for the press. The reason why these medicines, which in ordinary family use operate merely as mild and effectual laxatives, cure so great a variety of formidable diseases is, that while as cathartics, cleansing the alimentary canal, and relieving the liver and the absorbent vessels of all impurities, they lay the foundation for the cure of all specific diseases, they are compounded of unique and unprecedented variety of choice and exquisite ingredients, some of which are almost unknown to the profession, which exert a specific action upon many complaints, without in the slightest degree affecting the general system, otherwise than as simple purifiers, when those complaints are not present. Both the Pills and the Bitters are mild and agreeable in their operations, causing neither prostrations nor nausea, and requiring neither cathartics, cleansing the alimentary canal, and relieving the liver and the absorbent vessels of all impurities, they lay the foundation for the cure of all specific diseases, they are compounded of unique and unprecedented variety of choice and exquisite ingredients, some of which are almost unknown to the profession, which exert a specific action upon many complaints, without in the slightest degree affecting the general system, otherwise than as simple purifiers, when those complaints are not present.
