Pappas was struggling through heavy traffic with his 35-foot-long tractor-trailer unit when he had occasion to change lanes. He heard a loud click and his trailer went past him along one-way Church Street.

The driver pressed down on his accelerator and raced after the trailer, sidestepping a parked car in the process. He got his front end unit in front of the runaway trailer and braked it safely to a stop, just 20 feet from the intersection with busy Canal Street.
